HOUSE BILL 623 Senate Judiciary I Committee Substitute Adopted 9/4/01

Short Title: Public Construction Law Changes.

Sponsors:

Referred to:

March 15, 2001

A BILL TO BE ENTITLED

AN ACT TO MAKE CHANGES IN THE LAWS GOVERNING THE PUBLIC
CONSTRUCTION LAWS TO PROVIDE FOR EFFICIENCIES AND
FLEXIBILITY IN BUILDING DESIGN, CONSTRUCTION, AND PLAN
REVIEW, TO PROMOTE ENERGY EFFICIENCY IN STATE-OWNED
BUILDINGS, AND TO AMEND THE LAW GOVERNING LANDSCAPE
ARCHITECTURE.

8 The General Assembly of North Carolina enacts:

9

1

10 PART I. CONSTRUCTION CHANGES

11 **SECTION 1.** G.S. 143-64.31 reads as rewritten:

12 "§ 143-64.31. Declaration of public policy.

It is the public policy of this State and all public subdivisions and Local 13 14 Governmental Units thereof, except in cases of special emergency involving the health and safety of the people or their property, to announce all requirements for architectural, 15 engineering, and surveying and construction management services, to select firms 16 qualified to provide such services on the basis of demonstrated competence and 17 qualification for the type of professional services required without regard to fee other 18 than unit price information at this stage, and thereafter to negotiate a contract for 19 architectural, engineering, or surveying those services at a fair and reasonable fee with 20 the best qualified firm. If a contract cannot be negotiated with the best qualified firm, 21 22 negotiations with that firm shall be terminated and initiated with the next best qualified 23 firm."

24 **SECTION 2.** Article 3D of Chapter 143 of the General Statutes is amended 25 by adding the following new section to read:

26 "§ 143-64.31A. Construction management services.

- 27 (a) For purposes of this Article:
- 28 (1) <u>"Construction management services" means services provided by a</u> 29 <u>construction manager, which may include, but are not limited to,</u>

(Public)

1 preparation and coordination of bid packages, scheduling, cost control, 2 value engineering, evaluation, preconstruction services, and 3 construction administration. "Construction manager" means a person, corporation, or entity that (i) 4 (2)5 provides construction management services for a project throughout 6 the preconstruction and construction phases and (ii) who is licensed as 7 a general contractor if those services are provided at risk. 8 Design services for a project must be performed by a licensed architect or (b) 9 engineer. The public owner shall contract directly with the architect or engineer. The construction manager shall (i) contract directly with the public entity for 10 (c) 11 all construction and (ii) guarantee the cost of the project. The construction manager 12 shall publicly advertise, as prescribed for the appropriate public entity in G.S. 143-129, prequalify subcontractors and receive bids from the prequalified subcontractors for the 13 performance of all major elements of the construction work. A construction manager 14 may perform a portion of the work itself only if (i) bidding produces no responsible, 15 responsive bidder for that portion of the work, the lowest responsible bidder will not 16 execute a contract for the bid portion of the work, or the subcontractor defaults and a 17 prequalified replacement cannot be obtained in a timely manner and (ii) the public 18 entity approves of the construction manager's performance of the work. All bids shall 19 20 be opened publicly. The construction manager shall act as the fiduciary of the public 21 entity in opening and awarding bids. The construction manager shall award the contract 22 to the lowest responsible bidder, taking into consideration quality, performance, the time specified in the bids for performance of the contract, the cost of construction 23 24 oversight, time for completion, and other factors deemed appropriate by the public 25 entity and advertised as part of the bid solicitation. The public entity shall open and 26 review all bids with the construction manager. The public entity may require the selection of a different subcontractor for any portion of the work, based on the lowest 27 28 responsible bid as determined herein, provided that the construction manager is 29 compensated for any additional cost incurred. 30 When contracts are awarded pursuant to this section, the public entity shall make available to subcontractors the dispute resolution process adopted by the State Building 31 32 Commission pursuant to G.S. 143-135.26(12) or another dispute resolution process 33 adopted by the public body, including mediation, to resolve project disputes. 34 A construction manager must make a good faith effort to recruit and select minority 35 businesses, as defined in G.S. 143-128(f), for participation in the total value of contracts 36 awarded under this section as follows: For State projects, the minority participation goal is twelve and one-37 (1)38 half percent (12.5%). 39 For projects of other public owners, the minority participation goal (2) shall be the verifiable percentage goal adopted by the public owner in 40 41 accordance with G.S. 143-128(f).

