A BILL TO BE ENTITLED

AN ACT TO CREATE A SEPARATE CRAB LICENSE IN CHAPTER 113 OF THE  
GENERAL STATUTES AND TO ESTABLISH A TWO-YEAR MORATORIUM  
ON SPECIFIED FISHING LICENSES.

Whereas, it is the long-established policy of this State to preserve and protect  
its marine and estuarine resources for the use and benefit of all North Carolina citizens;  
and

Whereas, North Carolina's coastal fisheries resources have become stressed  
by factors which include: (i) overfishing; (ii) environmental impacts, such as water  
pollution; (iii) loss of wetlands and other fisheries habitat; and (iv) disease; and

Whereas, fishing has been a source of livelihood for many of the State's  
coastal citizens during the past four centuries, and that North Carolina has a significant  
interest in preserving and protecting that historical and cultural heritage; and

Whereas, North Carolina's traditional commercial fishermen have been  
adversely impacted by a number of factors, which include: (i) the decline of fishery  
populations; (ii) the use of more gear due to that decline; (iii) increasing conflicts  
between resource users in different fisheries; and (iv) the economic impact of increased  
State and federal fisheries regulation; and

Whereas, it is in the best interest of the citizens of this State that North  
Carolina develop, protect, and manage its own fishery resources in lieu of federal  
regulation of those resources; and

1           Whereas, the historical method by which the State has established fisheries  
2 regulations has resulted in a largely piecemeal approach to proper fisheries  
3 management; and

4           Whereas, these factors make it necessary to establish a two-year moratorium  
5 on vessel licenses, endorsements to sell fish, shellfish licenses, and crab licenses in  
6 order to conduct a comprehensive study of the fishery industry including: reviewing  
7 available measures to control fishing effort, gathering vital fisheries information,  
8 conducting necessary scientific research, studying fisheries management measures taken  
9 by other states or resource management organizations (including national and  
10 international), and obtaining public comments; Now, therefore,

11 The General Assembly of North Carolina enacts:

12           Section 1. Article 14 of Chapter 113 of the General Statutes is amended by  
13 adding a new section to read:

14 **§ 113-153.1. Crab license.**

15           (a) Except as provided in subsection (d) of this section, it is unlawful for an  
16 individual to take crabs from the coastal fishing waters of North Carolina for  
17 commercial use by any means without having first procured an individual crab license.

18           (b) It is unlawful for any individual to take crabs for commercial use from the  
19 coastal fishing waters of North Carolina without having ready at hand for inspection a  
20 current and valid crab license issued to him personally and bearing his correct name and  
21 address. It is unlawful for any such individual taking or possessing freshly taken crabs  
22 to refuse to exhibit his license upon the request of an officer authorized to enforce the  
23 fishing laws.

24           (c) Individual crab licenses shall be issued annually on a fiscal year basis upon  
25 payment of a fee of seven dollars and fifty cents (\$7.50) for residents and one hundred

27 fiscal year basis upon payment of a fee of twenty-two dollars and fifty cents (\$22.50)  
28 and shall be issued in the name of the owner.

29           (d) The owner of a vessel licensed under G.S. 113-152 shall be eligible to  
30 purchase a vessel crab license for crabs under this section. A vessel crab license  
31 authorizes the owner of the vessel and up to two unlicensed persons serving as crew to  
32 fish for crabs from that vessel. It is unlawful for the owner of a vessel to take crabs  
33 from the coastal fishing waters of North Carolina for commercial use by any means,  
34 when unlicensed persons not authorized by the vessel crab license are on the vessel.  
35 The vessel crab license issued under this subsection shall be revoked when the owner or  
36 any other person using the owner's vessel is convicted of a violation under this section,  
37 except for subsection (b).

38           (e) In the event an individual possessing a crab license changes his name or  
39 address or receives one erroneous in this respect, he must within 30 days surrender the  
40 license for one bearing the correct name and address. Upon a showing by the individual  
41 that the name or address change occurred within the past 30 days, the trial court or  
42 prosecutor shall dismiss any charges brought pursuant to this subsection.

43           (f) It is unlawful for an individual issued a crab license to transfer or offer to  
44 transfer his license, either temporarily or permanently, to another. It is unlawful for an

1 individual to secure or attempt to secure a crab license from a source not authorized by  
2 the Marine Fisheries Commission."
