1       (a) Creation and Source of Funds. – The Capital Improvements Reserve Account  
2 is established as a reserve in the General Fund. The State Controller shall reserve to the

32 by the State of North Carolina, the recipient of the appropriation shall actually receive  
33 as a gift, grant, earnings in actual money, or a pledge that can be used as collateral in

43 tax-sharing, but does not include appropriations for (i) capital expenditures or (ii)  
44 one-time expenditures due to natural disasters, federal mandates, or other emergencies.

1 before placing any other appropriations bill on the calendar for second reading. This

22 the Legislative Services Commission shall send a copy of the reports to the Director.

23 "Article 6.

24 "Administration of the Budget.

25 "Part 1. Certification and Administration of the Budget.

26 **"§ 143C-6-1. Budget enacted by the General Assembly; certified budgets of State**  
27 **agencies.**

28 (a) Governor to Administer the Budget as Enacted by the General Assembly. – In  
29 accordance with Section 5(3) of Article III of the North Carolina Constitution, the  
30 Governor shall administer the budget as enacted by the General Assembly. All  
31 appropriations of State funds now or hereafter made to the State agencies and non-State  
32 entities authorize expenditures only for the (i) purposes or programs and (ii) objects or  
33 line items enumerated in the Comprehensive Financial Plan and the Budget Support  
34 Document recommended to the General Assembly by the Governor, as amended and  
35 enacted by the General Assembly in the Current Operations Appropriations Act, the  
36 Capital Improvements Appropriations Act, or any other act affecting the State budget.  
37 The Governor shall ensure that appropriations are expended in strict accordance with  
38 the budget enacted by the General Assembly.

39 (b) Departmental Receipts. – Departmental receipts collected to support a  
40 program or purpose shall be credited to the fund from which appropriations have been  
41 made to support that program or purpose.

42 (c) Certification of the Budget. – The Director of the Budget shall certify to each  
43 State agency the amount appropriated to it for each program and each object from all  
44 governmental and proprietary funds. The certified budget for each State agency shall

1 reflect the total of all appropriations enacted for each State agency by the General  
2 Assembly in the Current Operations Appropriations Act, the Capital Improvements  
3 Appropriations Act, and any other act affecting the State budget. The certified budget  
4 for each State agency shall follow the format of the Budget Support Document as  
5 modified to reflect changes enacted by the General Assembly.

6 **"§ 143C-6-2. Methods to avoid deficit.**

7 (a) Appropriations. – Each appropriation is maximum and conditional. The  
8 expenditures authorized by an appropriation from a fund shall be made only if necessary  
9 and only if the aggregate revenues to the fund during each fiscal year of the biennium,  
10 when added to any unreserved fund balance from the previous fiscal year, are sufficient  
11 to support the expenditures.

12 (b) Revenue Collections. – The Director, with the assistance of the Secretary of  
13 Revenue and other officials collecting or receiving appropriated State revenue, shall  
14 continuously survey the revenue collections. If the Director finds that revenues to any  
15 fund, when added to the beginning unreserved fund balance in that fund, will be  
16 insufficient to support appropriations from that fund, the Director shall immediately  
17 notify the General Assembly that a deficit is anticipated. Prior to implementing any  
18 measures, the Director shall present to the General Assembly a plan containing such  
19 expenditure reductions and other lawful measures as the Director is prepared to  
20 implement in order to avert the deficit.

21 (c) Local Governments Funds. – In exercising the powers contained in Section  
22 5(3) of Article III of the North Carolina Constitution, the Governor shall not withhold  
23 from distribution funds that have been collected by the State on behalf of local  
24 governments or funds that the General Assembly has appropriated to local governments  
25 unless the Governor has exhausted all other sources of revenue of the State including  
26 any appropriated surplus remaining in the treasury at the beginning of the fiscal period.

27 In accordance with Section 19 of Article I of the North Carolina Constitution and the  
28 Due Process Clause of the United States Constitution, the State is prohibited from  
29 taking local tax revenue. This subsection does not authorize the Governor to withhold  
30 revenues from taxes levied by units of local governments and collected by the State.

31 **"§ 143C-6-3. Allotments.**

32 To receive the operating funds appropriated to it, a State agency shall submit to the  
33 Director, at intervals and in a format prescribed by the Director, a request for an  
34 allotment of the amount estimated to be required for the agency's operating costs during  
35 the ensuing fiscal period. The Director shall approve or modify the allotment requests,  
36 and the State Controller shall implement the allotments as approved or modified by the  
37 Director.

38 **"§ 143C-6-4. Budget Adjustments Authorized**

39 (a) Findings. – The General Assembly recognizes that even the most thorough  
40 budget deliberations may be affected by unforeseeable events. Under limited  
41 circumstances set forth in this section, the Director may adjust the enacted budget by  
42 making transfers among lines of expenditure, purposes, or programs or by increasing  
43 expenditures funded by departmental receipts. Under no circumstances, however, shall

1 total General Fund expenditures for a State department exceed the amount appropriated  
2 to that department from the General Fund for the fiscal year.

3 (b) Adjustments to the Enacted Budget. – Notwithstanding the provisions of  
4 G.S. 143C-6-1, a State agency may, with approval of the Director of the Budget, spend  
5 more than was authorized in the enacted budget for all of the following:

6 (1) An object or line item within a purpose or program so long as the total  
7 amount expended for the purpose or program is no more than was  
8 authorized in the enacted budget for the purpose or program.

9 (2) A purpose or program if the overexpenditure of the purpose or  
10 program is:

11 a. Required by a court or Industrial Commission order;

12 b. Authorized under G.S. 166A-5(1)a.9. of the Emergency  
13 Management Act; or

14 c. Required to call out the national guard.

15 (3) A purpose or program not subject to the provisions of subdivision  
16 (b)(2)b. of this subsection, but only in accord with the following  
17 restrictions: (i) the overexpenditure is required to continue the purpose  
18 or programs due to complications or changes in circumstances that  
19 could not have been foreseen when the budget for the fiscal period was  
20 enacted, (ii) the scope of the purpose or program is not increased, (iii)  
21 the overexpenditure is authorized on a nonrecurring basis, and (iv)  
22 under no circumstances shall the total requirements for a State  
23 department exceed the department's certified budget for the fiscal year  
24 by more than one percent (1%).

25 (c) Overexpenditures Reported. – The Director shall report quarterly, beginning  
26 October 31, to the Joint Legislative Commission on Governmental Operations on  
27 overexpenditures approved by the Director under subdivisions (2) and (3) of subsection  
28 (a) of this section.

29 (d) Overexpenditures in Senate Budget. – The President Pro Tempore of the  
30 Senate may approve expenditures for more than was authorized in the enacted budget  
31 for objects or line items in the budget of the Senate.