GENERAL ASSEMBLY OF NORTH CAROLINA

1	The public entity shall adopt written guidelines specifying the actions that a
2	construction manager must take to ensure a good faith effort in the recruitment and
3	selection of minority businesses for participation in contracts awarded by the
4	construction manager. The construction manager shall file an affidavit with the public
5	owner at the completion of the subcontractor's bidding attesting that the construction
6	manager has made the good faith effort required under this section.
7	(d) Notwithstanding G.S. 143-64.32 or G.S.143-64.34, a public entity may not
8	waive the requirements of subsection (c) of this section."
9	SECTION 3. G.S. 143-128 reads as rewritten:
10	"§ 143-128. Requirements for certain building contracts.
11	(a) Preparation of specifications. – Every officer, board, department, commission
12	or commissions charged with responsibility of preparation of specifications or awarding
13	or entering into contracts for the erection, construction, alteration or repair of any
14	buildings for the State, or for any county, municipality, or other public body, must have
15	prepared separate specifications for each of the following subdivisions or branches of
16	work to be performed:
17	(1) Heating, ventilating, air conditioning and accessories (separately or
18	combined into one conductive system) and/or refrigeration for cold
19	storage (where the cold storage cooling load is 15 tons or more of
20	refrigeration), and all work kindred thereto.
21	(2) Plumbing and gas fittings and accessories, and all work kindred
22	thereto.
23	(3) Electrical wiring and installations, and all work kindred thereto.
24	(4) General work relating to the erection, construction, alteration, or repair
25	of any building above referred to, which work is not included in the
26	above-listed three subdivisions or branches.
27	All such specifications must be so drawn as to permit separate and independent
28	bidding upon each of the subdivisions or branches of work enumerated above. in this
29 20	subsection for contracts that will be bid under the separate-prime system or dual bidding
30	system. The above enumeration of subdivisions or branches of work shall not be
31	construed to prevent any officer, board, department, commission or commissions from
32	preparing additional separate specifications for any other category of work.
33 34	(a1) <u>Construction methods. – The State, a county, municipality, or other public</u>
34 35	body shall award contracts for the erection, construction, alteration, or repair of buildings pursuant to any of the following methods:
35 36	(1) Separate-prime bidding.
30 37	
38	 (2) Single-prime bidding. (3) Dual bidding pursuant to subsection (d1) of this section.
38 39	(4) <u>Construction management services contracts pursuant to G.S. 143-</u>
39 40	64.31A.
40 41	(5) <u>Alternative contracting methods authorized pursuant to G.S. 143-</u>
42	$\frac{(5)}{135.26(9)}$
12	

1 (b) Building projects over five hundred thousand dollars (\$500,000); separate 2 prime contracts. under the separate-prime contract system. - Except as provided in 3 subsection (d) of this section, when the entire cost of the erection, construction, 4 alteration, or repair of a building exceeds five hundred thousand dollars (\$500,000), 5 When the State, county, municipality, or other public body uses the separate-prime 6 contract system, it shall accept bids for each subdivision or branch of work for which 7 specifications are required to be prepared under subsection (a) of this section and shall 8 award the respective work specified separately to responsible and reliable persons, firms 9 or corporations regularly engaged in their respective lines of work. When the estimated 10 cost of work to be performed in any single subdivision or branch for which separate 11 bids are required by this subsection is less than twenty-five thousand dollars (\$25,000). 12 the same may be included in the contract for one of the other subdivisions or branches 13 of the work, irrespective of total project cost. 14 Bids may also be accepted from and awards made to separate contractors for other

15 categories of work.

16 Each separate contractor shall be directly liable to the State of North Carolina, or to 17 the county or municipality, county, municipality, or other public body and to the other 18 separate contractors for the full performance of all duties and obligations due 19 respectively under the terms of the separate contracts and in accordance with the plans 20 and specifications, which shall specifically set forth the duties and obligations of each 21 separate contractor. For the purpose of this section, "separate contractor" means any 22 person, firm or corporation who shall enter into a contract with the State, or with any 23 county, municipality, or other public body, for the erection, construction, alteration or 24 repair of any building or buildings, or parts thereof.

25 Building projects five hundred thousand dollars (\$500,000) or less. When (c) 26 the entire cost of the erection, construction, alteration, or repair of a building is five 27 hundred thousand dollars (\$500,000) or less, the State, county, municipality, or other 28 public body may accept bids under the single-prime contract system, the separate prime 29 contract system, or both. The provisions of subsection (b) of this section apply to the 30 use of the separate prime contract system under this subsection. The provisions of 31 subsection (d) of this section apply to the use of the single-prime contract system under 32 this section, except that bidding in the alternative between the single prime and separate prime systems is not required. Contracts bid in the alternative between the single-prime 33 34 and separate prime systems under this subsection must be awarded to the lowest 35 responsible bidder or bidders, as provided in subsection (d) of this section.

36 (d) Single-prime and alternative contracts. – The State, a county, municipality, or
37 other public body may accept bids under the single prime contract system or a
38 contracting method approved by the State Building Commission under G.S. 143–135.26.
39 If the State, county, municipality, or other public body accepts bids under the single40 prime contract system, it must also seek bids for the project under the separate prime

41 contract system, except as otherwise authorized under G.S. 143-135.26, and award the

42 contract to the lowest responsible bidder or bidders for the total project, taking into

1 consideration quality, performance and the time specified in the bids for the 2 performance of the contract.
2 When hids are accented under the single prime contract system all hidders must

When bids are accepted under the single-prime contract system all bidders must identify on their bid the contractors they have selected for the subdivisions or branches of work for:

- (1) Heating, ventilating, and air conditioning;
- 6 7

(2) Plumbing;(3) Electrical; and

8 9

(4) General.

