A BILL TO BE ENTITLED

AN ACT TO ESTABLISH PREKINDERGARTEN PROGRAMS IN THE PUBLIC SCHOOLS.

The General Assembly of North Carolina enacts:

Section 1. Chapter 115C of the General Statutes is amended by adding a new section to read:

"§ 115C-81.2. Prekindergarten programs.

(a) The Department of Public Education shall establish and implement high quality, developmentally appropriate prekindergarten programs for the public schools of the State. The Department of Public Education shall also establish criteria for high quality, developmentally appropriate programs. These programs shall be provided for economically disadvantaged four-year-old children who are at risk of school failure. As used in this section, an economically disadvantaged child is a child from a family whose income is below the federal poverty level.

During the 1991-93 biennium, the Department shall solicit proposals from local school administrative units and select such units as it may determine, so as to provide services to one-half of the children who are determined to be eligible for such services. It is the intent of the General Assembly that funds be appropriated in the 1993-95 biennium to extend this program to the remaining eligible children in the State.

(b) Local school administrative units may operate programs for children who reach their fourth birthday on or before October 16 of the year of enrollment. Local

1 school administrative units may apply to the State Board of Education for funds to
2 operate such programs. The State Board shall select local school administrative units
3 for funding from recommendations made by the Superintendent of Public Instruction.

4 (c) Local school administrative units may use funds provided under this section
5 to operate prekindergarten programs for economically disadvantaged four-year olds.
6 Funds may also be used for extending the program day and to provide services to the
7 parents of the children served by the program. These services may include nutrition and
8 health care, assistance in obtaining employment, budget management, tutoring in
9 reading, and assistance in attaining a high school diploma."

10 Sec. 2. G.S. 115C-364 reads as rewritten:

11 **"§ 115C-364. Admission requirements.**

12 A child, to be entitled to initial entry in the public schools, must have passed the fifth
13 anniversary of his/her birth on or before October 16 of the year in which the child is
14 presented for enrollment, and must be presented for enrollment during the first month of
15 the school year. The initial point of entry into the public school system shall be at the
16 kindergarten level: Provided, that if a particular child has already been attending school
17 in another state in accordance with the laws or regulations of the school authorities of
18 such state before moving to and becoming a resident of North Carolina, such child will
19 be eligible for enrollment in the schools of this State regardless of whether such child
20 has passed the fifth anniversary of his birth before October 16. A child may be enrolled
21 in a prekindergarten program operated by the public schools if such child has passed the
22 fourth anniversary of his/her birth on or before October 16 of the year in which the child
23 is presented for enrollment in the prekindergarten program. If the principal of a school
24 finds as fact subsequent to initial entry that a child, by reason of maturity can be more
25 appropriately served in the first grade rather than in kindergarten, the principal may act
26 under the provisions of G.S. 115C-288 to implement this educational decision without
27 regard to chronological age. The principal of any public school shall have the authority
28 to require the parents of any child presented for admission for the first time to such
29 school to furnish a certified copy of the birth certificate of such child, which shall be
30 furnished by the register of deeds of the county having on file the record of the birth of
31 such child, or other satisfactory evidence of date of birth."

32 Sec. 3. G.S. 115C-84(a) reads as rewritten:

35 local boards of education for all public schools in their respective local school
36 administrative units, and the minimum time for which teachers shall be employed in the
37 schoolroom or on the grounds supervising the activities of children shall not be less than
38 six hours: Provided, the several local boards of education may adopt rules and
39 regulations allowing handicapped pupils, prekindergarten and kindergarten pupils, and
40 pupils attending the first, second, and third grades to attend school for a period less than
41 six hours. The superintendent of the several local boards of education, in the event of an
42 emergency, act of God, or any other conditions requiring the termination of classes
43 before six hours have elapsed, may suspend the operation of any school for that
44 particular day without loss of credit to the pupil or loss of pay to the teacher."

6 limited to transportation to and from such school for the regularly
7 organized school day, and from and to the points designated by the
8 principal of the school to which such bus is assigned, for the receiving
9 and discharging of passengers. No pupil or employee shall be so
10 transported upon any bus other than the bus to which such pupil or
11 employee has been assigned pursuant to the provisions of this Article:
12 Provided, that children enrolled in a Headstart program which is
13 housed in a building owned and operated by a local school
14 administrative unit where school is being conducted may be
15 transported on public school buses, so long as the contractual
16 arrangements made cause no extra expense to the State: Provided
17 further, that children with special needs may be transported to and
18 from the nearest appropriate private school having a special education
19 program approved by the State Board of Education if the children to be
20 transported are or have been placed in that program by a local school

22 such children with a free appropriate public ~~education~~-education:

28 "(e) When the Commission requires immunization against a disease not listed in
29 paragraph (a) of this section, or requires an additional dose of a vaccine, the
