16 pledged in payment of bonds or notes under a special obligation agreement pursuant to
17 G.S. 160A-480.10(b) remains pledged for that purpose until the bonds or notes

20 **"§ 160A-480.6. Dissolution of Authority.**

21 The governing body of the Authority shall dissolve the Authority when it determines
22 that the purposes for which the Authority was created have been substantially fulfilled

25 dissolving the Authority, the title to all funds and other property owned by the Authority
26 at the time of dissolution shall vest in the Board of Governors of The University of
27 North Carolina or in the member units of local government in the manner specified by
28 the charter.

29 **"§ 160A-480.7. Construction contracts.**

30 Article 8 of Chapter 143 of the General Statutes applies to a construction contract of
31 the Authority. The Authority may solicit bids on the basis of separate specifications for
32 the branches or work described in G.S. 143-128(a) and on a single-prime contract
33 basis and accept the lowest bid.

34 **"§ 160A-480.8. Seating at regional facility arena.**

35 The Authority shall ensure that at least fifty percent (50%) of the seats for an athletic
36 event that is sponsored by North Carolina State University and is held at the arena of the
37 regional facility are made available to students at North Carolina State University and
38 members of the general public.

39 **"§ 160A-480.9. Bonds.**

40 (a) Terms. – The Authority may provide for the issuance, at one time or from
41 time to time, of bonds or notes to carry out its corporate purposes. The principal of, the
42 interest on, and any premium payable upon the redemption of the bonds or notes shall
43 be payable from the proceeds of bonds or renewal notes, or, in the event bond or
44 renewal note proceeds are not available, from any available revenues or other funds

1 provided for this purpose. The bonds or notes of each issue shall be dated and may be
2 made redeemable prior to maturity at the option of the Authority or otherwise, at one or
3 more prices, on one or more dates, and upon the terms and conditions set by the
4 Authority. The bonds or notes may also be made payable from time to time on demand
5 or tender for purchase by the owner upon terms and conditions set by the Authority.
6 Notes and bonds shall mature at times determined by the Authority, not exceeding 40
7 years from the date of issue. The Authority shall determine the form and the manner of
8 execution of the bonds or notes, and shall fix the denomination of the bonds or notes
9 and the place of payment of principal and interest. In case an officer whose signature or
10 a facsimile of whose signature shall appear on any bonds or notes shall cease to be an
11 officer before the delivery of the bond or note, the signature or facsimile shall
12 nevertheless be valid and sufficient for all purposes the same as if the officer had
13 remained in office until delivery. The Authority may also provide for the authentication
14 of the bonds or notes by a trustee or fiscal agent.

15 Bonds or notes may be issued under this Part without obtaining, except as otherwise
16 expressly provided in this Part, the consent of any department, division, commission,
17 board, body, bureau, or other agency of the State or a political subdivision of the State,
18 and without any other proceedings or conditions except as specifically required by this
19 Part or the provisions of the resolution authorizing the issuance of, or any trust
20 agreement securing, the bonds or notes.

21 Prior to the reparation of definitive bonds, the Authority may issue interim receipts
22 or temporary bonds exchangeable for definitive bonds when the bonds have been
23 executed and are available for delivery. The Authority may also provide for the
24 replacement of any bonds or notes which have been mutilated, destroyed, or lost.

25 (b) Use of Proceeds. – The proceeds of a bond or note shall be used solely for the
26 purposes for which the bond or note was issued and shall be disbursed in accordance
27 with the resolution authorizing the issuance of bond or note and with any trust
28 agreement securing the bond or note. If the proceeds of a bond or note of any issue, by
29 reason of increased construction costs or error in estimates or otherwise, shall be less
30 than than cost, additional bonds or notes may in like manner be issued to provide the
31 amount of the deficiency.

32 (c) Security. – Bonds or notes issued by the Authority may be secured in one or
33 more of the following ways:

34 (1) By the revenues of the regional facility.

35 (2) By debt service subsidy payments.

36 (3) By security interests in real or personal property acquired with the
37 proceeds of the bonds or notes or improved with the proceeds of the
38 bonds or notes.

39 The security for the bonds or notes shall be specified in the resolution or trust
40 instrument authorizing the bonds or notes.