10 No contractor whose bid is accepted shall substitute any person as subcontractor in 11 the place of the subcontractor listed in the original bid, except (i) if the listed 12 subcontractor's bid is later determined by the contractor to be nonresponsive or the listed subcontractor refuses to enter into a contract for the complete performance of the 13 bid work, or (ii) with the approval of the awarding authority for good cause shown by 14 15 the contractor. The terms, conditions, and requirements of each contract between the contractor and a subcontractor performing work under a subdivision or branch of work 16 listed in this subsection shall be substantially the same as incorporate by reference the 17 terms, conditions, and requirements of the contract between the contractor and the State, 18 19 county, municipality, or other public body.

The requirements of this subsection governing the identification of bidders, 20 21 substitution of contractors, and the terms and conditions of subcontractor's contracts apply to all single-prime bidding and single-prime contracts, regardless of whether 22 bidding in the alternative between the single-prime and separate prime systems has been 23 24 waived by the State Building Commission.including those bids in the alternative 25 pursuant to subsection (d1) of this section. When contracts are awarded pursuant to this 26 section, the public body shall make available to subcontractors the dispute resolution process adopted by the State Building Commission pursuant to G.S. 143-135.26(12) or 27 28 another dispute resolution process adopted by the public body, including mediation, to 29 resolve project disputes.

30 Local school administrative units; building projects over five hundred (d1) thousand dollars (\$500,000). Dual bidding. - When the entire cost of the building 31 32 project is more than five hundred thousand dollars (\$500,000), a local school 33 administrative unit shall seek bids as provided in subsection (b) or (d) of this section or 34 this subsection. The local school administrative unit The State, a county, municipality, 35 or other public entity may accept bids for the erection, construction, alteration, or repair of a building under both the single-prime and separate-prime contracting systems and 36 shall award the contract to the lowest responsible bidder under the single-prime system 37 38 or to the lowest responsible bidder under the separate-prime system, taking into consideration quality, performance, and time specified in the bids for performance of 39 the contract. In determining the system under which the contract will be awarded to the 40 41 lowest responsible bidder, the local school administrative unit public entity may 42 consider cost of construction oversight, time for completion, and other factors it deems

1 appropriate. The local school administrative unit-public entity shall not open any bid 2 solicited under subsection (d) of this section unless the unit receives at least three 3 competitive bids from reputable and qualified contractors regularly engaged in their 4 respective lines of endeavor and unless the unit receives a bid from at least one general contractor under the separate-prime system. endeavor. The bids received as 5 6 separate-prime bids shall be submitted three hours-one hour prior to the deadline for the 7 submission of single-prime bids. The amount of a bid submitted by a subcontractor to 8 the general contractor under the single-prime system shall not exceed the amount bid, if 9 any, for the same work by that subcontractor to the local school administrative unit 10 public entity under the separate-prime system. Each single-prime bid that identifies the 11 contractors selected to perform the three major subdivisions or branches of work 12 described in subsection (d) of this section and that lists the contractors' respective bid 13 prices for those branches of work shall constitute a single competitive bid, and each full set of separate-prime bids for all of the branches of work described in subsection (d) of 14 15 this section shall constitute a single competitive bid. If after advertisement as required 16 by G.S. 143-129, the local school administrative unit-public entity has not received the minimum number of competitive bids as required by this subsection, the unit-public 17 entity shall again advertise for bids. If the required minimum number of bids is not 18 received as a result of the second advertisement, the unit-public entity may let the 19 20 contract to the lowest responsible bidder that submitted a bid for the project, even 21 though the unit-public entity received only one bid. A contractor must provide an 22 affidavit to the local school administrative unitpublic entity that it has made the good faith effort required pursuant to G.S. 143-128(f), subsection (f) of this section and 23 24 failure to file the affidavit that demonstrates that the contractor made the required good faith effort is grounds for rejection of the bid. All provisions of Article 8 of Chapter 143 25 26 of the General Statutes this Article that are not inconsistent with this subsection or other 27 applicable provisions of the law shall apply to local school administrative units.public entities subject to this section. The provisions of subsection (b) of this section apply to 28 29 separate-prime contracts awarded pursuant to this section. Project expediter; scheduling; public body to resolve project disputes. - The 30 (e)

State, county, municipality, or other public body may, if specified in the bid documents, 31 32 provide for assignment of responsibility for expediting the work on the a project under 33 the separate-prime system to a single responsible and reliable person, firm or 34 corporation, which may be a prime contractor. In executing this responsibility, the 35 designated project expediter may recommend to the State, county, municipality, or other 36 public body whether payment to a contractor should be approved. The project expediter, if required by the contract documents, shall be responsible for the preparation of the 37 38 project schedule and shall allow all contractors and subcontractors performing any of 39 the branches of work listed in subsection (d) of this section equal input into the preparation of the initial schedule. Whenever separate contracts are awarded and 40 41 separate contractors engaged for a project pursuant to this section, the public body may 42 provide in the contract documents for resolution of project disputes through alternative

