A BILL TO BE ENTITLED

AN ACT TO REWRITE THE NORTH CAROLINA ENERGY POLICY ACT OF 1975.

The General Assembly of North Carolina enacts:

**SECTION 1.(a)** G.S. 113B-8(a), G.S. 113B-8(b), G.S. 113B-8(d) through G.S. 113B-8(f), G.S. 113B-9(e), G.S. 113B-9(i), and G.S. 113B-9(j) are repealed.

**SECTION 1.(b)** G.S. 113B-7 through G.S. 113B-10, as amended by subsection (a) of this section, are recodified as G.S. 113B-10.1, except that G.S. 113B-8(g) and G.S. 113B-8(h) are recodified as G.S. 113B-11(g) and G.S. 113B-11(h) respectively; G.S. 113B-9(b) is recodified as G.S. 113B-23(d); and G.S. 113B-9(k) is recodified as G.S. 113B-11(i).

**SECTION 1.(c)** G.S. 113B-7(a) through G.S. 113B-7(c) become G.S. 113B-10.1(a) through G.S. 113B-10.1(c). G.S. 113B-8(c) becomes G.S. 113B-10.1(d). G.S. 113B-9(a) becomes G.S. 113B-10.1(e). G.S. 113B-9(c) and G.S. 113B-9(d) become G.S. 113B-10.1(f) and G.S. 113B-10.1(g), G.S. 113B-9(f) through G.S. 113B-9(h) become G.S. 113B-10.1(h) through G.S. 113B-10.1(j), G.S. 113B-10(a) through G.S. 113B-10(e) become G.S. 113B-10.1(k) through G.S. 113B-10.1(o). G.S. 113B-7(d) through G.S. 113B-7(g) become G.S. 113B-10.1(p) through G.S. 113B-10.1(s).

**SECTION 2.** Chapter 113B of the General Statutes, as amended and recodified by Section 1 of this act, reads as rewritten:

**"Chapter 113B.**

**"North Carolina Energy Policy Act of 1975-Act.**

"Article 1.

"Energy Policy Council.

**"§ 113B-1. Legislative findings and purpose.**

Upon investigation the General Assembly hereby finds that:

- 1 (1) Energy is essential to the health, safety and welfare of the people of  
2 this State and to the workings of the State ~~economy~~; economy.
- 3 (2) Growth in the consumption of energy resources is in some part due to  
4 wasteful, uneconomic and inefficient uses of energy and a continuation  
5 of this trend will adversely affect the future ~~social, economic and~~  
6 ~~environmental development~~ social and economic development and the  
7 future environmental quality of North Carolina; ~~Carolina~~.
- 8 (3) It is the responsibility of State government to encourage a reliable and  
9 adequate supply of energy for North Carolina at a level consistent with  
10 such energy needs required for the protection of public health and  
11 safety, and for the promotion of the general ~~welfare~~; welfare.
- 12 (4) The State ~~has not provided the basis for development of~~ needs a  
13 long-range unified energy policy to ~~encompass comprehensive energy~~  
14 ~~resource planning and efficient management of the rate of~~  
15 ~~consumption of existing energy resources in relation to economic~~  
16 ~~growth, to effectively meet an energy crisis, to encourage development~~  
17 ~~of alternative sources of energy, and to prudently conserve energy~~  
18 ~~resources in a manner consistent with assuring a reliable and adequate~~  
19 ~~supply of energy for North Carolina.~~ ensure the availability of reliable  
20 energy in the State, to improve the public health and the environmental  
21 quality of the State, to promote wise land use, support a sound  
22 economy of the State, to achieve a sustainable energy strategy for the  
23 State, and to provide a means by which State government leads the  
24 State by its example.
- 25 (5) It is the expressed intent of this Chapter to provide for development of  
26 such a unified energy policy for the State of North Carolina.

27 **"§ 113B-2. Creation of Energy Policy Council; purpose of Council.**

28 (a) There is hereby created a council to advise and make recommendations on  
29 energy policy to the Governor and the General Assembly to be known as the Energy  
30 Policy Council which shall be located within the Department of Administration.