41 (d) Revenues. – The Authority may pledge to the payment of its revenue bonds
42 or notes the revenues from the regional facility, including revenues from improvements,
43 betterments, or extensions to the facility. The Authority may establish, maintain, revise,
44 charge, and collect such rates, fees, rentals, or other charges for the use, services, and

1 facilities of or furnished by any facility project, and to provide methods of collection of
2 and penalties for nonpayment of these rates, fees, rentals, or other charges. Except as
3 otherwise permitted, the rates, fees, rentals, and charges fixed and charged shall be in an
4 amount that will produce sufficient revenues, with any other available funds, to meet the
5 maintenance and operation expenses of the regional facility, as well as any
6 improvements and renewals and replacements to the facility, including reserves to pay
7 the principal, interest, and redemption premium due, if any, on any bonds or notes
8 secured by the facility, and to fulfill the terms of any agreements made by the Authority
9 with the holders of bonds or notes secured by revenues of the facility. In the event that
10 bonds or notes are to be secured by the revenues of the regional facility or by debt
11 service subsidy payments, the Authority may adjust the rates, fees, and charges to be
12 collected to reflect the anticipated receipt of funds from debt service subsidy payments.

13 (e) Debt Service Subsidy Payments. – Bonds or notes may be secured by and
14 payable from debt service subsidy payments to be received by the Authority from its
15 member units as provided by G.S. 160A-480.10; provided, however, that the
16 agreements and undertakings by the member units to pay such payments shall not
17 obligate the unit of local government to exercise any power of taxation by the local unit,
18 all as more fully provided in G.S. 160A-480.10. The Authority may accept debt service
19 subsidy payments from its member units and enter into memoranda of understanding or
20 similar documents relating to the debt service subsidy payments. The Authority may
21 agree to apply to the payment of its bonds or notes all amounts so received.

22 (f) Security Interests. – Bonds or notes may be secured by security interests in
23 any real or personal property either acquired with the proceeds of bonds or notes, or
24 upon which improvements are provided from the proceeds of bonds or notes. The
25 security interest may cover all real and personal property acquired or improved or any
26 portion of the property. The Authority is authorized to enter into deeds of trust,
27 mortgages, security agreements, and similar instruments as shall be necessary to carry
28 out the powers in this subsection. Bonds or notes may also be secured by security
29 interests in any real or personal property conveyed to the Authority by any of its
30 member units or any other person.

31 In the event the Authority fails to perform its obligations with respect to the bonds or
32 notes and foreclosure or similar sale of property subject to a security interest occurs, a
33 deficiency judgment may not be rendered against the Authority except to the extent that
34 the deficiency is payable from either revenues from the regional facility or debt service
35 subsidy payments.

36 (g) Issuance. – The issuance of bonds or notes of the Authority is subject to the
37 approval of the Local Government Commission. Upon the filing with the Local
38 Government Commission of a resolution of the Authority requesting that its bonds or
39 notes be sold, the Commission shall determine the manner in which the bonds or notes
40 will be sold and the price or prices at which the bonds or notes will be sold. With the
41 approval of the Authority, the Local Government Commission shall sell the bonds or
42 notes either at public or private sale in the manner and at the prices determined to be in
43 the best interests of the Authority and to effect the purposes of this Part.

44 **"§ 160A-480.10. Debt service subsidy payments; special obligation agreements.**

1 (a) Debt Service Subsidy Payments. – In addition to the other powers of a unit of
2 local government, any unit of local government that is a member unit of the Authority
3 may by resolution undertake commitments to contribute debt service subsidy payments
4 to the Authority to be applied to pay principal and interest on bonds or notes of the
5 Authority issued under the provisions of this Part. This commitment may be for a
6 specified amount, cover payments to be made during a specified time period, be limited
7 to funds derived from a specified source, provide for the amount of the contributions to
8 be based upon a formula, or contain such other terms and conditions as the governing
9 body of the unit of local government shall determine and set forth in the resolution
10 expressing the undertaking. The resolution shall state that the payment by the unit of
11 local government of a debt service subsidy payment is subject to the appropriation by
12 the governing body of the unit of local government of amounts sufficient to pay such
13 payment, and that the unit of local government is not obligated to appropriate this
14 amount.