1	-	processes such as mediation or arbitration.mediation, arbitration, or		
2	the dispute resolution process adopted by the State Building Commission.			
3	(f) Minority goals. – The State shall have a verifiable ten percent (10%)twelve			
4	and one-half percent (12.5%) goal for participation by minority businesses in the total			
5		each building project. Each city, county, or other public body shall		
6	-	ce and public hearing, an appropriate verifiable percentage goal for		
7		inority businesses in the total value of work for each building project.		
8	As used in this			
9	(1) T	The term "minority-business" means a business:		
10	a	· · · · · · · · · · · · · · · · · · ·		
11		more minority persons, or in the case of a corporation, in which		
12		at least fifty-one percent (51%) of the stock is owned by one or		
13		more minority persons; and		
14	b			
15		controlled by one or more of the minority persons who own it.		
16		The term "minority person" means a person who is a citizen or lawful		
17	р	ermanent resident of the United States and who is:		
18	a	. Black, that is, a person having origins in any of the black racial		
19		groups in Africa;		
20	b	. Hispanic, that is, a person of Spanish or Portuguese culture with		
21		origins in Mexico, South or Central America, or the Caribbean		
22		Islands, regardless of race;		
23	с	. Asian American, that is, a person having origins in any of the		
24		original peoples of the Far East, Southeast Asia and Asia, the		
25		Indian subcontinent, the Pacific Islands;		
26	d	. American Indian or Alaskan Native, that is, a person having		
27		origins in any of the original peoples of North America; or		
28	e			
29	(3) T	he term "verifiable goal" means:		
30	a	. For purposes of the separate prime contract system, that the		
31		awarding authority has adopted written guidelines specifying		
32		the actions that will be taken to ensure a good faith effort in the		
33		recruitment and selection of minority businesses for		
34		participation in contracts awarded under this section.		
35	b			
36		awarding authority has adopted written guidelines specifying		
37		the actions that the prime contractor must take to ensure a good		
38		faith effort in the recruitment and selection of minority		
39		businesses for participation in contracts awarded under this		
40		section; the required actions must be documented in writing by		
41		the contractor to the appropriate awarding authority.		

1	delegated under this subsection shall comply with the requirements of this Article that		
2	would otherwise apply to the governing body."		
3 4	SECTION 5. G.S. 143-129(e), as amended by S.L. 2001-328, is amended by adding a new subdivision to read:		
4 5	adding a new subdivision to read: "(11) Contracts executed pursuant to Article 3D of Chapter 143 of the		
6	General Statutes."		
7	SECTION 6. G.S. 133-1.1(a) reads as rewritten:		
8	"(a) In the interest of public health, safety and economy, every officer, board,		
9	department, or commission charged with the duty of approving plans and specifications		
10	or awarding or entering into contracts involving the expenditure of public funds in		
11	excess of:		
12	(1) One-Three hundred thousand dollars (\$100,000)(\$300,000) for the		
13	repair of public buildings where such repair does not include major		
14	structural change in framing or foundation support systems,		
15	(2) Forty-five thousand dollars (\$45,000)One hundred thirty-five thousand		
16	dollars (\$135,000) for the repair of public buildings where such repair		
17	includes major structural change in framing or foundation support		
18	systems, or		
19	(3) Forty five thousand dollars (\$45,000)One hundred thirty-five thousand		
20	<u>dollars ($\\$135,000$)</u> for the construction of, or additions to, public		
21	buildings or State-owned and operated utilities,		
22 23	shall require that such plans and specifications be prepared by a registered architect, in		
23 24	accordance with the provisions of Chapter 83A of the General Statutes, or by a registered engineer, in accordance with the provisions of Chapter 89C of the General		
24 25	Statutes, or by both architect and engineer, particularly qualified by training and		
26	experience for the type of work involved, and that the North Carolina seal of such		
27	architect or engineer together with the name and address of such architect or engineer,		
28	or both, be placed on all such plans and specifications."		
29	SECTION 7. G.S. 44A-26(a) reads as rewritten:		
30	"(a) When the total amount of construction contracts awarded for any one project		
31	exceeds one-three hundred thousand dollars (\$100,000)(\$300,000), a performance and		
32	payment bond as set forth in (1) and (2) is required by the contracting body from any		
33	contractor with a contract more than fifteen thousand dollars (\$15,000).fifty thousand		
34	dollars (\$50,000). In the discretion of the contracting body, a performance and payment		
35	bond may be required on any construction contract as follows:		
36	(1) A performance bond in the amount of one hundred percent (100%) of		
37	the construction contract amount, conditioned upon the faithful		
38	performance of the contract in accordance with the plans,		
39 40	specifications and conditions of the contract. Such bond shall be solely for the protection of the contracting body which awarded the		
40 41	for the protection of the contracting body which awarded the contract. that is constructing the project.		
41	contract. mat is constructing the project.		