31 (b) Except as otherwise provided in this Chapter, the powers, duties and  
32 functions of the Energy Policy Council shall be as prescribed by the Secretary of  
33 Administration.

34 (c) The Energy Policy Council shall serve as the central energy policy planning  
35 body of the State and shall communicate and cooperate with federal, State, regional and  
36 local bodies and agencies to the end of effecting a coordinated energy policy.

37 **"§ 113B-3. Composition of Council; appointments; terms of members;  
38 qualifications.**

39 (a) The Energy Policy Council shall consist of 18 members to be appointed as  
40 follows:

- 41 (1) Two members of the North Carolina House of Representatives to be  
42 appointed by the Speaker of the House of Representatives;
- 43 (2) Two members of the North Carolina Senate to be appointed by the  
44 President Pro Tempore of the Senate;

1 (3) Nine public members who are citizens of the State of North Carolina  
2 to be appointed by the Governor;

3 (4) The chairman of the North Carolina Utilities Commission, the  
4 Secretary of Environment and Natural Resources, the Commissioner of  
5 Agriculture, the Secretary of Commerce and the Secretary of  
6 Administration or their designees from their respective departments.

7 (b) ~~Initial appointments to the Energy Policy Council shall be made by July 15,~~  
8 ~~1975, and each such appointee shall serve until January 31, 1977. Thereafter, the~~The  
9 appointed members of the General Assembly shall serve two-year terms, and the  
10 appointed public members shall serve four-year terms. A member of the Energy Policy  
11 Council shall continue to serve until his successor is duly appointed, but such holdover  
12 shall not affect the expiration date of such succeeding term.

13 (c) The public members of the Energy Policy Council shall have the following  
14 qualifications:

15 (1) One such member shall be ~~experienced~~knowledgeable in the electric  
16 power ~~industry;~~industry.

17 (2) One such member shall be ~~experienced~~knowledgeable in the natural  
18 gas ~~industry;~~industry.

19 (3) One such member shall be ~~experienced~~knowledgeable in the  
20 petroleum marketing ~~industry;~~industry.

21 (4) One such member shall be ~~experienced~~knowledgeable in economic  
22 analysis of energy ~~requirements;~~requirements.

23 (5) One such member shall be ~~experienced~~knowledgeable in  
24 environmental ~~protection;~~protection.

25 (6) One such member shall be ~~experienced~~knowledgeable in industrial  
26 energy ~~consumption;~~consumption.

27 (7) One such member shall be knowledgeable ~~of~~in alternative sources of  
28 ~~energy;~~energy.

29 (8) One such member who, at the time of appointment, is a county  
30 commissioner; provided, such member's term on the Council shall  
31 expire immediately in the event that he or she vacates office as a  
32 county ~~commissioner;~~commissioner.

33 (9) One such member who, at the time of appointment, is an elected  
34 municipal official; provided, such member's term on the Council shall  
35 expire immediately in the event that he or she vacates office as an  
36 elected municipal official.

37 **"§ 113B-4. Chairman of Council; replacement; reimbursement of members.**

38 (a) ~~On July 15, 1975, on January 31, 1977, and every four years thereafter,~~  
39 ~~the~~Every four years, the Governor shall designate one of the members of the Energy  
40 Policy Council to serve as chairman of the Council.

41 (b) In case of a vacancy in the membership on the Energy Policy Council prior to  
42 the expiration of a member's term, a successor shall be appointed within ~~30~~90 days of  
43 such vacancy for the remainder of the unexpired term by the appropriate official  
44 pursuant to the provisions of G.S. 113B-3.

1 (c) Members of the Energy Policy Council shall be reimbursed for their services  
2 pursuant to the provisions of G.S. 138-5.

3 **"§ 113B-5. Organization of the Council; adoption of rules of procedure therefor.**

4 (a) To facilitate the work of the Energy Policy Council and for administrative  
5 purposes, the chairman of the Energy Policy Council, with the consent and approval of  
6 the members, may organize the work of the Council so as to carry out the provisions of  
7 this Chapter and to insure the efficient operation of the Council.