15 (b) Special Obligation Agreements. – In addition to the powers of a unit of local
16 government set forth in subsection (a) of this section, a unit of local government that is
17 a member unit of the Authority may enter into a special obligation agreement to pay
18 debt service subsidy payments to the Authority to be applied to pay principal and
19 interest on bonds or notes of the Authority issued under the provisions of this Part.
20 Such payments may be derived from any available source or sources of revenues of the
21 unit, provided that the agreement to use these sources to make payments does not
22 constitute a pledge of the unit's taxing power. To the extent that the generation of the
23 revenues is within the power of the unit, the unit of local government may enter into
24 covenants to take action to generate the revenues, provided the covenant to generate
25 revenues does not constitute a pledge of the unit's taxing power.

26 The obligation of a unit of local government with respect to the sources of payment
27 shall be specifically identified in the proceedings of the governing body authorizing the
28 unit to enter the special obligation agreement. The sources of payment so specifically
29 identified and then held or thereafter received by a unit or any fiduciary of the unit shall
30 immediately be subject to the lien of the Authority's bond resolution or trust instrument
31 without any physical delivery or other act. The lien shall be valid and binding against
32 all parties who have claims of any kind against the unit, regardless of whether the
33 parties have notice the lien.

34 **"§ 160A-480.11. Trust agreement or resolution.**

35 In the discretion of the Authority, any bonds or notes issued under this Part may be
36 secured by a trust instrument between the Authority and a bank or trust company or
37 individual within the State, or a bank or a trust company without the State, as trustee.
38 The trust instrument or the resolution of the Authority authorizing the issuance of bonds
39 or notes may pledge and assign all or any part of the revenues, funds, and other property
40 provided for the security of the bonds, including proceeds from the sale of any project,
41 or part thereof, insurance proceeds, and condemnation awards, and may convey or
42 mortgage property to secure a bond issue as herein provided.

43 The revenues and other funds derived from the project, except such part thereof as
44 may be necessary to provide reserves therefor, if any, shall be set aside at such regular

1 intervals as may be provided in such resolution or trust instrument in a sinking fund
2 which may be thereby pledged to, and charged with, the payment of the principal of and
3 the interest on such bonds or notes as the same shall become due and the redemption
4 price or the purchase price of bonds retired by call or purchase as therein provided.
5 Such pledge shall be valid and binding from the time when the pledge is made. The
6 revenues so pledged and thereafter received by the Authority shall immediately be
7 subject to the lien of such pledge without any physical delivery thereof or further act,
8 and the lien of any such pledge shall be valid and binding as against all parties having
9 claims of any kind in tort, contract, or otherwise against the Authority, irrespective of
10 whether such parties have notice thereof. The use and disposition of money to the credit
11 of such sinking fund shall be subject to the provisions of the resolution or trust
12 instrument. Such resolution or trust instrument may contain such provisions for
13 protecting and enforcing the rights and remedies of the bondholders as may be
14 reasonable and proper and not in violation of law, including, without limitation, any one
15 or more of the following:

- 16 (1) Acceleration of all amounts payable under the resolution or trust
17 instrument;
- 18 (2) Appointment of a receiver to manage the project and any other
19 property mortgaged or assigned as security for the bonds;
- 20 (3) Foreclosure and sale of the project and any other property mortgaged
21 or assigned as security for the bonds; and
- 22 (4) Rights to bring and maintain such other actions at law or in equity as
23 may appear necessary or desirable to collect the amounts payable
24 under, or to enforce the covenants made in, the security document.

25 It shall be lawful for any bank or trust company incorporated under the laws of this
26 State which may act as depository of the proceeds of bonds, revenues, or other funds
27 provided under this Part to furnish such indemnifying bonds or to pledge such securities
28 as may be required by the Authority. All expenses incurred in carrying out the
29 provisions of such resolution or trust instrument may be treated as a part of the cost of
30 the project in connection with which bonds or notes are issued or as an expense of
31 administration of such project.

32 The Authority may subordinate bonds or notes to any prior, contemporaneous, or
33 future securities or obligations or lien, mortgage, or other security interest securing
34 bonds or notes.

