A BILL TO BE ENTITLED

1 AN ACT TO CREATE A JOINT COMMISSION TO STUDY ESTABLISHING A  
2 FORMAL PLAN FOR TRANSITIONING FROM THE CURRENT SYSTEM OF  
3 DELIVERING HEALTH CARE TO A SYSTEM THAT COVERS ALL NORTH  
4 CAROLINIANS, AS RECOMMENDED BY THE HOUSE SELECT  
5 COMMITTEE ON HEALTH CARE.  
6

7       Whereas, nations that assure health care for all spend significantly less per  
8 capita and as a percentage of Gross Domestic Product on health care than the U.S.; and

9       Whereas, in many of these nations a basic health care plan for all residents  
10 effectively coexists with supplemental private sector plans; and

11       Whereas, these same nations have health care systems that achieve better  
12 health care outcomes than those achieved in the U.S.; and

13       Whereas, the health care outcomes in North Carolina are considered at or  
14 below average when compared to other states in the nation; and

15       Whereas, investing in a health care model that covers all North Carolinians  
16 and includes early intervention and personal responsibility will reduce State health  
17 expenditures while improving health care outcomes and will make North Carolina's  
18 business climate more appealing while making North Carolina businesses more  
19 competitive in the global market; and

20       Whereas, our current system leads hospitals to spend millions of dollars on  
21 emergency department improvements that lead to higher hospital admissions while  
22 proven, more cost-effective, early intervention models struggle for funding; and

23       Whereas, the large and growing numbers of the uninsured are left out of the  
24 medical expense bargaining process; and

1           Whereas, our current health care system requires the uninsured to pay at  
2 higher rates than the insured; and

3           Whereas, North Carolinians overwhelmingly believe the General Assembly  
4 should assure all North Carolinians have access to health care; and

5           Whereas, we have a unique opportunity where creating a just health care  
6 system will provide significant economic advantages to the State, its residents, and to  
7 North Carolina businesses; Now, therefore,  
8 The General Assembly of North Carolina enacts:
