38 application, for good cause being shown therefor, issue a special permit in writing  
39 authorizing the applicant to operate or move a vehicle of a size or weight ~~or number of~~  
40 ~~units~~ exceeding a maximum specified in this Article upon any highway under the  
41 jurisdiction and for the maintenance of which the body granting the permit is  
42 responsible. However, the Department is not authorized to issue any permit to operate  
43 or move over the State highways twin trailers, commonly referred to as double bottom

 2 may grant permits in writing and for good cause shown, authorizing the applicant to  
 3 move a vehicle over the streets of such city or town, the size or weight exceeding the  
 4 maximum expressed in this Article. The Department of Transportation shall issue rules  
 5 to implement this section.~~section, but no rule shall provide that the permits issued~~  
 6 ~~pursuant to this section may be invalidated by law enforcement personnel.~~

7 (b) Upon the issuance of a special permit for an oversize or overweight vehicle

 19 an engineering study for pavement or structures or other special conditions or  
 20 considerations shall be accompanied by a nonrefundable application fee of one hundred  
 21 dollars (\$100.00).  
 22

23 This subsection does not apply to farm equipment or machinery being used at the  
 24 time for agricultural purposes, nor to the moving of a house as provided for by the  
 25 license and permit requirements of Article 16 of this Chapter. Fees will not be assessed  
 26 for permits for oversize and overweight vehicles issued to any agency of the United  
 27 States Government or the State of North Carolina, its agencies, institutions,  
 28 subdivisions, or municipalities if the vehicle is registered in the name of the agency.

29 (b1) Neither the Department nor the Board may require review or renewal of  
 30 annual permits, with or without fee, more than once per calendar year.

31 (c) Nothing in this section shall require the Department of Transportation to issue  
 32 any permit for any load.

 41 comply with ~~escort vehicle requirements~~ the number of properly  
 42 certified escort vehicles required.
- 43 (2) A fine of two hundred fifty dollars (\$250.00) for moving loads beyond  
 44 the distance allowances of an annual permit covering the movement of

1 house trailers from the retailer's premises or for operating in violation  
2 of time of travel restrictions.

- 3 (3) A fine of one hundred dollars (\$100.00) for any other violation of the  
4 permit conditions or requirements imposed by applicable regulations.

5 The Department of Transportation may refuse to issue additional permits or suspend  
6 existing permits if there are repeated violations of subdivision (1) or (2) of this  
7 subsection. In addition to the penalties provided by this subsection, a civil penalty in  
8 accordance with G.S. 20-118(e)(1) and (3) may be assessed if a vehicle is operating  
9 without the issuance of a required permit, operating off permitted route of travel,  
10 operating without the proper number of certified escorts as determined by the actual  
11 loaded weight of the vehicle combination, fails to comply with travel restrictions of the  
12 permit, or operating with improper license. Fees assessed for permit violations under  
13 this subsection shall not exceed a maximum of twenty-five thousand dollars (\$25,000).

14 (e) It is the intent of the General Assembly that the permit fees provided in  
15 G.S. 20-119 shall be adjusted periodically to assure that the revenue generated by the  
16 fees is equal to the cost to the Department of administering the Oversize/Overweight  
17 Permit Unit Program within the Division of Highways. At least every two years, the  
18 Department shall review and compare the revenue generated by the permit fees and the  
19 cost of administering the program, and shall report to the Joint Legislative  
20 Transportation Oversight Committee created in G.S.120-70.50 its recommendations for  
21 adjustments to the permit fees to bring the revenues and the costs into alignment.

22 (f) The Department of Transportation shall issue rules to establish an escort  
23 driver training and certification program for escort vehicles accompanying  
24 oversize/overweight loads. Any driver operating a vehicle escorting an  
25 oversize/overweight load shall meet any training requirements and obtain certification  
26 under the rules issued pursuant to this subsection. These rules may provide for  
27 reciprocity with other states having similar escort certification programs. Certification  
28 credentials for the driver of an escort vehicle shall be carried in the vehicle and be  
29 readily available for inspection by law enforcement personnel. The escort and training  
30 certification requirements of this subsection shall not apply to the transportation of  
31 agricultural machinery until October 1, 2004. The Department of Transportation shall  
32 develop and implement an in-house training program for agricultural machinery escorts  
33 by September 1, 2004.

34 (g) The Department of Transportation shall issue annual overwidth permits for  
35 vehicles carrying agricultural equipment or machinery from the dealer to the farm or  
36 from the farm to the dealer that do not exceed 14 feet in width. These permits shall be  
37 valid for unlimited movement without escorts on all State highways where the  
38 overwidth vehicles do not exceed posted bridge and load limits.

39 (h) No law enforcement officer shall issue a citation to a person for a violation of  
40 this section if the officer is able to determine by electronic means that the person has a  
41 permit valid at the time of the violation but does not have the permit in his or her  
42 possession. Any person issued a citation pursuant to this section who does not have the  
43 permit in his or her possession at the time of the issuance of the citation shall not be  
44 responsible for a violation, and the Department of Crime Control and Public Safety may

1 not impose any fines under this section if the person submits evidence to the  
2 Department of the existence of a permit valid at the time of the violation within 30 days  
3 of the date of the violation."