1 2 3 4 5 6	(2) A payment bond in the amount of one hundred percent (100%) of the construction contract amount, conditioned upon the prompt payment for all labor or materials for which a contractor or subcontractor is liable. The payment bond shall be solely for the protection of the persons furnishing materials or performing labor for which a contractor or subcontractor contractor, subcontractor, or construction
7 8	manager is liable." SECTION 8.(a) G.S. 116-31.11, as enacted and expired by S.L. 1997-412, is
9	reenacted and reads as rewritten:
10	"§ 116-31.11. Powers of Board regarding certain fee negotiations, contracts, and
11	capital improvements.
12	(a) Notwithstanding G.S. 143-341(3) and G.S. 143-135.1, the Board shall, with
13	respect to the design, construction, or renovation of buildings, utilities, and other
14	property developments of The University of North Carolina requiring the estimated
15	expenditure of public money of five hundred thousand dollars (\$500,000)two million
16	<u>dollars (\$2,000,000)</u> or less:
17	(1) Conduct the fee negotiations for all design contracts and supervise the
18	letting of all construction and design contracts.
19	(2) Develop procedures governing the responsibilities of The University
20	of North Carolina and its affiliated and constituent institutions to
21	perform the duties of the Department of Administration and the
22	Director or Office of State Construction under G.S. 133-1.1(d) and
23	G.S. 143-341(3).
24	(3) Develop procedures and reasonable limitations governing the use of
25	open-end design agreements, subject to G.S. 143-64.34 and the
26	approval of the State Building Commission.
27	(b) The Board may delegate its authority under subsection (a) of this section to a
28	constituent or affiliated institution if the institution is qualified under guidelines adopted
29	by the Board and approved by the State Building Commission and the Director of the
30	Budget.
31	(c) The University shall use the standard contracts for design and construction
32 33	currently in use for State capital improvement projects by the Office of State
33 34	Construction of the Department of Administration.(d) A contract may not be divided for the purpose of evading the monetary limit
34 35	under this section."
35 36	SECTION 8.(b) Section 5.1 of S.L. 1997-412 is repealed.
30 37	SECTION 8.(c) Section 5.1 of S.L. 1997-412 is repeated. SECTION 8.(c) Sections 5, 7, 8, and 10 of S.L. 1997-412 are reenacted.
38	SECTION 8.(d) G.S. 143-341(3) reads as rewritten:
39	"(3) Architecture and Engineering:
40	a. To examine and approve all plans and specifications for the
41	construction or renovation of:
42	1. All State buildings; and

1 2		2. All community college buildings requiring the estimated expenditure for construction or repair work for which
3		public bidding is required under G.S. 143-129 prior to
4		the awarding of a contract for such work; and to examine
5		and approve all changes in those plans and specifications
6		made after the contract for such work has been awarded.
7	b.	To assist, as necessary, all agencies in the preparation of
8	0.	requests for appropriations for the construction or renovation of
9		all State buildings.
10	b1.	To certify that a statement of needs pursuant to G.S. 143-6 is
11	01.	feasible. For purposes of this sub-subdivision, "feasible" means
12		that the proposed project is sufficiently defined in overall scope;
12		building program; site development; detailed design,
14		construction, and equipment budgets; and comprehensive
15		project scheduling so as to reasonably ensure that it may be
16		completed with the amount of funds requested. At the discretion
17		of the General Assembly, advanced planning funds may be
18		appropriated in support of this certification. This
19		sub-subdivision shall not apply to requests for appropriations of
20		less than one hundred thousand dollars (\$100,000).
21	с.	To supervise the letting of all contracts for the design,
22		construction or renovation of all State buildings and all
23		community college buildings whose plans and specifications
24		must be examined and approved under a.2. of this subdivision.
25	d.	To supervise and inspect all work done and materials used in
26		the construction or renovation of all State buildings and all
27		community college buildings whose plans and specifications
28		must be examined and approved under a.2. of this subdivision;
29		and no such work may be accepted by the State or by any State
30		agency until it has been approved by the Department.
31	Excep	t for sub-subdivisions b. and b1. of this subdivision, this
32	<u>subdiv</u>	vision does not apply to the design, construction, or renovation of
33		ts by The University of North Carolina pursuant to G.S. 116-
34	<u>31.11</u> .	
35		G.(e) G.S. 133-1.1(d) reads as rewritten:
36		on which no registered architect or engineer is required pursuant
37	-	s section, the governing board or awarding authority shall require
38	-	iance with the State Building Code from the city or county
39		ific trade or trades involved or from a registered architect or
40	engineer, except that th	e provisions of this subsection shall not apply on projects where

41 <u>any of the following apply:</u>

3completed project is inspected by the Division of State Construction4and the State Electrical Inspector, or on projects-Inspector.5(2)That are exempt from the State Building Code.6(3)That are subject to G.S. 116-31.11 and the completed project is7inspected by the State Electrical Inspector and by The University of8North Carolina or its constituent or affiliated institution.9(4)10That are subject to G.S. 116-37(j) and the completed project is11North Carolina Health Care System.12(5)13Inspected by the State Electrical Inspector and by the University of14North Carolina Hospitals at Chapel Hill.15(6)16That are subject to G.S. 116-37(a)(4) and the completed project is	1	<u>(1)</u>	wherein Where plans and specifications are approved by the