32 (e) Overexpenditures in House of Representatives Budget. – The Speaker of the  
33 House of Representatives may approve expenditures for more than was authorized in  
34 the enacted budget objects or line items in the budget of the House of Representatives.

35 (f) Transfers Between Line Items or Programs in General Assembly Budget  
36 Other Than Senate and House of Representatives. – Expenditures exceeding amounts  
37 authorized for programs, objects, or line items in the budget of the General Assembly  
38 other than those of the Senate and House of Representatives shall be approved jointly by  
39 the President Pro Tempore of the Senate and the Speaker of the House of  
40 Representatives.

41 (g) Transfers in The University of North Carolina Budget. – Transfers or changes  
42 within the budget of The University of North Carolina may be made as provided in  
43 Article 1 of Chapter 116 of the General Statutes.

1 **"§ 143C-6-5. No expenditures for purposes for which the General Assembly has**  
2 **considered but not enacted an appropriation.**

3 Notwithstanding any other provision of law, no funds from any source shall be  
4 expended for any new or expanded purpose, position, or other expenditure for which the  
5 General Assembly has considered but not enacted an appropriation of funds for the  
6 current fiscal period.

7 **"§ 143C-6-6. Payrolls.**

8 (a) Before a State agency establishes a new position or changes the funding of an  
9 existing position, the agency shall submit the proposed action to the Director for  
10 approval. The Director shall review the proposed action to ensure that funds for the  
11 action are included in the amount appropriated to the agency. If the Director approves  
12 the action, the Director shall notify the agency and the Controller of the approval. The  
13 Controller may not honor a voucher in payment of a payroll that includes a new position  
14 or a change in an existing position that has not been approved by the Director.

15 (b) This section does not apply to The University of North Carolina.

16 **"§ 143C-6-7. Compliance with Chapter and appropriations acts; appropriations to**  
17 **the General Assembly do not revert.**

18 (a) Compliance With Chapter and Appropriations Acts. – Except as otherwise  
19 provided by law, all expenditures of State funds by a State agency or a non-State entity  
20 shall be made in compliance with the State budget as enacted by the General Assembly  
21 and certified by the Director. If the Director finds that a State agency or non-State entity  
22 has spent or encumbered State funds for an unauthorized purpose, the Director shall  
23 take appropriate administrative action to ensure that no further irregularities occur and  
24 shall report to the Attorney General any facts that pertain to an apparent violation of a  
25 penal statute or an apparent instance of malfeasance, misfeasance, or nonfeasance by a  
26 person.

27 (b) Repayment of Funds Spent for an Unauthorized Purpose. – In addition to the  
28 provisions of subsection (a) of this section, if the Director finds that a State agency  
29 violated this section, the Director shall withhold any future allocations for the  
30 unauthorized purpose and shall also withhold future allocations to the Department in an  
31 amount equal to the funds unlawfully spent. If the Director finds that a non-State entity  
32 violated this section, the Director shall withhold any future allocations for the  
33 unauthorized purpose and shall request the Attorney General to take any legal action  
34 required to secure repayment of the funds unlawfully spent.

35 (c) Appropriations to the General Assembly Remain Available. – Appropriations  
36 to the General Assembly shall remain available until expended, unless otherwise  
37 provided by the Legislative Services Commission.

38 **"§ 143C-6-8. State agencies may incur financial obligations only if authorized by**  
39 **the Director of the Budget and subject to the availability of appropriated**  
40 **funds.**

41 Unless otherwise authorized by the Director as provided by law, purchase orders,  
42 contracts, salary commitments, and any other financial obligations by State agencies  
43 shall be subject to the availability of appropriated funds.

44 **"§ 143C-6-9. Use of lapsed salary savings.**

1 Lapsed salary savings may be expended only for nonrecurring purposes or line  
2 items.

3 **"§ 143C-6-10. Transfers to Department of Health and Human Services.**

4 (a) Medicaid. – Political subdivisions may appropriate funds directly to the  
5 Department of Health and Human Services for Medicaid programs. Other public  
6 agencies and private sources may transfer funds to the Department for Medicaid  
7 programs. The Department may accept unconditional and unrestricted donations of the  
8 funds. Notwithstanding the provisions of this Chapter that might forbid the transfer or  
9 donation of funds, the University of North Carolina Hospitals at Chapel Hill may  
10 transfer funds as provided by the previous sentence of this section.

11 (b) Use of Funds. – Contributed funds for Medicaid are subject to the  
12 Department of Health and Human Services administrative control and be allocated as  
13 provided in the Current Operations Appropriations Act, except the contributions shall  
14 not reduce State general revenue funding. At the end of any fiscal year, the  
15 unencumbered balance of any of the funds shall not revert to the General Fund, but shall  
16 be reappropriated for these purposes in the next fiscal year.

17 "Part 2. Highway Appropriations.

18 **"§ 143C-6-11. Highway appropriation.**

19 (a) General Provisions. – Appropriations made for transportation projects are  
20 subject to the provisions in this section. If the provisions in this section conflict with the  
21 budget acts, the budget acts prevail.

22 (b) Cash Flow Management of Transportation Projects. – Transportation Project  
23 funds shall be budgeted, expended, and accounted for on a 'cash flow' basis. Pursuant to  
24 this end, transportation project contracts shall be planned and limited so payments due  
25 at any time will not exceed the cash available to pay them.

26 (c) Appropriations Are for Payments and Contract Commitments to Be Made in  
27 the Appropriation Fiscal Year. – The appropriations for transportation projects are for  
28 maximum payments estimated to be made during the appropriation fiscal year and for  
29 maximum contracting authority for future years. Transportation project contracts shall  
30 be scheduled so that the total contract payments and other expenditures charged to  
31 projects in the fiscal year for each transportation project appropriation item will not  
32 exceed the current appropriations provided by the General Assembly and unspent prior  
33 appropriations made by the General Assembly for the particular appropriation item.

34 (d) Payments Subject to Availability of Funds. – The annual appropriations for  
35 transportation projects shall be expended only to the extent that sufficient funds are  
36 available in the Highway Fund.

37 (e) Retainage Fully Funded. – The Department of Transportation shall fully fund  
38 retainage from transportation project contracts in the year in which the work is  
39 performed.

40 (f) Five Percent of the Cash Balance Required. – The Department of  
41 Transportation shall maintain an available cash balance at the end of each month equal  
42 to at least five percent (5%) of the unpaid balance of the total transportation project  
43 contract obligations. In the event this cash position is not maintained, no further  
44 transportation project contract commitments may be entered into until the cash balance

1 has been regained. For the purposes of awarding contracts involving federal aid, any  
2 amount due from the federal government and the Highway Bond Fund as a result of  
3 unreimbursed expenditures may be considered as cash for the purposes of this  
4 provision.