8 (b) The Energy Policy Council shall adopt its own rules of procedure and shall  
9 meet regularly at such times and in such places as it may deem necessary to carry out its  
10 functions.

11 (c) The Energy Policy Council is authorized to create such advisory committees  
12 as will be needed to assist the Council in its efforts and to assure adequate  
13 citizen-consumer input into those efforts. Members of advisory committees shall be  
14 appointed by the Council for terms not to exceed the expiration date of terms of then  
15 present public members of the Council.

16 **"§ 113B-6. General duties and responsibilities.**

17 The Energy Policy Council shall have the following general duties and  
18 responsibilities:

- 19 (1) To develop and recommend to the Governor a comprehensive  
20 long-range State ~~energy policy~~Energy Plan to achieve maximum  
21 effective management and use of present and future sources of ~~energy,~~  
22 ~~such policy to energy.~~ The State Energy Plan shall include but not be  
23 limited to an energy efficiency program, an energy management plan,  
24 an emergency energy program, and an energy research and  
25 development program; components that address energy efficiency,  
26 energy analysis and assessment, contingency and energy emergency  
27 planning, and energy research and development.
- 28 (2) To conduct an ongoing assessment of the opportunities and constraints  
29 presented by various uses of all forms of energy and to encourage the  
30 efficient use of all such energy forms in a manner consistent with State  
31 energy ~~policy;~~policy.
- 32 (3) To continually review and coordinate all State government research,  
33 education and management programs relating to energy matters and to  
34 continually educate and inform the general public regarding such  
35 energy ~~matters;~~matters.
- 36 (4) To recommend to the Governor and to the General Assembly needed  
37 energy legislation and to recommend for implementation such  
38 modifications of energy policy, plans and programs as the Council  
39 considers necessary and desirable.
- 40 (5) To develop and administer the Low-Income Residential Energy  
41 Program. Nothing in this subdivision shall be construed as obligating  
42 the General Assembly to appropriate funds for the Program or as  
43 entitling any person to services under the Program.

44 **"§ 113B-10.1. State Energy Plan; components.**

1 (a) The Energy Policy Council shall prepare a recommended ~~Energy Efficiency~~  
2 ~~Program for transmittal to the Governor, the initial plan to be completed by January 30,~~  
3 ~~1976. State Energy Plan. The State Energy Plan shall include recommendations that~~  
4 ~~address at least all of the following:~~

- 5 (1) ~~Energy efficiency.~~
- 6 (2) ~~Energy analysis and assessment.~~
- 7 (3) ~~Contingency and energy emergency planning.~~
- 8 (4) ~~Energy research and development.~~

9 (b) The ~~Energy Efficiency Program~~ recommendations included in the energy  
10 ~~efficiency component of the State Energy Plan~~ shall be designed to ~~assure~~ ensure the  
11 public health and safety of the people of North Carolina and to encourage and promote  
12 conservation of energy ~~through~~ by reducing wasteful, ~~inefficient~~ inefficient, or  
13 uneconomical uses of energy resources.

14 (c) The ~~Energy Efficiency Program~~ recommendations in the State Energy Plan  
15 ~~that address energy efficiency~~ shall include but not be limited to the following  
16 ~~recommendations:~~ following:

- 17 (1) Recommendations to the Building Code Council for ~~lighting,~~  
18 ~~insulation, climate control systems and other building design and~~  
19 ~~construction standards which that increase the efficient use of energy~~  
20 ~~and water~~ and are economically feasible to ~~implement;~~ implement.
- 21 (2) Recommendations to the Building Code Council for per unit energy  
22 requirement allotments based upon square footage for various classes  
23 of buildings ~~which that~~ would reduce energy consumption, yet are both  
24 technically and economically feasible and not injurious to public  
25 ~~health and safety;~~ health, productivity, and safety.
- 26 (3) Recommendations for minimum levels of operating efficiency for all  
27 ~~appliances~~ appliances, equipment, and tools whose use requires a  
28 significant amount of energy based upon both technical and economic  
29 feasibility ~~considerations;~~ considerations.
- 30 (4) Recommendations for State government purchases of supplies,  
31 ~~vehicles~~ vehicles, and equipment and such operating practices as will  
32 make possible more efficient use of ~~energy;~~ energy.
- 33 (5) Recommendations on energy conservation policies, ~~programs~~  
34 ~~programs,~~ and procedures for ~~local units of government;~~ North  
35 ~~Carolina energy consumers.~~
- 36 (6) Any other recommendations ~~which that~~ the Energy Policy Council  
37 considers to be a significant part of a statewide conservation effort and  
38 ~~which that~~ include provisions for sufficient incentives to further energy  
39 ~~conservation;~~ conservation.
- 40 (7) An economic and environmental impact analysis of the recommended  
41 ~~program.~~ Plan.