35 **"§ 160A-480.12. Trust funds.**

36 Notwithstanding any of the provisions of law to the contrary, all money received
37 pursuant to the Authority of this Part, whether as proceeds from the sale of bonds or
38 notes or as revenues, shall be deemed to be trust funds to be held and applied solely as
39 provided in this Part. The resolution authorizing the issuance of, or the trust agreement
40 securing, any bonds or notes may provide that any of such moneys may be temporarily
41 invested and reinvested pending the disbursement thereof and shall provide that any
42 officer with whom, or any bank or trust company with which, such moneys shall be
43 deposited shall act as trustee of such moneys and shall hold and apply the same for the
44 purpose hereof, subject to such regulations as this Part and such resolution or trust

1 agreement may provide. Any such moneys may be invested as provided in G.S. 159-30,
2 as it may be amended from time to time.

3 **"§ 160A-480.13. Faith and credit of State and units of local government not**
4 **pledged.**

5 Bonds or notes issued under this Part shall not constitute a debt secured by a pledge
6 of the faith and credit of the State or a political subdivision of the State and shall be
7 payable solely from the revenues, property, and other funds pledged for their payment.
8 The bonds or notes issued by the Authority shall contain a statement that the Authority
9 is obligated to pay the bond or note or the interest on the bond or note only from the
10 revenues, property, or other funds pledged for their payment and that neither the faith
11 and credit nor the taxing power of the State or any political subdivision of the State is
12 pledged as security for the payment of the principal of or the interest or premium on the
13 bonds or notes.

14 **"§ 160A-480.14. Revenue refunding bonds.**

15 The Authority may issue refunding bonds or notes for one or more of the following
16 purposes:

- 17 (1) Refunding any outstanding bonds or notes issued under this Part,
18 including any redemption premium on the bonds or notes and any
19 interest accrued or to accrue to the date of redemption.
- 20 (2) Constructing improvements, additions, extensions or enlargements of
21 the project, or projects in connection with which the bonds or notes to
22 be refunded shall have been issued.
- 23 (3) Paying all or any part of the cost of any additional project or projects.

24 Refunding bonds or notes shall be issued in accordance with the same procedures
25 and requirements as bonds or notes. Refunding bonds issued under this section may be
26 sold or exchanged for outstanding bonds or notes issued under this Part and, if sold, the
27 proceeds of the refunding bonds may be applied, in addition to any authorized purposes,
28 to the purchase, redemption, or payment of outstanding bonds or notes.

29 Pending the application of the proceeds of refunding bonds, with any other available
30 funds, to the payment of the principal of and accrued interest and any redemption
31 premium on the bonds or notes being refunded, and, if so provided or permitted in
32 securing the same, to the payment of any interest on such refunding bonds and any
33 expenses in connection with such refunding, such proceeds may be invested in direct
34 obligations of, or obligations the principal of and the interest on which are
35 unconditionally guaranteed by, the United States of America which shall mature or
36 which shall be subject to redemption by the holder thereof, at the option of such holder,
37 not later than the respective dates when the proceeds, together with the interest accruing
38 thereon, will be required for the purposes intended.

39 **"§ 160A-480.15. Bonds eligible for investment.**

40 Bonds and notes issued under Part are hereby made securities in which all public
41 officers, agencies, and public bodies of the State and its political subdivisions, all
42 insurance companies, trust companies, investment companies, banks, savings banks,
43 building and loan associations, credit unions, pension or retirement funds, other
44 financial institutions engaged in business in the State, executors, administrators,

1 trustees, and other fiduciaries may properly and legally invest funds, including capital in
2 their control or belonging to them. These bonds or notes are hereby made securities that
3 may properly and legally be deposited with and received by any officer or agency of the
4 State or political subdivision of the State for any purpose for which the deposit of
5 bonds, notes, or obligations of the State or any political subdivision is authorized by
6 law. This section does not apply to any State pension or retirement fund or a pension or
7 retirement fund of a political subdivision of the State.

8 **"§ 160A-480.16. Taxation of revenue bonds.**

9 Any bonds or notes issued by an Authority under the provisions of this Part are
10 exempt from State income taxes to the same extent that federal bonds or notes are
11 exempt from State income taxes.

12 **"§ 160A-480.17. Members and officers not liable.**

13 No member or officer of the Authority shall be subject to any personal liability or
14 accountability by reason of the execution of any bonds or notes or the issuance of any
15 bonds or notes."

16 Sec. 2. The provisions of this act are severable. If any provision of this act is
17 declared invalid by a court, the invalidity does not affect other provisions or
18 applications of this act that can be given effect without the invalid provision or
19 application.

20 Sec. 3. This act is effective upon ratification.