5 (g) Anticipation of Revenues. – In awarding State transportation project contracts  
6 requiring payments beyond a biennium, the Director may anticipate revenues as  
7 authorized and certified by the General Assembly to continue contract payments for up  
8 to seventy-five percent (75%) of the revenues which are estimated for the first fiscal  
9 year of the succeeding biennium and which are not required for other budget items. Up  
10 to fifty percent (50%) of the revenues not required for other budget items may be  
11 anticipated for the second and subsequent fiscal years' contract payments. Up to forty  
12 percent (40%) of the revenues not required for other budget items may be anticipated  
13 for the first year of the second succeeding biennium and up to twenty percent (20%) of  
14 the revenues not required for other budget items may be anticipated for the second year  
15 of the second succeeding biennium.

16 (h) Amounts Encumbered. – Transportation project appropriations may be  
17 encumbered in the amount of allotments made to the Department of Transportation by  
18 the Director for the estimated payments for transportation project contract work to be  
19 performed in the appropriation fiscal year. The allotments shall be multiyear allotments  
20 and shall be based on estimated revenues and shall be subject to the maximum contract  
21 authority contained in subsection (c) above. Payment for transportation project work  
22 performed pursuant to contract in any fiscal year other than the current fiscal year is  
23 subject to appropriations by the General Assembly. Transportation project contracts  
24 shall contain a schedule of estimated completion progress, and any acceleration of this  
25 progress shall be subject to the approval of the Department of Transportation provided  
26 funds are available. The State reserves the right to terminate or suspend any  
27 transportation project contract, and any transportation project contract shall be so  
28 terminated or suspended if funds will not be available for payment of the work to be  
29 performed during that fiscal year pursuant to the contract. In the event of termination of  
30 any contract, the contractor shall be given a written notice of termination at least 60  
31 days before completion of scheduled work for which funds are available. In the event of  
32 termination, the contractor shall be paid for the work already performed in accordance  
33 with the contract specifications.

34 (i) Provision Incorporated in Contracts. – The provisions of subsection (h) of this  
35 section shall be incorporated verbatim in all transportation project contracts.

36 (j) Existing Contracts Are Not Affected. – The provisions of this section shall  
37 not apply to transportation project contracts awarded by the Department of  
38 Transportation prior to July 15, 1980.

39 (k) The Department of Transportation shall do all of the following:

- 40 (1) Utilize cash flow financing to the extent possible to fund transportation  
41 projects with the goal of reducing the combined average daily cash  
42 balance of the Highway Fund and the Highway Trust Fund to an  
43 amount equal to the twelve percent (12%) of the combined estimate of  
44 the yearly receipts of the Funds. The target amount shall include an

1           amount necessary to make all municipal-aid funding requirements of  
2           the Department.

3           (2) Establish necessary management controls to facilitate use of cash flow  
4           financing, such as establishment of a financial planning committee,  
5           development of a monthly financing report, establishment of  
6           appropriate fund cash level targets, review of revenue forecasting  
7           procedures, and reduction of accrued unbilled costs.

8           (3) Report annually, on October 1 of each year, to the Joint Legislative  
9           Transportation Oversight Committee on its cash management policies  
10           and results.

11           "Part 3. Non-State Entities Receiving State Funds.

12 **"§ 143C-6-12. Payments to non-State entities.**

13           Except as otherwise provided by law, an annual appropriation of one hundred  
14           thousand dollars (\$100,000) or less to or for the use of a nonprofit corporation shall be  
15           made in a single annual payment. An annual appropriation of more than one hundred  
16           thousand dollars (\$100,000) to or for the use of a nonprofit corporation shall be made in  
17           quarterly or monthly payments, in the discretion of the Director of the Budget.

18 **"§ 143C-6-13. Report on use of State funds by non-State entities.**

19           (a) Disbursement and Use of State Funds. – Every non-State entity that receives,  
20           uses, or expends any State funds shall use or expend the funds only for the purposes for  
21           which they were appropriated by the General Assembly or collected by the State. State  
22           funds include federal funds that flow through the State. For the purposes of this section,  
23           the term "grantee" means a non-State entity other than an individual or a unit of local  
24           government that receives a grant of State funds from a State agency, department, or  
25           institution.

26           The State shall not disburse State funds appropriated by the General Assembly to  
27           any grantee or collected by the State for use by any grantee unless that grantee:

28           (1) Provides all reports and financial information required under this  
29           section to the appropriate State agencies and officials; and

30           (2) Provides any additional information that the Office of State Budget  
31           and Management deems necessary demonstrating that such grantee is  
32           capable of managing the funds in accordance with law and has  
33           established adequate financial procedures and controls.

34           All financial statements furnished to the State Auditor pursuant to this section, and  
35           any audits or other reports prepared by the State Auditor, are public records.

36           (b) State Agency Responsibilities. – A State agency that receives State funds and  
37           then disburses the State funds to a grantee shall:

38           (1) Submit documents to the State Auditor in a prescribed format  
39           describing standards of compliance and suggested audit procedures  
40           sufficient to give adequate direction to independent auditors  
41           performing audits.

42           (2) Annually, at the time the grant is made, notify each grantee, in writing,  
43           of the reporting requirements set forth in this section and that the State  
44           agency is not authorized to disburse funds to grantees that fail to

1 comply with the reporting requirements for funds received during the  
2 prior fiscal year.

3 (3) Provide each grantee with the accounting form and other requirements  
4 prescribed by the State Auditor.

5 (4) Submit a list to the State Auditor by October 31 each year of every  
6 grantee to which the agency disbursed State funds in the prior fiscal  
7 year, the amount disbursed to each grantee, and other such information  
8 as required by the State Auditor to comply with the requirements set  
9 forth in this section.

10 (5) Submit a list to the Office of State Budget and Management by  
11 January 31 each year of every grantee to which the agency disbursed  
12 State funds in the prior fiscal year and, for each grantee, whether that  
13 grantee has filed the sworn accounting required by subsection (c) of  
14 this section and whether the sworn accounting is in compliance with  
15 subsection (c) of this section.