42 (d) The ~~Energy Management Plan~~ recommendations in the State Energy Plan that  
43 ~~address energy analysis and assessment~~ shall encourage the most efficient use of  
44 ~~sources of energy available to meet the needs of the State and to avoid undue~~

1 dependence upon relatively limited, unreliable, or uneconomical sources of energy.

2 These recommendations shall include but not be limited to the following:

- 3 (1) An analysis of the current pattern of consumption of energy  
4 throughout the State by category of energy user and by sources of  
5 energy ~~supply;~~supply.
- 6 (2) An assessment of the effect of demand and supply of different forms  
7 of energy upon the current pattern of ~~consumption;~~consumption and its  
8 effect upon jobs.
- 9 (3) An independent analysis, in ~~five-, 10- and 20-year~~ five- and 10-year  
10 forecasts, of future energy production, supplies and consumption for  
11 North Carolina in relation to forecasts of statewide population growth  
12 and economic ~~expansion;~~expansion.
- 13 (4) An analysis of the anticipated effects of recommended conservation  
14 measures upon the consumption of energy in the ~~State;~~State.
- 15 (5) An assessment of the possible effects of national energy and economic  
16 policy and international economic and political conditions upon an  
17 adequate and reliable supply of different forms of energy for North  
18 ~~Carolina;~~Carolina.
- 19 (6) An assessment of the social, ~~economic~~ economic, and environmental  
20 effects of alternative future consumption patterns on energy usage in  
21 North Carolina, including the potentially disruptive effects of supply  
22 ~~limitations;~~limitations.
- 23 (7) Recommendations on the use of different future energy sources that  
24 seem most appropriate and feasible for North Carolina in meeting  
25 expected energy needs during the next ~~five-, 10- and 20-year~~ five- and  
26 10-year periods, with consideration given to growth trends in North  
27 Carolina industry and possible adverse economic impact on such  
28 trends.

29 (e) The Energy Policy Council ~~shall, in accordance with the provisions of this~~  
30 Article, shall develop a written contingency and emergency plans to deal with plan that  
31 addresses possible shortages of energy in order to protect the public health, safety  
32 safety, and welfare, such plans to be compiled into an Emergency Energy  
33 Program. ~~welfare.~~

34 (f) ~~The Energy Policy Council shall encourage.~~ In developing the contingency  
35 and emergency plan under this subsection, the Energy Policy Council shall:

- 36 (1) Encourage the preparation of joint emergency curtailment plans and  
37 analyses. If such cooperative plans and analyses are developed  
38 between two or more utilities, major ~~producers~~ producers, or by an  
39 association of such companies, the joint plans or analyses may be  
40 submitted to the Energy Policy Council in lieu of information required  
41 ~~pursuant to subsection (b) of this section.~~ under G.S. 113B-23(d).

