

Part 3. Wireless Telecommunication Facilities.

**§ 160D-930. Purpose and compliance with federal law.**

(a) The purpose of this section is to ensure the safe and efficient integration of facilities necessary for the provision of advanced mobile broadband and wireless telecommunications services throughout the community and to ensure the ready availability of reliable wireless service to the public, government agencies, and first responders, with the intention of furthering the public safety and general welfare.

(b) The deployment of wireless infrastructure is critical to ensuring first responders can provide for the health and safety of all residents of North Carolina and, consistent with section 6409 of the Middle Class Tax Relief and Job Creation Act of 2012, 47 U.S.C. § 1455(a), create a national wireless emergency communications network for use by first responders that in large measure will be dependent on facilities placed on existing wireless communications support structures. Therefore, it is the policy of this State to facilitate the placement of wireless communications support structures in all areas of North Carolina. The following standards shall apply to a local government's actions, as a regulatory body, in the regulation of the placement, construction, or modification of a wireless communications facility.

(c) The placement, construction, or modification of wireless communications facilities shall be in conformity with the Federal Communications Act, 47 U.S.C. § 332, as amended, section 6409 of the Middle Class Tax Relief and Job Creation Act of 2012, 47 U.S.C. § 1455(a), and in accordance with the rules promulgated by the Federal Communications Commission.

(d) Nothing in this Part shall be construed to authorize a city to require the construction or installation of wireless facilities or to regulate wireless services other than as set forth herein. (2019-111, s. 2.4; 2020-3, s. 4.33(a); 2020-25, s. 51(a), (b), (d).)