11 lost or expended for purposes other than, or in amounts in excess of those found  
12 necessary by the Secretary of Labor for the proper administration of this Chapter, it is  
13 the policy of this State that such moneys, not available from the Special Employment  
14 Security Administration Fund established by subsection (c) of this section, shall be  
15 replaced by moneys appropriated for such purpose from the general funds of this State  
16 to the Employment Security Administration Fund for expenditure as provided in  
17 subsection (a) of this section. Upon receipt of notice of such a finding by the Secretary

31 the Secretary of Labor not to be proper and valid charges payable out of any funds in  
32 the Employment Security Administration Fund received from any source and shall also  
33 be used by the Commission for: (i) extensions, repairs, enlargements and improvements  
34 to buildings, and the enhancement of the work environment in buildings used for

8 disbursed in the same manner and under the same conditions and requirements as is  
9 provided by law for other special funds in the State treasury, and shall be maintained in  
10 a separate account on the books of the State treasury. The State Treasurer shall be liable  
11 on his official bond for the faithful performance of his duties in connection with the  
12 Special Employment Security Administration Fund provided for under this Chapter.  
13 Such liability on the official bond shall be effective immediately upon the enactment of  
14 this provision, and such liability shall exist in addition to any liability upon any separate  
15 bond existent on the effective date of this provision, or which may be given in the  
16 future. All sums recovered on any surety bond for losses sustained by the Special  
17 Employment Security Administration Fund shall be deposited in said fund. The moneys  
18 in the Special Employment Security Administration Fund shall be continuously  
19 available to the Commission for expenditure in accordance with the provisions of this  
20 section.

21 (c1) The Employment Security Commission shall report to the Joint Legislative  
22 Commission on Governmental Operations and to the Fiscal Research Division no later

26 notwithstanding, the Commission is authorized to requisition and receive from its  
27 account in the unemployment trust fund in the treasury of the United States of America,  
28 in the manner permitted by federal law, such moneys standing to its credit in such fund,  
29 as are permitted by federal law to be used for expense of administering this Chapter and  
30 to expend such moneys for such purpose, without regard to a determination of necessity  
31 by a federal agency. The State Treasurer shall be treasurer and custodian of the amounts  
32 of money so requisitioned. Such moneys shall be deposited, administered, and disbursed  
33 in the same manner and under the same conditions and requirements as are provided by  
34 law for other special funds in the State treasury.

5 expenditure for such purposes; and provided that said funds shall not be obligated for  
6 expenditure, as herein provided, after the close of the two-year period which begins on  
7 the effective date of the appropriation.

23 aggregate principal amount not to exceed three million five hundred thousand dollars  
24 (\$3,500,000) during the biennium ending June 30, 1971; provided, however, that the  
25 aggregate principal amount of revenue bonds which the Board is authorized to issue  
26 under this section during the biennium ending June 30, 1973, shall not exceed thirteen  
27 million dollars (\$13,000,000); provided, further, that the aggregate principal amount of  
28 revenue bonds which the Board is authorized to issue under this section during the  
29 biennium ending June 30, 1975, shall not exceed thirteen million dollars (\$13,000,000).  
30 The bonds shall be dated, shall mature at such time or times not exceeding 30 years  
31 from their date or dates, and shall bear interest at such rate or rates as may be  
32 determined by the Board, and may be made redeemable before maturity at the option of  
33 the Board at such price or prices and under such terms and conditions as may be fixed  
34 by the Board prior to the issuance of the bonds. The Board shall determine the form and  
35 manner of execution of the bonds, and any interest coupons to be attached thereto, and  
36 shall fix the denomination or denominations of the bonds and the place or places of  
37 payment of principal and interest, which may be at any bank or trust company within or  
38 without the State. In case any officer whose signature or a facsimile of whose signature  
39 appears on any bonds or coupons shall cease to be such officer before the delivery of  
40 such bonds, such signature or such facsimile shall nevertheless be valid and sufficient  
41 for all purposes the same as if he had remained in office until such delivery.  
42 Notwithstanding any of the other provisions of this Part or any recitals in any bonds  
43 issued under the provisions of this Part, all such bonds shall be deemed to be negotiable  
44 instruments under the laws of this State. The bonds may be issued in coupon or

1 registered form or both, as the Board may determine, and provision may be made for the  
2 registration of any coupon bonds as to principal alone and also as to both principal and  
3 interest, and for the reconversion into coupon bonds of any bonds registered as to both  
4 principal and interest. The Board may sell such bonds in such manner, at public or  
5 private sale, and for such price, as it may determine to be for the best interests of the  
6 University.

7 The proceeds of the bonds of each issue shall be used solely for the purpose for  
8 which such bonds shall have been authorized and shall be disbursed in such manner and  
9 under such restrictions, if any, as the Board may provide in the resolution authorizing  
10 the issuance of such bonds. Unless otherwise provided in the authorizing resolution, if  
11 the proceeds of such bonds, by error of estimates or otherwise, shall be less than such  
12 costs, additional bonds may in like manner be issued to provide the amount of such  
13 deficit and shall be deemed to be of the same issue and shall be entitled to payment  
14 from the same fund without preference or priority of the bonds first issued for the same  
15 purpose.

16 The resolution providing for the issuance of revenue bonds may also contain such  
17 limitations upon the issuance of additional revenue bonds as the Board may deem  
18 proper, and such additional bonds shall be issued under such restrictions and limitations  
19 as may be prescribed by such resolution.

20 Prior to the preparation of definitive bonds, the Board may, under like restrictions,  
21 issue interim receipts or temporary bonds, with or without coupons, exchangeable for  
22 definitive bonds when such bonds shall have been executed and are available for  
23 delivery. The Board may also provide for the replacement of any bonds which shall  
24 become mutilated or be destroyed or lost.

25 Bonds may be issued by the Board under the provisions of this Part, subject to the  
26 approval of the Director of the Budget, but without obtaining the consent of any other  
27 commission, board, bureau or agency of the State, and without any other proceedings or  
28 the happening of any other conditions or things than those consents, proceedings,  
29 conditions or things which are specifically required by this Part.

30 Revenue bonds issued under the provisions of this Part shall not be deemed to  
31 constitute a debt of the State of North Carolina or a pledge of the faith and credit of the  
32 State, but such bonds shall be payable solely from the funds herein provided therefor  
33 and a statement to that effect shall be recited on the face of the bonds.

34 The Board is hereby authorized to issue, subject to the approval of the Director of  
35 the Budget, at one time or from time to time, revenue bond anticipation notes of the  
36 Board in anticipation of the issuance of bonds authorized pursuant to the provisions of  
37 this Part. The principal of and the interest on such notes shall be payable solely from the  
38 proceeds of bonds or renewal notes or, in the event bond or renewal note proceeds are  
39 not available, any available revenues of the project or projects for which such bonds  
40 shall have been authorized. The notes of each issue shall be dated, shall mature at such  
41 time or times not exceeding two years from their date or dates, shall bear interest at such  
42 rate or rates as may be determined by the Board, and may be made redeemable before  
43 maturity, at the option of the Board, at such price or prices and under such terms and  
44 conditions as may be fixed by the Board, and may be made redeemable before maturity,

1 at the option of the Board, at such price or prices and under such terms and conditions  
2 as may be fixed by the Board prior to the issuance of the notes. The Board shall  
3 determine the form and manner of execution of the notes, including any interest  
4 coupons to be attached thereto, and shall fix the denomination or denominations of the  
5 notes and the place or places of payment of principal and interest, which may be at any  
6 bank or trust company within or without the State. In case any officer, whose signature  
7 or a facsimile of whose signature shall appear on any notes or coupons, shall cease to be  
8 such officer before the delivery of such notes, such signature or such facsimile shall  
9 nevertheless be valid and sufficient for all purposes the same as if he had remained in  
10 office until such delivery. Notwithstanding any of the other provisions of this Part or  
11 any recitals in any notes issued under the provisions of this Part, all such notes shall be  
12 deemed to be negotiable instruments under the laws of this State. The notes may be  
13 issued in coupon or registered form or both, as the Board may determine, and provision  
14 may be made for the registration of any coupon notes as to principal alone and also as to  
15 both principal and interest, and for the reconversion into coupon notes of any notes  
16 registered as to both principal and interest. The Board may sell such notes in such  
17 manner, at public or private sale, and for such price, as it may determine to be for the  
18 best interests of the University.