42 (g) The Energy Policy Council shall collect

- 1           (2) Collect from all relevant governmental agencies any existing  
2           contingency plans for dealing with sudden energy shortages or  
3           information related thereto.
- 4        ~~(h) The Emergency Energy Program shall provide for the maintenance of~~  
5        ~~essential services, the protection of public health, safety, and welfare, and the~~  
6        ~~maintenance of a sound basic State economy.~~
- 7           (3) Provisions also shall be made in said program to Include provisions in  
8           the contingent and emergency plan that differentiate curtailment of  
9           energy consumption by users on the basis of ability to accommodate  
10          such curtailments, and shall also include, but not be limited to, the  
11          following:curtailments. These provisions shall address at least all of  
12          the following:
- 13          ~~(1)a.~~ A variety of strategies and staged conservation measures of  
14          increasing intensity and authority to reduce energy use during  
15          an energy crisis, as defined in G.S. 113B-20 and guidelines and  
16          criteria for allocation of energy sources to priority users. The  
17          program shall contain alternative conservation actions and  
18          allocation plans to reasonably meet various foreseeable shortage  
19          circumstances and to allow a choice of appropriate  
20          ~~responses;responses.~~
- 21          ~~(2)b.~~ Evidence that the program is consistent with requirements of  
22          federal emergency energy conservation and allocation laws and  
23          ~~regulations;regulations.~~
- 24          ~~(3)c.~~ Proposals to assist such individuals, institutions, agriculture and  
25          businesses which have engaged in energy saving  
26          ~~measures;measures.~~
- 27        ~~(i) The Energy Policy Council shall carry~~
- 28          (4) Carry out such any investigations and studies as that are necessary to  
29          determine if and when potentially serious shortages of energy are  
30          likely to affect North Carolina ~~and the Council shall make~~ Carolina.
- 31          (5) Make recommendations to the Governor concerning administrative  
32          and legislative actions required to avert such ~~shortages, such~~  
33          ~~recommendations to be included as a section of the Emergency Energy~~  
34          ~~Program.shortages.~~
- 35        ~~(j) In addition to the above information and recommendations, the program shall~~  
36        ~~contain proposals for implementation of such recommendations which include~~
- 37          (6) Develop procedures, ~~rules—rules, and regulations~~ and agency  
38          administrative responsibilities ~~for implementation, and shall further~~  
39          ~~contain procedures to implement the contingency and emergency plan~~  
40          and develop procedures, to be included in the contingency and  
41          emergency plan, for fair and equitable review of complaints and  
42          requests for special exemptions from emergency conservation  
43          measures or emergency allocations. ~~Upon completion of a draft~~  
44          ~~recommended plan, the Council shall arrange for its distribution to~~

1 interested parties and shall make such plan available to the public and  
2 the Council further shall set a date for public hearing on said plan.

3 (k) The Energy Policy Council shall develop the research and development  
4 component of the State Energy Plan. In developing this component of the State Energy  
5 Plan, the Energy Policy Council shall encourage, through its activities, encourage  
6 research studies and projects ~~which~~ that are related to energy conservation and  
7 management and to the development of alternative and renewable energy technologies.

8 (l) ~~The~~ In addition, the Council shall develop shall:

9 (1) Develop and coordinate a statewide program of research and  
10 development in energy related matters and shall give priority in  
11 encouraging and supporting such efforts to those areas of energy  
12 research and development which are of particular importance to North  
13 Carolina.

14 (m) ~~The Council shall serve~~

15 (2) Serve as the central repository within State government for the  
16 collection and storage of data and information on energy-related  
17 matters. ~~To this end the Council shall develop an energy information~~  
18 ~~reporting system for use by all governmental agencies and by the~~  
19 ~~general public.~~

20 (n) ~~The Council shall review~~

21 (3) Review and coordinate all State agency research and planning relating  
22 to energy in an effort to reduce duplication of work and shall be the  
23 lead State agency for coordination of energy matters with local  
24 government, regional organizations, other states and the federal  
25 government.

26 (o) ~~The Council may request~~

27 (4) Request and utilize the advice, information and services of all State,  
28 regional, local and federal agencies and shall cooperate with the  
29 President of the United States and all said agencies in matters relating  
30 to energy research, programs and policy.

31 (p) In addition to specific conservation recommendations, the ~~Energy Efficiency~~  
32 ~~Program~~ State Energy Plan shall contain proposals for implementation of such  
33 recommendations as can be carried out by executive order. Upon completion of a draft  
34 recommended ~~program~~ Plan, the Council shall arrange for its distribution to interested  
35 parties and shall make the ~~program~~ Plan available to the public and the Council further  
36 shall ~~set a date for~~ hold one or more public hearing hearings on said program. ~~the draft~~  
37 recommended State Energy Plan.