GENERAL ASSEMBLY OF NORTH CAROLINA SESSION 2001 1 Organizations, or involves work to the same or related components or 2 areas of the building at the time of the compliance work. The force account labor is qualified to perform and is capable of 3 (2)performing the work in an active patient environment. 4 This Section 10(d) expires December 31, 2007. 5 6 7 PART II. CONSTRUCTION AND DESIGN ADMINISTRATION 8 SECTION 11. G.S. 143-135.26 reads as rewritten: 9 "§ 143-135.26. Powers and duties of the Commission. The State Building Commission shall have the following powers and duties with 10 regard to the State's capital facilities development and management program: 11 To adopt rules establishing standard procedures and criteria to assure 12 (1)13 that the designer selected for each State capital improvement project 14 and the consultant selected for planning and studies of an architectural and engineering nature associated with a capital improvement project 15 or a future capital improvement project has the qualifications and 16 17 experience necessary for that capital improvement project or the proposed planning or study project. The rules shall provide that the 18 State Building Commission, after consulting with the funded agency, 19 is responsible and accountable for the final selection of the designer 20 and the final selection of the consultant except when the General 21 Assembly or The University of North Carolina is the funded agency. 22 23 When the General Assembly is the funded agency, the Legislative Services Commission is responsible and accountable for the final 24 25 selection of the designer and the final selection of the consultant, and when the University is the funded agency, it shall be subject to the 26 rules adopted hereunder, except it is responsible and accountable for 27 28 the final selection of the designer and the final selection of the 29 consultant. All designers and consultants shall be selected within 60 days of the date funds are appropriated for a project by the General 30 31 Assembly or the date of project authorization by the Director of the Budget; provided, however, the State Building Commission may grant 32 an exception to this requirement upon written request of the funded 33 34 agency if (i) no site was selected for the project before the funds were appropriated or (ii) funds were appropriated for advance planning 35 only; provided, further, the Director of the Budget, after consultation 36 with the State Construction Office, may waive the 60-day requirement 37 for the purpose of minimizing project costs through increased 38 39 competition and improvements in the market availability of qualified 40 contractors to bid on State capital improvement projects. The Director 41 of the Budget also may, after consultation with the State Construction 42 Office, schedule the availability of design and construction funds for

1		capital improvement projects for the purpose of minimizing project
2		costs through increased competition and improvements in the market
3		availability of qualified contractors to bid on State capital
4		improvement projects.
5		The State Building Commission shall submit a written report to
6		the Joint Legislative Commission on Governmental Operations on the
7		Commission's selection of a designer for a project within 30 days of
8		selecting the designer.
9	(2)	To adopt rules for coordinating the plan review, approval, and permit
10		process for State capital improvement projects. and community college
11		buildings, as defined in subdivision (4) of this section. The rules shall
12		provide for a specific time frame for plan review and approval and
13		permit issuance by each agency, consistent with applicable laws, and
14		submission of plans to the State Construction Office. The time frames
15		shall be established to provide for expeditious review, approval, and
16		permitting of State capital improvement projects and community
17		<u>college buildings.</u>
18	<u>(2a)</u>	To adopt rules exempting specified types of State capital improvement
19		projects, including community college buildings as defined in
20		subdivision (4) of this section, from plan review, provided that the plan
21		has been reviewed and sealed by a licensed architect, engineer, or
22		both, as appropriate.
23	(3)	To adopt rules for establishing a post-occupancy evaluation, annual
24		inspection and preventive maintenance program for all State buildings.
25	(4)	To develop procedures for evaluating the work performed by designers
26		and contractors on State capital improvement projects and those
27		community college buildings, as defined in G.S. 143-336, requiring the
28		estimated expenditure for construction or repair work for which public
29		bidding is required under G.S. 143-129, and for use of the evaluations
30		as a factor affecting designer selections and determining qualification
31		of contractors to bid on State capital improvement projects and
32		community college buildings.
33	(5)	To continuously study and recommend ways to improve the
34		effectiveness and efficiency of the State's capital facilities
35		development and management program.
36	(6)	To request designers selected prior to April 14, 1987, whose plans for
37		the projects have not been approved to report to the Commission on
38		their progress on the projects. The Department of Administration shall
39		provide the Commission with a list of all such projects.
40	(7)	To appoint an advisory board, if the Commission deems it necessary,
41		to assist the Commission in its work. No one other than the