19 The proceeds of the notes of each issue shall be used solely for the purpose for  
20 which the bonds in anticipation of which such notes are being issued shall have been  
21 authorized, and such note proceeds shall be disbursed in such manner and under such  
22 restrictions, if any, as the Board may provide in the resolution authorizing the issuance  
23 of such notes or bonds.

24 The resolution providing for the issuance of notes or bonds may also contain such  
25 limitations upon the issuance of additional notes as the Board may deem proper, and  
26 such additional notes shall be issued under such restrictions and limitations as may be  
27 prescribed by such resolution.

28 Notes may be issued by the Board under the provisions of this Part, subject to the  
29 approval of the Director of the Budget, but without obtaining the consent of any other  
30 commission, board, bureau or agency of the State, and without any other proceedings or  
31 the happening of any other conditions or things than those consents, proceedings,  
32 conditions or things which are specifically required by this Part.

33 Revenue bond anticipation notes issued under the provisions of this Part shall not be  
34 deemed to constitute a debt of the State of North Carolina or a pledge of the faith and  
35 credit of the State, but such notes shall be payable solely from the funds herein provided  
36 therefor and a statement to that effect shall be recited on the face of the notes.

37 Unless the context shall otherwise indicate, the word "bonds," wherever used in this  
38 Part, shall be deemed and construed to include the words "bond anticipation notes."

3 **SECTION 58.** G.S. 117-3.1 reads as rewritten:

4 "**§ 117-3.1. Regulatory fee.**

5 (a) Fee imposed. – It is the policy of the State of North Carolina to provide fair  
6 regulation of electric and telephone membership corporations in the interest of the  
7 public. The cost of regulating electric and telephone membership corporations is a  
8 burden incident to the privilege of operating as an electric or telephone membership  
9 corporation. Therefore, for the purpose of defraying the cost of regulating electric and  
10 telephone membership corporations, every electric and telephone membership  
11 corporation subject to the jurisdiction of the Authority shall pay a quarterly regulatory  
12 fee, in addition to all other fees and taxes, as provided in this section. The fees collected  
13 shall be used only to pay the expenses of the Authority in regulating electric and  
14 telephone membership corporations in the interest of the public.

15 (b) Rate. – For each fiscal year, the regulatory fee shall be the greater of the  
16 following:

- 17 (1) The rate established by the General Assembly for that year for each  
18 electric membership corporation's North Carolina meter connected for  
19 service and each telephone membership corporation's North Carolina  
20 access line connected for service for each quarter of the year.  
21 (2) Four cents (4¢) for each electric membership corporation's North  
22 Carolina meter connected for service and for each telephone  
23 membership corporation's North Carolina access line connected for  
24 service for each quarter of the year.

25 When the Authority prepares its budget request for the upcoming fiscal year, the  
26 Authority shall propose a rate for the regulatory fee. For fiscal years beginning in an  
27 odd-numbered year, that proposed rate shall be included in the budget message the  
28 Governor submits to the General Assembly pursuant to ~~G.S. 143-11~~. G.S. 143C-3-5. For  
29 fiscal years beginning in an even-numbered year, that proposed rate shall be included in  
30 a special budget message the Governor shall submit to the General Assembly. If the  
31 General Assembly decides to set the regulatory fee at a rate higher than the rate in  
32 subdivision (2) of this subsection, it shall set the regulatory fee by law.

33 The regulatory fee may not exceed the amount necessary to generate funds sufficient  
34 to defray the estimated cost of the operations of the Authority for the upcoming fiscal  
35 year, including a reasonable margin for a reserve fund. The amount of the reserve may  
36 not exceed the estimated cost of operating the Authority for the upcoming fiscal year. In  
37 calculating the amount of the reserve, the General Assembly shall consider all relevant  
38 factors that may affect the cost of operating the Authority or a possible unanticipated  
39 increase or decrease in North Carolina electric meters and North Carolina telephone  
40 access lines.

41 (c) When Due. – The regulatory fee imposed under this section is due and  
42 payable to the Authority on or before the 15th day of the second month following the  
43 end of each quarter. Every electric and telephone membership corporation subject to the  
44 regulatory fee shall, on or before the date the fee is due for each quarter, prepare and

1 render a report on a form prescribed by the Authority. The report shall state the electric  
2 or telephone membership corporation's total North Carolina electric meters or North  
3 Carolina telephone access lines connected for service for the preceding quarter and shall  
4 be accompanied by any supporting documentation that the Authority may by rule  
5 require.

6 (d) Use of Proceeds. – A special fund in the office of the State Treasurer, the  
7 North Carolina Rural Electrification Authority Fund (NCREA Fund), is created. The  
8 fees collected pursuant to this section and all other funds received by the Authority shall  
9 be deposited in the NCREA Fund. The NCREA Fund shall be placed in an interest  
10 bearing account and any interest or other income derived from the NCREA Fund shall  
11 be credited to the NCREA Fund. Moneys in the NCREA Fund shall only be spent  
12 pursuant to an appropriation by the General Assembly.

13 The NCREA Fund shall be subject to the provisions of the ~~Executive Budget Act~~  
14 State Budget Act except that no unexpended surplus of the NCREA Fund shall revert to  
15 the General Fund. All funds credited to the NCREA Fund shall be used only to pay the  
16 expenses of the Authority in regulating electric and telephone membership corporations  
17 in the interest of the public as provided by this Chapter."

18 **SECTION 59.** G.S. 120-32(11) reads as rewritten:

19 "**§ 120-32. Commission duties.**

20 The Legislative Services Commission is hereby authorized to:

21 ...

22 (11) To specify the uses within the General Assembly budget of funds  
23 appropriated to the General Assembly which remain available for  
24 expenditure after the end of the biennial fiscal period, and to revert  
25 funds under ~~G.S. 143-18~~.G.S. 143C-1-2."