38 (q) Upon completion of the ~~Energy Efficiency Program~~ State Energy Plan, the  
39 Council shall transmit ~~said program, to be known as the State Energy Efficiency~~  
40 ~~Program~~ the Plan to the Governor for approval or disapproval. Upon approval, the  
41 Governor shall assign administrative responsibility for such implementation as can be  
42 carried out by executive order to appropriate agencies of State government, and submit  
43 to the General Assembly such proposals which require legislative action for  
44 implementation. The Governor shall have the authority to accept, administer, and

1 enforce federal programs, program measures and permissive delegations of authority  
2 delegated to the Governor by the President of the United States, Congress, or the United  
3 States Department of Energy, on behalf of the State of North Carolina, which pertain to  
4 the conservation of energy resources.

5 (r) ~~The~~ Once the State Energy Plan is approved under subsection (q) of this  
6 section, the Governor shall transmit the approved Energy Efficiency Program State  
7 Energy Plan to the President of the Senate, to the Speaker of the House of  
8 Representatives, to the heads of all State agencies and shall further seek to publicize  
9 ~~such plan~~ the State Energy Plan and make it available to all units of local government  
10 and to the public at large.

11 (s) At least every ~~two~~ four years and whenever such changes take place as would  
12 significantly affect energy supply or demand in North Carolina, the Energy Policy  
13 Council shall review and, if necessary, revise the ~~Energy Efficiency Program, State~~  
14 Energy Plan, transmitting ~~such~~ the revised plan to the Governor pursuant to the  
15 procedures contained in subsections ~~(e) and (f)~~ (q) and (r) of this section.

16 "**§ 113B-11. Powers and authority.**

17 (a) The Energy Policy Council is authorized to secure directly from any officer,  
18 office, department, commission, board, bureau, institution and other agency of the State  
19 and its political subdivisions any information it deems necessary to carry out its  
20 functions; and all such officers and agencies shall cooperate with the Council and, to the  
21 extent permitted by law, furnish such information to the Council as it may request.

22 (b) To assure the adequate development of relevant energy information, as  
23 ~~provided in G.S. 113B-10,~~ the Council may require all energy producers and major  
24 energy consumers, as determined by the Council, to file such reports and forecasts and  
25 at such dates as the Council may request; provided, however, that the Council may  
26 request only specific energy-related information which it deems necessary to carry out  
27 its duties as defined in Articles 1 and 2 of this Chapter.

28 (c) The Council shall have authority to apply for and utilize grants, contributions  
29 and appropriations in order to carry out its duties as defined in Articles 1 and 2 of this  
30 Chapter, provided, however, that all such applications and requests are made through  
31 and administered by the Department of Administration.

32 (d) The Council shall have authority to request said Department to allocate and  
33 dispense any funds made available to the Council for energy research and related work  
34 efforts in such a manner as the Council desires subject only to the stipulation that said  
35 funds be reasonably used in furtherance of the purposes of this Article.

36 (e) The Department of Administration shall provide the staffing capability to the  
37 Energy Policy Council so as to fully and effectively develop recommendations for a  
38 comprehensive State ~~energy policy~~ Energy Plan as contained in the provisions of this  
39 Article. The Utilities Commission is hereby authorized to make its staff available to the  
40 Council to assist in the development of a State ~~energy policy~~ Energy Plan.

41 (f) Annual funding to the State Energy Office shall be provided by the  
42 Department of Administration from the General Fund.

43 (g) The Governor shall have the authority to accept, administer and enforce  
44 federal programs, program measures, and permissive delegations of authority delegated

1 to the Governor by the President of the United States, Congress, or the United States  
2 Department of Energy, on behalf of the State of North Carolina, which pertain to  
3 management of energy ~~resources~~resources and to actions necessary to deal with an  
4 actual or impending energy shortage.

5 (h) The Governor shall have the authority to accept, ~~administer~~administer, and  
6 enforce the delegation of authority delegated to the State by the Emergency Petroleum  
7 Allocation Act and the Emergency Energy Conservation Act of 1979 and any orders,  
8 rules, and regulations issued pursuant to those acts as well as any succeeding federal  
9 programs, program measures, laws, orders, or regulations relating to the allocation,  
10 conservation, consumption, ~~management~~management, or rationing of energy resources.