1		Commission may appoint an advisory board to assist or advise it in its
2		work; and<u>work.</u>
3	(8)	To review the State's provisions for ensuring the safety and health of
4		employees involved with State capital improvement projects, and to
5		recommend to the appropriate agencies and to the General Assembly,
6		after consultation with the Commissioner of Labor, changes in the
7		terms and conditions of construction contracts, State regulations, or
8		State laws that will enhance employee safety and health on these
9		projects.
10	(9)	Effective July 1, 1996, to To authorize a State agency, a local
11		governmental unit, or any other entity subject to the provisions of G.S.
12		143-129 to use a method of contracting not authorized under G.S. 143-
13		128, including the use of the single prime contracting system without
14		soliciting bids under both the single and separate prime contract
15		systems.G.S. 143-128. An authorization under this subdivision for an
16		alternative contracting method shall be granted only under the
17		following conditions:
18		a. An authorization shall apply only to a single project.
19		b. The entity seeking authorization must demonstrate to the
20		Commission that the alternative contracting method is
21		necessary because the project cannot be reasonably completed
22		under the methods authorized under G.S. 143-128 or for such
23		other reasons as the Commission, pursuant to its rules and
24		criteria, deems appropriate and in the public's interest.
25		c. The authorization must be approved by two thirds <u>a majority</u> of
26		the members of the Commission present and voting.
27		The Commission shall not waive the requirements of G.S. 143-129 or
28		G.S. 143-132 for public contracts unless otherwise authorized by law.
29	(10)	To adopt rules, no later than January 1, 2002, governing review and
30		final approval of plans that are submitted to the State Construction
31		Office pursuant to G.S. 58-31-40. The rules shall provide for the
32		manner of submission of the plan by the owner, the type of structural
33		work that may be completed by the owner pursuant to
34		G.S. 58-31-40(c), and the expeditious review or completion of review
35		of the plan in a manner that ensures that the building will meet the fire
36		safety requirements of G.S. 58-31-40(b).
37	(11)	To direct the Department in the development of guidelines for agency
38		evaluation of energy savings contracts pursuant to G.S. 143-64.17F.
39	(12)	To develop dispute resolution procedures, including mediation, for
40		subcontractors under the single-prime contracting system and under
41		the construction management system on State capital improvement
42		projects and community college buildings as defined in subdivision (4)

42 through a guaranteed energy savings contract.			

1 d. The date, time, and place where proposals must be received. 2 The evaluation criteria for assessing the proposals. e. 3 f. A statement reserving the right of the local governmental unit to 4 reject any or all the proposals. 5 Any other stipulations and clarifications the local governmental g. 6 unit may require." 7 SECTION 12.(c) G.S. 143-64.17A reads as rewritten: 8 "§ 143-64.17A. Solicitation of guaranteed energy savings contracts. 9 Before entering into a guaranteed energy savings contract, a local (a) governmental unit shall issue a request for proposals. Notice of the request shall be 10 11 published at least 15 days in advance of the time specified for opening of the proposals 12 in at least one newspaper of general circulation in the geographic area for which the local governmental unit is responsible. No guaranteed energy savings contract shall be 13 14 awarded by any governmental unit unless at least two proposals have been received from qualified providers. Provided that if after the publication of the 15 16 notice of the request for proposals, fewer than two proposals have been received from qualified providers, the governing body of the local governmental unit shall again 17 publish notice of the request and if as a result of the second notice, one or more 18 proposals by qualified providers are received, the governing bodygovernmental unit 19 20 may then open the proposals and select a qualified provider even if only one proposal is 21 received. 22 (b) The local governmental unit shall evaluate a sealed proposal from any 23 qualified provider. Proposals shall contain estimates of all costs of installation, 24 modification, or remodeling, including costs of design, engineering, installation, 25 maintenance, repairs, and debt service, and estimates of energy savings. 26 Proposals received pursuant to this section shall be opened by a member or an (c) 27 employee of the governing body of the local governmental unit at a public opening at 28 which the contents of the proposals shall be announced and recorded in the minutes of 29 the governing body.governmental unit. Proposals shall be evaluated for the local governmental unit by a licensed architect or engineer on the basis of: 30 31 The information required in subsection (b) of this section; and (1)32 (2)The criteria stated in the request for proposals. 33 The local governmental unit may require a qualified provider to include in calculating the cost of a proposal for a guaranteed energy savings contract any reasonable fee 34 35 payable by the local governmental unit for evaluation of the proposal by a licensed 36 architect or professional engineer not employed as a member of the staff of the local governmental unit or the qualified provider. 37 38 The local governmental unit shall select the qualified provider that it (d) determines to best meet the needs of the local governmental unit by evaluating the 39 40 following:

- 41 (1) Prices offered;
- 42
- (2) Proposed costs of construction, financing, maintenance, and training;