26 **SECTION 60.** G.S. 120-36.6 reads as rewritten:

27 "**§ 120-36.6. Legislative Fiscal Research staff participation.**

28 ~~Legislative fiscal research staff members may attend all meetings of the Advisory~~

42 The Department of Administration has the following powers and duties:

- 43 ...  
44 (3) Architecture and Engineering:

- 1 a. To examine and approve all plans and specifications for the
- 2 construction or renovation of:
- 3 1. All State buildings or buildings located on State lands,
- 4 except those buildings over which a local building code
- 5 inspection department has and exercises jurisdiction; and
- 6 2. All community college buildings requiring the estimated
- 7 expenditure for construction or repair work for which
- 8 public bidding is required under G.S. 143-129 prior to

- 11 made after the contract for such work has been awarded.
- 12 b. To assist, as necessary, all agencies in the preparation of
- 13 requests for appropriations for the construction or renovation of
- 14 all State buildings.
- 15 b1. To certify that a statement of needs pursuant to ~~G.S. 143-6~~
- 16 G.S. 143C-3-3 is feasible. For purposes of this sub-subdivision,
- 17 "feasible" means that the proposed project is sufficiently
- 18 defined in overall scope; building program; site development;
- 19 detailed design, construction, and equipment budgets; and
- 20 comprehensive project scheduling so as to reasonably ensure
- 21 that it may be completed with the amount of funds requested.
- 22 At the discretion of the General Assembly, advanced planning

36 Except for sub-subdivisions b. and b1. of this subdivision, this  
 37 subdivision does not apply to the design, construction, or renovation of  
 38 projects by The University of North Carolina pursuant to

40 **SECTION 97.** G.S. 143-341(8) reads as rewritten:

41 **"§ 143-341. Powers and duties of Department.**

42 The Department of Administration has the following powers and duties:

- 43 ...
- 44 (8) General Services:

- 1 a. To locate, maintain and care for public buildings and grounds;  
2 to establish, locate, maintain, and care for walks, driveways,  
3 trees, shrubs, flowers, fountains, monuments, memorials,  
4 markers, and tablets on public grounds; and to beautify the  
5 public grounds.
- 6 b. To provide necessary and adequate cleaning and janitorial

8 maintenance services for the public buildings and grounds.
- 9 c. To provide necessary night watchmen for the public buildings  
10 and grounds.
- 11 d. To make prompt repair of all public buildings and the  
12 equipment, furniture, and fixtures thereof; and to establish and  
13 operate shops for that purpose.
- 14 e. To keep in repair, out of funds appropriated for that purpose,  
15 the furniture of the halls of the Senate and House of  
16 Representatives and the rooms of the Capitol used by the  
17 officers, clerks, and other employees of the General Assembly.
- 18 f. Struck out by Session Laws 1959, c. 68, s. 3.
- 19 g. To establish and operate a mail service center that shall be used  
20 by all State agencies other than the Employment Security  
21 Commission, and in connection therewith and in the discretion  
22 of the Secretary, to do all things necessary in connection with  
23 the maintenance of the mail service center. The Secretary shall  
24 allocate and charge against the respective departments and  
25 agencies their proportionate parts of the cost of the maintenance  
26 of the mail service center. The Secretary shall develop a plan  
27 for the efficient operation of the center that meets the needs of  
28 State agencies, ensures timely delivery of mail, and ensures no  
29 loss of federal funds.
- 30 h. To provide necessary and adequate messenger service for the  
31 State agencies served by the Department. However, this may  
32 not be construed as preventing the employment and control of  
33 messengers by any State agency when those messengers are  
34 compensated out of the funds of the employing agency.
- 35 i. To establish and operate a central motor pool and such  
36 subsidiary related facilities as the Secretary may deem  
37 necessary, and to that end:
- 38 1. To establish and operate central facilities for the  
39 maintenance, repair, and storage of state-owned  
40 passenger motor vehicles for the use of State agencies; to  
41 utilize any available State facilities for that purpose; and  
42 to establish such subsidiary facilities as the Secretary  
43 may deem necessary.

- 1                   2.     To acquire passenger motor vehicles by transfer from  
2                   other State agencies and by purchase. All motor vehicles  
3                   transferred to or purchased by the Department shall  
4                   become part of a central motor pool.
- 5                   3.     To require on a schedule determined by the Department  
6                   all State agencies to transfer ownership, custody or  
7                   control of any or all passenger motor vehicles within the  
8                   ownership, custody or control of that agency to the  
9                   Department, except those motor vehicles under the  
10                  ownership, custody or control of the Highway Patrol or  
11                  the State Bureau of Investigation which are used  
12                  primarily for law-enforcement purposes, and except  
13                  those motor vehicles under the ownership, custody or  
14                  control of the Department of Crime Control and Public  
15                  Safety for Butner Public Safety which are used primarily  
16                  for law-enforcement, fire, or emergency purposes.
- 17                  4.     To maintain, store, repair, dispose of, and replace  
18                  state-owned motor vehicles under the control of the  
19                  Department, using best management practices. The  
20                  Department shall ensure that state-owned vehicles are  
21                  replaced when most cost effective using a replacement  
22                  formula developed by the Department and reviewed  
23                  periodically for appropriateness of use. The Department  
24                  shall report semiannually to the cochairs of the Joint  
25                  Appropriations Subcommittee on General Government,  
26                  on or before October 15 and March 15, on the effect of  
27                  any new or revised replacement formula on the cost of  
28                  operating the central motor pool, including the amount of  
29                  any savings from use of any new or revised replacement  
30                  formula.
- 31                  5.     Upon proper requisition, proper showing of need for use  
32                  on State business only, and proper showing of proof that  
33                  all persons who will be driving the motor vehicle have  
34                  valid drivers' licenses, to assign economically suitable  
35                  transportation, either on a temporary or permanent basis,  
36                  to any State employee or agency. An agency assigned a  
37                  motor vehicle may not allow a person to operate that  
38                  motor vehicle unless that person displays to the agency  
39                  and allows the agency to copy that person's valid driver's  
40                  license. Notwithstanding G.S. 20-30(6), persons or  
41                  agencies requesting assignment of motor vehicles may  
42                  photostat or otherwise reproduce drivers' licenses for  
43                  purposes of complying with this subpart.

1 As used in this subpart, "economically suitable  
2 transportation" means the most cost-effective standard  
3 vehicle in the State motor fleet, unless special towing  
4 provisions are required by the agency. The Department  
5 may not assign any employee or agency a motor vehicle  
6 that is not economically suitable. The Department shall  
7 not approve requests for vehicle assignment or  
8 reassignment when the purpose of that assignment or  
9 reassignment is to provide any employee with a newer or  
10 lower mileage vehicle because of his or her rank,  
11 management authority, or length of service or because of  
12 any non-job-related reason. The Department shall not  
13 assign "special use" vehicles, such as four-wheel drive  
14 vehicles or law enforcement vehicles, to any agency or  
15 individual except upon written justification, verified by  
16 historical data, and accepted by the Secretary. The  
17 Department may provide law enforcement vehicles only  
18 to those agencies which have statutory pursuit authority.

