31 **§ 128-26. Allowance for service.**

32 (a) Each person who becomes a member during the first year of his employer's
33 participation, and who was an employee of the same employer at any time during the year
34 immediately preceding the date of participation, shall file a detailed statement of all service
35 rendered by him to that employer prior to the date of participation for which he claims credit.

36 A participating employer may allow prior service credit to any of its employees on account
37 of: their earlier service to the aforesaid employer; or, their earlier service to any other employer
38 as the term employer is defined in G.S. 128-21(11); or, their earlier service to any state,
39 territory, or other governmental subdivision of the United States other than this State.

40 A participating employer may allow prior service credit to any of its employees on account
41 of service, as defined in G.S. 135-1(23), to the State of North Carolina to the extent of such
42 service prior to the establishment of the Teachers' and State Employees' Retirement System on

44 an amount calculated on the basis of compensation the employee earned when he first entered
45 membership and the employee contribution rate at that time together with interest thereon from

48 participating unit may allow credit for any period of military service in the armed forces of the
49 United States if the person returned to the service of his employer within two years after having
50 been honorably discharged, or becoming entitled to be discharged, released, or separated from
51 such armed services; provided that, notwithstanding the above provisions, any member having

1 credit for not less than 10 years of otherwise creditable service may be allowed credit for such
2 military services which are not creditable in any other governmental retirement system;

23 then the member's employer must remit to the System all the employer contributions for the full
24 period of that member's military service."

25 **SECTION 6.** G.S. 135-106(b) reads as rewritten:

26 "(b) After the commencement of benefits under this section, the benefits payable under
27 the terms of this section during the first 36 months of the long-term disability period shall be
28 equal to sixty-five percent (65%) of 1/12th of the annual base rate of compensation last payable
29 to the participant or beneficiary prior to the beginning of the short-term disability period as may
30 be adjusted for percentage increases as provided under G.S. 135-108, plus sixty-five percent
31 (65%) of 1/12th of the annual longevity payment to which the participant or beneficiary would
32 be eligible, to a maximum of three thousand nine hundred dollars (\$3,900) per month reduced
33 by any primary Social Security disability benefits and by monthly payments for Workers'
34 Compensation to which the participant or beneficiary may be entitled. When primary Social
35 Security disability benefits are increased by cost-of-living adjustments, the increased reduction
36 shall be applied in the first month following the month in which the member becomes entitled
37 to the increased Social Security benefit. The monthly benefit shall be further reduced by the
38 amount of any monthly payments from the federal Department of Veterans Affairs, any other
39 federal agency or any payments made under the provisions of G.S. 127A-108, to which the
40 participant or beneficiary may be entitled on account of the same disability. Provided, in any
41 event, the benefit payable shall be no less than ten dollars (\$10.00) a month. However, a
42 disabled participant may elect to receive any salary continuation as provided in G.S. 135-104 in
43 lieu of long-term disability benefits; provided such election shall not extend the first 36
44 consecutive calendar months of the long-term disability period. An election to receive any
45 salary continuation for any part of any given day shall be in lieu of any long-term benefit
46 payable for that day, provided further, any lump-sum payout for vacation leave shall be treated
47 as if the beneficiary or participant had exhausted the leave and shall be in lieu of any long-term
48 benefit otherwise payable. Provided that, in any event, a beneficiary's benefit shall be reduced
49 during the first 36 months of the long-term disability period by an amount, as determined by
50 the Board of Trustees, equal to a primary Social Security retirement benefit to which the
51 beneficiary might be entitled.

1 After 36 months of long-term disability, no further benefits are payable under the terms of
2 this section unless the member has been approved and is in receipt of primary Social Security
3 disability benefits. In that case the benefits payable shall be equal to sixty-five percent (65%) of
4 1/12th of the annual base rate of compensation last payable to the participant or beneficiary
5 prior to the beginning of the short-term disability period as may be adjusted for percentage
6 increases as provided under G.S. 135-108, plus sixty-five percent (65%) of 1/12th of the annual
7 longevity payment to which the participant or beneficiary would be eligible, to a maximum of
8 three thousand nine hundred dollars (\$3,900) per month reduced by the primary Social Security
9 disability benefits and by monthly payments for Workers' Compensation to which the
10 participant or beneficiary may be entitled. When primary Social Security disability benefits are
11 increased by cost-of-living adjustments, the increased reduction shall be applied in the first
12 month following the month in which the member becomes entitled to the increased Social
13 Security benefit. The monthly benefit shall be further reduced by the amount of any monthly
14 payments from the federal Department of Veterans Affairs, for payments from any other
15 federal agency, or for any payments made under the provisions of G.S. 127A-108, to which the
16 participant or beneficiary may be entitled on account of the same disability. Provided, in any
17 event, the benefit payable shall be no less than ten dollars (\$10.00) a month.

18 Notwithstanding the foregoing, the long-term disability benefit is payable so long as the
19 beneficiary is disabled and is in receipt of a primary Social Security disability benefit until the
20 earliest date at which the beneficiary is eligible for an unreduced service retirement allowance
21 from the Retirement System, at which time the beneficiary would receive a retirement
22 allowance calculated on the basis of the beneficiary's average final compensation at the time of
23 disability as adjusted to reflect compensation increases subsequent to the time of disability and
24 the creditable service accumulated by the beneficiary, including creditable service while in
25 receipt of benefits under the Plan. In the event the beneficiary has not been approved and is not
26 in receipt of a primary Social Security disability benefit, the long-term disability benefit shall
27 cease after the first 36 months of the long-term disability period. When such a long-term
28 disability recipient begins receiving this unreduced service retirement allowance from the
29 System, that recipient shall not be subject to the six-month waiting period set forth in
30 G.S. 135-1(20). However, a beneficiary shall be entitled to a restoration of the long-term
31 disability benefit in the event the Social Security Administration grants a retroactive approval
32 for primary Social Security disability benefits with a benefit effective date within the first 36
33 months of the long-term disability period. In such event, the long-term disability benefit shall
34 be restored retroactively to the date of cessation."

35 **SECTION 7.** This act becomes effective July 1, 2011.