1	(3)	Quality of the products proposed;	
2	(4)	Amount of energy savings;	
3	(5)	(5) General reputation and performance capabilities of the qualified	
4		providers;	
5	(6)	Substantial conformity with the specifications and other conditions set	
6		forth in the request for proposals;	
7	(7)	Time specified in the proposals for the performance of the contract;	
8		and	
9	(8)	Any other factors the local governmental unit deems necessary, which	
10	~ /	factors shall be made a matter of record.	
11	(e) Nothi	ng in this section shall limit the authority of local governmental units as	
12		cle 3D of this Chapter."	
13		FION 12.(d) G.S. 143-64.17B reads as rewritten:	
14		Guaranteed energy savings contracts.	
15		cal governmental unit may enter into a guaranteed energy savings	
16		qualified provider if all of the following apply:	
17	(1)	The term of the contract does not exceed 12 years from the date of the	
18	(1)	installation and acceptance by the local governmental unit of the	
19		energy conservation measures provided for under the contract.	
20	(2)	The local governmental unit finds that the energy savings resulting	
20	(2)	from the performance of the contract will equal or exceed the total cost	
22		of the contract.	
23	(3)	The energy conservation measures to be installed under the contract	
23	(5)	are for an existing building.	
25	(b) Befor	e entering into a guaranteed energy savings contract, the local	
26		nit shall provide published notice of the meeting at which it proposes to	
20 27	-	act, the names of the parties to the proposed contract, and the contract's	
28		tice must be published at least 15 days before the date of the meeting.	
20 29	• •	alified provider entering into a guaranteed energy savings contract under	
30	-	rovide a bond to the local governmental unit in the amount equal to one	
31	•	t (100%) of the total cost of the guaranteed energy savings contract to	
32	-	der's faithful performance. Any bonds required by this subsection shall	
33		e provisions of Article 3 of Chapter 44A of the General Statutes. If the	
33 34	5	g from a guaranteed energy savings contract are not as great as projected	
35		act and all required shortfall payments to the local governmental unit	
36			
30 37		made, the local governmental unit may terminate the contract without	
38		lditional obligation to the qualified provider.	
		ed in this section, "total cost" shall include, but not be limited to, costs	
39 40		costs of financing, and costs of maintenance and training during the	
40		ract. "Total cost" does not include any obligations on termination of the	
41	contract before	its expiration, provided that those obligations are disclosed when the	

42 contract is executed.

1	(e) A guaranteed energy savings contract may not require the local governmental
2	unit to purchase a maintenance contract or other maintenance agreement from the
3	qualified provider who installs energy conservation measures under the contract if the
4	local unit of government takes appropriate action to budget for its own forces or another
5	provider to maintain new systems installed and existing systems affected by the
6	guaranteed energy savings contract."
7	SECTION 12.(e) G.S. 143-64.17D reads as rewritten:
8	"§ 143-64.17D. Contract continuance.
9	A guaranteed energy savings contract may extend beyond the fiscal year in which it
10	becomes effective. Such a contract shall stipulate that it does not constitute a debt,
11	liability, or obligation of any local governmental unit or a pledge of the faith and credit
12	of any unit of local government.governmental unit."
13	SECTION 12.(f) Part 2 of Article 3B of Chapter 143 of the General Statutes
14 15	is amended by adding the following new section to read:
15 16	" <u>§ 143-64.17F. State agencies to use contracts when feasible.</u>
10 17	State governmental units, including State universities, shall evaluate the use of
17	guaranteed energy savings contracts in reducing energy costs and may use those
18 19	contracts when feasible and practical. The Department of Administration shall develop guidelines for agency evaluation of guaranteed energy savings contracts."
20	<u>guidelines for agency evaluation of guaranteed energy savings contracts.</u> " SECTION 12.(g) The Department of Administration shall develop a plan for
20	establishing and implementing an energy efficiency goal for all State buildings. The
$\frac{21}{22}$	Department shall report the plan to the General Assembly no later than May 1, 2002, by
23	filing copies with the Office of the President Pro Tempore of the Senate, the Office of
23 24	the Speaker of the House of Representatives, the legislative Fiscal Research Division,
25	and the Legislative Library.
25 26	SECTION 13. Nothing in this act limits the use of any method of
20 27	contracting authorized by local law or other applicable laws.
28	contracting autionzed by focur haw of other applicable haws.
29	PART IV. LANDSCAPE ARCHITECTURE LAW CHANGES
30	SECTION 14.(a) G.S. 89A-1(3) reads as rewritten:
31	"(3) Landscape architecture or the practice of landscape architecture. – The
32	preparation of plans and specifications and supervising the execution
33	of projects involving the arranging of land and the elements used
34	thereon for public and private use and enjoyment, embracing such
35	matters as the location and placement of buildings and structures, the
36	location, routing, and design of streets or other public or private ways
37	and associated drainage systems, soil conservation and erosion control,
38	stormwater management and surface or subsurface drainage, site
39	grading, and planting plans, all drainage, soil conservation, grading
40	and planting plans and erosion control, in accordance with the
41	accepted professional standards of public health, safety and welfare."

1 SECTION 14.(b) The State Board of Examiners for Engineers and 2 Surveyors and the Board of Landscape Architects are directed to meet and confer to 3 identify areas of overlap or common practice with respect to the scope of their 4 respective professions and to consider means for resolving disputes concerning 5 standards of practice, qualifications, and jurisdiction regarding such areas of overlap. 6 They shall present a joint written report to the General Assembly not later than April 30, 7 2002, concerning their findings and recommendations, and the General Assembly may 8 consider and take action on such report during its session in 2002 or at such other time 9 as it may deem appropriate.

10

11 PART V. EFFECTIVE DATE

12 **SECTION 15.** Sections 8(a) through 8(e) of this act become effective July 1, 13 2001. Section 11.1 of this act becomes effective January 1, 2002. The remainder of this 14 act is effective when it becomes law.