11 (i) The Governor shall have the authority to accept, ~~administer~~administer, and  
12 enforce federal programs, program ~~measures~~measures, and permissive delegations of  
13 authority delegated to the Governor by the President of the United States, Congress, or  
14 the United States Department of Energy, on behalf of the State of North Carolina, ~~which~~  
15 that pertain to actions necessary to deal with an actual or impending energy shortage.

16 **"§ 113B-12. Annual reports; contents.**

17 (a) ~~Beginning January 1, 1977, and every year thereafter,~~No later than January 1  
18 of each year, the Energy Policy Council shall transmit to the Governor, the Speaker of  
19 the House of Representatives, the President of the Senate, the chairman of the Utilities  
20 ~~Commission~~Commission, and the appropriate chairmen of the House and Senate  
21 committees concerned with energy matters, a comprehensive report providing a general  
22 overview of energy conditions in the State. ~~On January 1, 1976, the Energy Policy~~  
23 ~~Council shall transmit a progress report to the public officials named above.~~

24 (b) The annual report under subsection (a) of this section shall include, but not be  
25 limited to, the following:

- 26 (1) ~~An overview of statewide growth and development as they relate to~~  
27 ~~future requirements for energy, including patterns of urban and~~  
28 ~~metropolitan expansion, shifts in transportation modes, modifications~~  
29 ~~in building types and design, and other trends and factors which, as~~  
30 ~~determined by the Council, will significantly affect energy needs;~~
- 31 (2) ~~The level of statewide and multi county regional energy demand for a~~  
32 ~~five, 10 and 20 year forecast period which, in the judgment of the~~  
33 ~~Council, can reasonably be met, with proposals as to possible energy~~  
34 ~~supply sources;~~
- 35 (3) ~~An assessment of growth trends in energy consumption and production~~  
36 ~~and an identification of potential adverse social, economic, or~~  
37 ~~environmental impacts which might be imposed by continuation of the~~  
38 ~~present trends, including energy costs to consumers, significant~~  
39 ~~increases in air, water, and other forms of pollution, threats to public~~  
40 ~~health and safety, and loss of scenic and natural areas;~~
- 41 (4) ~~An analysis and evaluation of the means by which the projected annual~~  
42 ~~growth rate of energy demand may be reduced, together with an~~  
43 ~~estimate of the amount of such reduction to be obtained by each of the~~  
44 ~~means analyzed and evaluated;~~

1 (b) The Governor shall immediately consult with the Legislative Committee  
2 about the emergency proposals. The emergency orders, rules, or regulations shall  
3 become effective at a time specified by the Governor, but no earlier than 48 hours after  
4 submission to the Legislative Committee, provided that they may take effect at an  
5 earlier time if approved by a majority vote of the Council of State after the Council  
6 makes a finding that the crisis is of such immediacy as to make delay for legislative  
7 review cause for probable harm to the public.

8 (c) No order, rule, or regulation promulgated under the provisions of this section  
9 shall remain in effect for more than 30 days unless the Governor consults with the  
10 Legislative Committee. Such consultation is separate and apart from the consultation  
11 required by subsection (a) of this section, and may not take place until the order, rule, or  
12 regulation has been in effect for at least seven days.

13 (d) The Governor's orders, rules and regulations, promulgated, subject to  
14 consultation with the Legislative Committee, pursuant to this section, may also include,  
15 by way of further enumerated example rather than limitation, provisions for the  
16 establishment and implementation of programs, controls, standards, priorities, and  
17 quotas for the allocation, conservation and consumption of energy resources; the  
18 suspension and modification of existing standards and requirements affecting or  
19 affected by the use of energy resources, including those relating to water and air quality  
20 control and the hours and days during which public buildings may or may not be  
21 required to remain open; and the establishment and implementation of regional  
22 programs and agreements for the purposes of coordinating the energy resource  
23 programs and actions of the State with those of the federal government and of other  
24 states and localities.