- 19 6. To allocate and charge against each State agency to  
20 which transportation is furnished, on a basis of mileage  
21 or of rental, its proportionate part of the cost of  
22 maintenance and operation of the motor pool.

23 The amount allocated and charged by the Department  
24 of Administration to State agencies to which  
25 transportation is furnished shall be at least as follows:

- 26 I. Pursuit vehicles and full size four-wheel drive  
27 vehicles \$.24/mile.  
28 II. Vans and compact four-wheel drive vehicles –  
29 \$.22/mile.  
30 III. All other vehicles – \$.20/mile.  
31 7. To adopt, with the approval of the Governor, reasonable  
32 rules for the efficient and economical operation,  
33 maintenance, repair, and replacement, as limited in  
34 paragraph 4. of this subdivision, of all state-owned motor  
35 vehicles under the control of the Department, and to  
36 enforce those rules; and to adopt, with the approval of  
37 the Governor, reasonable rules regulating the use of  
38 private motor vehicles upon State business by the  
39 officers and employees of State agencies, and to enforce  
40 those rules. The Department, with the approval of the  
41 Governor, may delegate to the respective heads of the  
42 agencies to which motor vehicles are permanently  
43 assigned by the Department the duty of enforcing the  
44 rules adopted by the Department pursuant to this

1 paragraph. Any person who violates a rule adopted by  
2 the Department and approved by the Governor is guilty  
3 of a Class 1 misdemeanor.

4 7a. To adopt with the approval of the Governor and to  
5 enforce rules and to coordinate State policy regarding (i)  
6 the permanent assignment of state-owned passenger  
7 motor vehicles and (ii) the use of and reimbursement for  
8 those vehicles for the limited commuting permitted by  
9 this subdivision. For the purpose of this subdivision 7a,  
10 "state-owned passenger motor vehicle" includes any  
11 state-owned passenger motor vehicle, whether or not  
12 owned, maintained or controlled by the Department of  
13 Administration, and regardless of the source of the funds  
14 used to purchase it. Notwithstanding the provisions of  
15 G.S. 20-190 or any other provisions of law, all  
16 state-owned passenger motor vehicles are subject to the  
17 provisions of this subdivision 7a; no permanent  
18 assignment shall be made and no one shall be exempt  
19 from payment of reimbursement for commuting or from  
20 the other provisions of this subdivision 7a except as  
21 provided by this subdivision 7a. Commuting, as defined  
22 and regulated by this subdivision, is limited to those  
23 specific cases in which the Secretary has received and  
24 accepted written justification, verified by historical data.  
25 The Department shall not assign any state-owned motor  
26 vehicle that may be used for commuting other than those  
27 authorized by the procedure prescribed in this  
28 subdivision.

29 A State-owned passenger motor vehicle shall not be  
30 permanently assigned to an individual who is likely to  
31 drive it on official business at a rate of less than 3,150  
32 miles per quarter unless (i) the individual's duties are  
33 routinely related to public safety or (ii) the individual's  
34 duties are likely to expose the individual routinely to  
35 life-threatening situations. A State-owned passenger  
36 motor vehicle shall also not be permanently assigned to  
37 an agency that is likely to drive it on official business at  
38 a rate of less than 3,150 miles per quarter unless the  
39 agency can justify to the Division of Motor Fleet  
40 Management the need for permanent assignment because  
41 of the unique use of the vehicle. Each agency, other than  
42 the Department of Transportation, that has a vehicle  
43 assigned to it or has an employee to whom a vehicle is  
44 assigned shall submit a quarterly report to the Division

1 of Motor Fleet Management on the miles driven during  
2 the quarter by the assigned vehicle. The Division of  
3 Motor Fleet Management shall review the report to  
4 verify that each motor vehicle has been driven at the  
5 minimum allowable rate. If it has not and if the  
6 department by whom the individual to which the car is  
7 assigned is employed or the agency to which the car is  
8 assigned cannot justify the lower mileage for the quarter,  
9 the permanent assignment shall be revoked immediately.  
10 The Department of Transportation shall submit an annual  
11 report to the Division of Motor Fleet Management on the  
12 miles driven during the year by vehicles assigned to the  
13 Department or to employees of the Department. If a  
14 vehicle included in this report has not been driven at  
15 least 12,600 miles during the year, the Department of  
16 Transportation shall review the reasons for the lower  
17 mileage and decide whether to terminate the assignment.  
18 The Division of Motor Fleet Management may not  
19 revoke the assignment of a vehicle to the Department of  
20 Transportation or an employee of that Department for  
21 failure to meet the minimum mileage requirement unless  
22 the Department of Transportation consents to the  
23 revocation.

24 Every individual who uses a State-owned passenger  
25 motor vehicle, pickup truck, or van to drive between the  
26 individual's official work station and his or her home,  
27 shall reimburse the State for these trips at a rate  
28 computed by the Department. This rate shall  
29 approximate the benefit derived from the use of the  
30 vehicle as prescribed by federal law. Reimbursement  
31 shall be for 20 days per month regardless of how many  
32 days the individual uses the vehicle to commute during  
33 the month. Reimbursement shall be made by payroll  
34 deduction. Funds derived from reimbursement on  
35 vehicles owned by the Motor Fleet Management  
36 Division shall be deposited to the credit of the Division;  
37 funds derived from reimbursements on vehicles initially  
38 purchased with appropriations from the Highway Fund  
39 and not owned by the Division shall be deposited in a  
40 Special Depository Account in the Department of  
41 Transportation, which shall revert to the Highway Fund;  
42 funds derived from reimbursement on all other vehicles  
43 shall be deposited in a Special Depository Account in the  
44 Department of Administration which shall revert to the

1 General Fund. Commuting, for purposes of this  
2 paragraph, does not include those individuals whose  
3 office is in their home, as determined by the Department  
4 of Administration, Division of Motor Fleet Management.  
5 Also, this paragraph does not apply to the following  
6 vehicles: (i) clearly marked police and fire vehicles, (ii)  
7 delivery trucks with seating only for the driver, (iii)  
8 flatbed trucks, (iv) cargo carriers with over a 14,000  
9 pound capacity, (v) school and passenger buses with  
10 over 20 person capacities, (vi) ambulances, (vii)  
11 [Repealed]. (viii) bucket trucks, (ix) cranes and derricks,  
12 (x) forklifts, (xi) cement mixers, (xii) dump trucks, (xiii)  
13 garbage trucks, (xiv) specialized utility repair trucks  
14 (except vans and pickup trucks), (xv) tractors, (xvi)  
15 unmarked law-enforcement vehicles that are used in  
16 undercover work and are operated by full-time, fully  
17 sworn law-enforcement officers whose primary duties  
18 include carrying a firearm, executing search warrants,  
19 and making arrests, and (xvii) any other vehicle  
20 exempted under Section 274(d) of the Internal Revenue  
21 Code of 1954, and Federal Internal Revenue Services  
22 regulations based thereon. The Department of  
23 Administration, Division of Motor Fleet Management,  
24 shall report quarterly to the Joint Legislative  
25 Commission on Governmental Operations and to the  
26 Fiscal Research Division of the Legislative Services  
27 Office on individuals who use State-owned passenger  
28 motor vehicles, pickup trucks, or vans between their  
29 official work stations and their homes, who are not  
30 required to reimburse the State for these trips.

