

**GENERAL ASSEMBLY OF NORTH CAROLINA  
SESSION 2005**

**SESSION LAW 2005-457  
HOUSE BILL 855**

AN ACT DIRECTING THE STATE BOARD OF EDUCATION TO ESTABLISH STATEWIDE NUTRITION STANDARDS FOR SCHOOL MEALS, A LA CARTE FOODS AND BEVERAGES, AND THE AFTER SCHOOL SNACK PROGRAM ADMINISTERED BY THE DEPARTMENT OF PUBLIC INSTRUCTION AND CHILD NUTRITION PROGRAMS OF LOCAL SCHOOL ADMINISTRATIVE UNITS, AS RECOMMENDED BY THE STUDY COMMITTEE FOR CHILDHOOD OVERWEIGHT/OBESITY OF THE HEALTH AND WELLNESS TRUST FUND.

The General Assembly of North Carolina enacts:

**SECTION 1.** Part 2 of Article 17 of Chapter 115C of the General Statutes is amended by adding the following new section to read:

**"§ 115C-264.3. Child Nutrition Program standards.**

The State Board of Education, in direct consultation with a cross section of local directors of child nutrition services, shall establish statewide nutrition standards for school meals, a la carte foods and beverages, and items served in the After School Snack Program administered by the Department of Public Instruction and child nutrition programs of local school administrative units. The nutrition standards will promote gradual changes to increase fruits and vegetables, increase whole grain products, and decrease foods high in total fat, trans fat, saturated fat, and sugar. The nutrition standards adopted by the State Board of Education shall be implemented initially in elementary schools. All elementary schools shall achieve a basic level by the end of the 2007-2008 school year, followed by middle schools and then high schools."

**SECTION 2.** The State Board of Education may use "Eat Smart: North Carolina's Recommended Standards for All Foods Available in School" and the "United States Dietary Guidelines" as references for establishing the nutrition standards under Section 1 of this act. In addition to the elementary school pilots established by Section 7.17 of S.L. 2004-124, the nutrition standards will also be piloted prior to statewide implementation in a minimum of eight middle schools and eight high schools at a time to be determined by the State Board of Education. The pilots shall be conducted in a manner that will hold the child nutrition program of a participating local school administrative unit financially harmless for its participation in the pilot project. It shall be the responsibility of the Child Nutrition Services Section of the Department of Public Instruction to oversee the pilot project, collect data from the pilots, interpret the data, and develop written guidance based on the outcomes of the pilots. The Child Nutrition Services Section of the Department of Public Instruction shall modify the nutrition standards as needed based on several criteria, including, but not limited to, the results of the pilot projects, current science, best practices in the food and beverage industry, and the availability and affordability of new foods and beverages. The Child Nutrition Services Section of the Department of Public Instruction shall monitor the progress of each local school administrative unit toward achieving the nutrition standards and shall provide technical assistance and training as needed to assist local school administrative units in implementing the nutrition standards. The Child Nutrition Services Section of the Department of Public Instruction shall report annually on the progress of each local

school administrative unit to the State Board of Education and to the Joint Legislative Education Oversight Committee.

**SECTION 3.** This act is effective when it becomes law.
