1 A BILL TO BE ENTITLED
2 AN ACT TO STRENGTHEN THE OVERSIGHT AND ACCOUNTABILITY FOR THE
3 DELIVERY OF THE STATE'S DRIVER EDUCATION PROGRAM.

4 Whereas, motor vehicle crashes are the leading cause of deaths in individuals 15-20
5 years old in the United States; and

6 Whereas, North Carolina has a very diverse driving public, yet the younger driver
7 population is overrepresented in fatal and serious-injury crashes; and

8 Whereas, in 2013, in North Carolina, there were 111 fatalities and 255 serious
9 injuries from vehicle crashes involving younger drivers in the age range of 16-19 years old; and

10 Whereas, although North Carolina's teen accident and fatality rates have declined
11 since the implementation of graduated driver licensing, teen drivers 16-19 years old are still
12 three times more likely than drivers 20 years old and over to be in a fatal crash; and

13 Whereas, in May 2015, the National Highway Traffic Safety Administration issued
14 a report entitled "State of North Carolina: Technical Assessment of the Driver Education
15 Program," in which a finding was made that the State needs to improve oversight to ensure
16 uniform quality of instruction; and

17 Whereas, since a majority of North Carolina teens participate in a driver education
18 program, it is imperative to the safety and well-being of those teens that the State provide
19 adequate oversight of local driver education programs to ensure the delivery of effective and
20 high-quality driver training to prevent future teen injuries and deaths related to motor vehicle
21 crashes; Now, therefore,

22 The General Assembly of North Carolina enacts:
