A statistical organization applying for a license shall include with its application:

The Commissioner shall not issue a license if the proposed activity would tend to create a monopoly or to lessen or to destroy price competition. Licenses issued pursuant to this section shall remain in effect until the licensee withdraws from the State or until the license is suspended or revoked. No statistical organization shall engage in any unfair or unreasonable practice with respect to its activities.

(c) Statistical organizations licensed pursuant to subsection (b) of this section and admitted insurers are authorized to exchange information and experience data between and among themselves in this State and with statistical organizations and insurers in

other states and may consult with them with respect to rate making and the application of rating systems.

(d) The Commissioner shall adopt or approve reasonable rules, including rules providing statistical plans, for use thereafter by all insurers in the recording and reporting of loss and expense experience, in order that the experience of those insurers may be made available to the Commissioner. The Commissioner may designate one or more statistical organizations to assist him or her in gathering and making compilations of the experience. All insurers, for lines of insurance that require data to be reported, shall report their data to one of the designated statistical organizations.

(e) The Commissioner shall, at least once every three years, make or cause to be made an examination of each statistical organization licensed pursuant to subsection (b) of this section. This examination shall relate only to the activities conducted pursuant to this Article and to the organizations licensed under this Article. The Commissioner shall not suspend the license of any statistical organization for failure to comply with an order until the time prescribed for an appeal from the order has expired or, if an appeal has been taken, until the order has been affirmed. The Commissioner may determine when a suspension of a license shall become effective, and the suspension shall remain in effect for the period fixed by the Commissioner unless the Commissioner modifies or rescinds the suspension, or until the order upon which the suspension is based is modified, rescinded, or reversed. No license shall be suspended or revoked, and no monetary penalty shall be imposed except upon a written order of the Commissioner stating the Commissioner's findings, made after a hearing held upon not less than 10 days' written notice to the person or organization, and specifying the alleged violation."

SECTION 19. G.S. 58-37(l) reads as rewritten:

"(l) The classifications, rules, rates, rating plans and policy forms used on motor vehicle insurance policies reinsured by the Facility may be made by the Facility or by any licensed or statutory ~~rating~~ statistical organization or bureau on its behalf and shall be filed with the Commissioner. The Board of Governors shall establish a separate subclassification within the Facility for "clean risks". For the purpose of this Article, a "clean risk" is any owner of a nonfleet private passenger motor vehicle as defined in G.S. 58-40-10, if the owner, principal operator, and each licensed operator in the owner's household have two years' driving experience as licensed drivers and if none of the persons has been assigned any Safe Driver Incentive Plan points under Article 36 of this Chapter during the three-year period immediately preceding either (i) the date of application for a motor vehicle insurance policy or (ii) the date of preparation of a renewal of a motor vehicle insurance policy. The filings may incorporate by reference any other material on file with the Commissioner. Rates shall be neither excessive, inadequate nor unfairly discriminatory. If the Commissioner finds, after a hearing, that a rate is either excessive, inadequate or unfairly discriminatory, the Commissioner shall issue an order specifying in what respect it is deficient and stating when, within a reasonable period thereafter, the rate is no longer effective. The order is subject to judicial review as set out in Article 2 of this Chapter. Pending judicial review of said order, the filed classification plan and the filed rates may be used, charged and collected

in the same manner as set out in G.S. 58-40-45 of this Chapter. The order shall not affect any contract or policy made or issued before the expiration of the period set forth in the order. All rates shall be on an actuarially sound basis and shall be calculated, insofar as is possible, to produce neither a profit nor a loss. However, the rates made by or on behalf of the Facility with respect to "clean risks" shall not exceed the rates charged "clean risks" who are not reinsured in the Facility. The difference between the actual rate charged and the actuarially sound and self-supporting rates for "clean risks" reinsured in the Facility may be recouped in similar manner as assessments under G.S. 58-37-40(f). Rates shall not include any factor for underwriting profit on Facility business, but shall provide an allowance for contingencies. There shall be a strong presumption that the rates and premiums for the business of the Facility are neither unreasonable nor excessive."

SECTION 20. G.S. 58-41-50(b) reads as rewritten:

"(b) With the exception of inland marine insurance that is not written according to manual rates and rating plans, all rates or prospective loss cost multipliers by licensed fire and casualty companies or their designated ~~rating~~-statistical organizations must be filed with the Commissioner at least 60 days before they may be used in this State. Any filing may become effective on a date earlier than that specified in this subsection upon agreement between the Commissioner and the filer."

SECTION 21. G.S. 58-42-10(a) reads as rewritten:

"(a) Each plan shall require participation:

- (1) By all insurers licensed in this State to write the kinds of insurance covered by the specific plan;
- (2) By all agents licensed to represent those insurers for that kind of insurance; and
- (3) By every ~~rating~~-statistical organization that makes rates for that kind of insurance."

SECTION 22. G.S. 58-42-25 reads as rewritten:

"§ 58-42-25. **Basis for participation.**

Each plan shall specify the basis for participation by insurers, agents, ~~rating~~-statistical organizations, and other participants and shall specify the conditions under which risks shall be accepted and underwritten by the plan."