31 The Department of Administration shall revoke the  
32 assignment or require the Department owning the vehicle  
33 to revoke the assignment of a State-owned passenger  
34 motor vehicle, pickup truck or van to any individual  
35 who:

- 36 I. Uses the vehicle for other than official business  
37 except in accordance with the commuting rules;
- 38 II. Fails to supply required reports to the Department  
39 of Administration, or supplies incomplete reports,  
40 or supplies reports in a form unacceptable to the  
41 Department of Administration and does not cure  
42 the deficiency within 30 days of receiving a  
43 request to do so;

- 1 III. Knowingly and willfully supplies false  
2 information to the Department of Administration  
3 on applications for permanent assignments,  
4 commuting reimbursement forms, or other  
5 required reports or forms;  
6 IV. Does not personally sign all reports on forms  
7 submitted for vehicles permanently assigned to  
8 him or her and does not cure the deficiency within  
9 30 days of receiving a request to do so;  
10 V. Abuses the vehicle; or  
11 VI. Violates other rules or policy promulgated by the  
12 Department of Administration not in conflict with  
13 this act.

14 A new requisition shall not be honored until the  
15 Secretary of the Department of Administration is assured  
16 that the violation for which a vehicle was previously  
17 revoked will not recur.

18 The Department of Administration, with the approval  
19 of the Governor, may delegate, or conditionally delegate,  
20 to the respective heads of agencies which own passenger  
21 motor vehicles or to which passenger motor vehicles are  
22 permanently assigned by the Department, the duty of  
23 enforcing all or part of the rules adopted by the  
24 Department of Administration pursuant to this  
25 subdivision 7a. The Department of Administration, with  
26 the approval of the Governor, may revoke this delegation  
27 of authority.

28 ~~Prior to adopting rules under this paragraph, the~~  
29 ~~Secretary of Administration may consult with the~~  
30 ~~Advisory Budget Commission.~~

31 Notwithstanding the provisions of this section and  
32 G.S. 14-247, the Department of Administration may  
33 allow the organization sanctioned by the Governor's  
34 Council on Physical Fitness to conduct the North  
35 Carolina State Games to use State trucks and vans for the  
36 State Games of North Carolina. The Department of  
37 Administration shall not charge any fees for the use of  
38 the vehicles for the State Games. The State shall incur no  
39 liability for any damages resulting from the use of  
40 vehicles under this provision. The organization that  
41 conducts the State Games shall carry liability insurance  
42 of not less than one million dollars (\$1,000,000)  
43 covering such vehicles while in its use and shall be

- 1 responsible for the full cost of repairs to these vehicles if  
2 they are damaged while used for the State Games.
- 3 8. To adopt and administer rules for the control of all  
4 state-owned passenger motor vehicles and to require  
5 State agencies to keep all records and make all reports  
6 regarding motor vehicle use as the Secretary deems  
7 necessary.
- 8 9. To acquire motor vehicle liability insurance on all  
9 State-owned motor vehicles under the control of the  
10 Department.
- 11 10. To contract with the appropriate State prison authorities  
12 for the furnishing, upon such conditions as may be  
13 agreed upon from time to time between such State prison  
14 authorities and the Secretary, of prison labor for use in  
15 connection with the operation of a central motor pool  
16 and related activities.
- 17 11. To report annually to the General Assembly on any rules  
18 adopted, amended or repealed under paragraphs 3, 7, or  
19 7a of this subdivision.
- 20 j. To establish and operate central mimeographing and duplicating  
21 services, central stenographical and clerical pools, and other  
22 central services, if the Governor after appropriate investigation  
23 deems it advisable from the standpoint of efficiency and  
24 economy in operation to establish any or all such services. The  
25 Secretary may allocate and charge against the respective  
26 agencies their proportionate part of the cost of maintenance and  
27 operation of the central services which are established, in  
28 accordance with the rules adopted by him and approved by the  
29 Governor and Council of State pursuant to paragraph k, below.  
30 Upon the establishment of central mimeographing and  
31 duplicating services, the Secretary may, with the approval of the  
32 Governor, require any State agency to be served by those  
33 central services to transfer to the Department ownership,  
34 custody, and control of any or all mimeographing and  
35 duplicating equipment and supplies within the ownership,  
36 custody, or control of such agency.
- 37 k. To require the State agencies and their officers and employees  
38 to utilize the central facilities and services which are  
39 established; and to adopt, with the approval of the Governor and  
40 Council of State, reasonable rules and procedures requiring the  
41 utilization of such central facilities and services, and governing  
42 their operation and the charges to be made for their services.
- 43 l. To provide necessary information service for visitors to the  
44 Capitol.

1 m. To perform such additional duties and exercise such additional  
2 powers as may be assigned to it by statute or by the Governor."

3 **SECTION 98.** G.S. 143-344(d) is repealed.

4 **SECTION 99.** G.S. 143-722(b) reads as rewritten:

5 "(b) Any non-State corporation, organization, or institution that receives, uses, or  
6 expends any funds from the Commission is subject to the applicable reporting  
7 requirements of ~~G.S. 143-6-1~~G.S. 143C-6-13."

8 **SECTION 100.** G.S. 143A-10 reads as rewritten:

12 The immediate staff of the Governor shall not be subject to the State Personnel Act;  
13 however, salaries for these positions shall be filed with the General Assembly pursuant  
14 to ~~G.S. 143-34.3 commencing with the 1973 General Assembly Act.~~"

15 **SECTION 101.** G.S. 143B-10(d) reads as rewritten:

16 "(d) Appointment of Committees or Councils. – The head of each principal

18 the department. The General Assembly declares its policy that insofar as feasible, such  
19 committees or councils shall consist of no more than 12 members, with not more than  
20 one from each congressional district. If any department head desires to vary this policy,  
21 he must make a request in writing to the Governor, stating the reasons for the request.  
22 The Governor may approve the request, but may only do so in writing. Copies of the  
23 request and approval shall be transmitted to the ~~Advisory Budget Commission~~ and to