25 **"§ 113B-23. Administration of plans and procedures.**

26 (a) Upon the declaration of an energy ~~crisis, pursuant to crisis under~~  
27 G.S. 113B-20, the Energy Policy Council shall become the emergency energy  
28 coordinating body for the State and shall carry out the following duties:

- 29 (1) Identify and determine the nature and severity of expected energy  
30 shortages;
- 31 (2) Provide for daily communications with and gather information from  
32 significant energy producers, distributors, transporters and major  
33 consumers, as determined by the Energy Policy Council, to carry out  
34 its responsibilities pursuant to this section;
- 35 (3) Provide data, carry out continuing assessments of the crisis situation,  
36 and make recommendations to the Governor and to the Legislative  
37 Committee for further action.

38 (b) Upon the declaration of an energy crisis, the Governor shall order the Energy  
39 Policy Council, the Utilities Commission, the Attorney General and other appropriate  
40 State and local agencies to implement and enforce ~~the Emergency Energy Program~~  
41 ~~pursuant to G.S. 113B-9 and any emergency rules, orders~~ orders, or regulations  
42 approved pursuant to G.S. 113B-22.

43 (c) Upon the declaration of an energy crisis, the Governor may employ such  
44 measures and give such direction to State and local offices and agencies as may be

1 reasonable and necessary for the purpose of securing compliance with the provisions of  
2 this Article and with emergency rules, orders and regulations issued pursuant to  
3 G.S. 113B-22.

4 ~~Within four months of July 1, 1975:~~ Upon the declaration of an energy crisis:

5 (1) Each electric utility and natural gas utility in the State shall prepare  
6 and submit to the Energy Policy Council a proposed emergency  
7 curtailment plan setting forth proposals for identifying priority loads or  
8 users in the event of the declaration of an energy crisis pursuant to  
9 G.S. 113B-20, and proposals for supply allocation to such priority  
10 loads or users.

11 (2) Each major oil producer doing business in this State as determined by  
12 the Energy Policy Council shall prepare and submit to the Energy  
13 Policy Council an analysis of how any national supply curtailment  
14 pursuant to federal regulations shall affect the supply for North  
15 Carolina and how priority users will be determined and available  
16 supplies allocated to such users.

17 (3) Each major renewable and alternative energy provider, as determined  
18 by the Energy Policy Council, shall assess stock and shall inventory  
19 available facilities and resources.

20 **"§ 113B-24. Enforcement; penalties for violations.**

21 (a) The Attorney General and the law-enforcement authorities of the State and its  
22 political subdivisions shall enforce the provisions of this Article and all orders, rules and  
23 regulations promulgated pursuant to G.S. 113B-22.

24 (b) Any person who violates this Article or any rules, orders or regulations  
25 promulgated pursuant to G.S. 113B-22 or knowingly or willfully submits false  
26 information in any report required herein shall be guilty of a Class 1 misdemeanor.

27 (c) The provisions of this Article or any rules, orders or regulations promulgated  
28 pursuant to G.S. 113B-22 may be enforced by bringing an action to enjoin such acts or  
29 practices as may be in violation and, upon a proper showing, a temporary restraining  
30 order or a preliminary or permanent injunction shall be issued. The relief sought may  
31 include a mandatory injunction commanding any person to comply with any such order,  
32 rule or regulation and restitution of money received in violation of any such order, rule  
33 or regulation. The Attorney General shall bring any action under this subsection upon  
34 the request of the Governor, the Legislative Committee on Energy Crisis Management,  
35 the Energy Policy Council, or upon his direction if he deems such action advisable and  
36 in the public interest. The Attorney General may institute such action in the Superior  
37 Court of Wake County, or, in his discretion, in the superior court of the county in which  
38 the acts or practices constituting a violation occurred, are occurring or may occur."

39 **SECTION 3.** Appointments of members to the Energy Policy Council under  
40 G.S. 113B-3, as amended by Section 2 of this act, and designation of a chairman to the  
41 Energy Policy Council under G.S. 113B-4, as amended by Section 2 of this act, shall be  
42 made no later than January 31, 2006.

43 **SECTION 4.** This act becomes effective October 1, 2005.
