8	PART I. REP	LACEMENT OF BILL LEE ACT
9	SEC	FION 1.1. Chapter 105 of the General Statutes is amended by adding a
10	new Article to r	ead:
11		" <u>Article 3I.</u>
12		"Tax Credits for Growing Businesses.
13	" <u>§ 105-129.80.</u>	Legislative findings.
14	The General	Assembly finds that:
15	<u>(1)</u>	It is the policy of the State of North Carolina to stimulate economic
16		activity and to create new jobs for the citizens of the State by
17		encouraging and promoting the expansion of existing business and
18		industry within the State and by recruiting and attracting new business
19		and industry to the State.
20	<u>(2)</u>	Both short-term and long-term economic trends at the State, national,
21		and international levels have made the successful implementation of
22		the State's economic development policy and programs both more
23		critical and more challenging; and the decline in the State's traditional
24		industries, and the resulting adverse impact upon the State and its
25 26		citizens, have been exacerbated in recent years by adverse national and
26		State economic trends that contribute to the reduction in the State's
27		industrial base and that inhibit the State's ability to sustain or attract
28		new and expanding businesses.

1	(3)	The economic condition of the State is not static, and recent changes in
2	<u>(3)</u>	<u>The economic condition of the State is not static, and recent changes in</u> the State's economic condition have created economic distress that
23		
4		requires a reevaluation of certain existing State programs and the
4 5		enactment of a new program as provided in this Article that is
5 6		designed to stimulate new economic activity and to create new jobs
0 7	(A)	within the State.
8	<u>(4)</u>	The enactment of this Article is necessary to stimulate the economy
		and create new jobs in North Carolina; and this Article will promote
9		the general welfare and confer, as its primary purpose and effect,
10		benefits on citizens throughout the State through the creation of new
11		jobs, an enlargement of the overall tax base, an expansion and
12		diversification of the State's industrial base, and an increase in revenue
13	(5)	to the State and its political subdivisions.
14	<u>(5)</u>	The purpose of this Article is to stimulate economic activity and to
15		<u>create new jobs within the State.</u>
16	<u>(6)</u>	The State is in need of a focused tax credit program that encourages
17		and facilitates economic growth and development within the State.
18	<u>(7)</u>	The resources of the State are not evenly distributed throughout the
19		State and different communities have different abilities and needs in
20	US 105 100 01	attracting and maintaining new and expanding business and industry.

6	take any remaining installments of the credit. The taxpayer may, however, take the
7	portion of an installment that accrued in a previous year and was carried forward to the
8	extent permitted under G.S. 105-129.84. A change in the development tier designation
9	of the location of an establishment does not result in expiration of a credit under this
10	Article.
11	(i) Forfeiture. – A taxpayer forfeits a credit allowed under this Article if the
12	taxpayer was not eligible for the credit for the calendar year in which the taxpayer
13	engaged in the activity for which the credit was claimed. In addition, a taxpayer forfeits
14	a credit for investment in real property under G.S. 105-129.89 if the taxpayer fails to
15	timely create the number of required new jobs or to timely make the required level of
16	investment under G.S. 105-129.89(b). A taxpayer that forfeits a credit under this Article
17	is liable for all past taxes avoided as a result of the credit plus interest at the rate
18	established under G.S. 105-241.1(i), computed from the date the taxes would have been
19	due if the credit had not been allowed. The past taxes and interest are due 30 days after
20	the date the credit is forfeited; a taxpayer that fails to pay the past taxes and interest by
21	the due date is subject to the penalties provided in G.S. 105-236.
22	(j) Change in Ownership of Business As used in this subsection, the term
23	'business' means a taxpayer or an establishment. The sale, merger, consolidation,
24	conversion, acquisition, or bankruptcy of a business, or any transaction by which an
25	existing business reformulates itself as another business, does not create new eligibility
26	in a succeeding business with respect to credits for which the predecessor was not
27	eligible under this Article. A successor business may, however, take any credit or
28	carried-over portion of a credit that its predecessor could have taken if it had a tax
29	liability. The acquisition of a business is a new investment that creates new eligibility in
30	the acquiring taxpayer under this Article if either of the following conditions is met:
31	(1) The business closed before it was acquired.
32	(2) The business was required to file a notice of plant closing or mass
33	layoff under the federal Worker Adjustment and Retraining
34	Notification Act, 29 U.S.C. § 2101, before it was acquired.
35	(3) The business was acquired by its employees directly or indirectly
36	through an acquisition company under an employee stock option
37	transaction or another similar mechanism. For the purpose of this
38	subdivision, 'acquired' means that as part of the initial purchase of a
39	business by the employees, the purchase included an agreement for the
40	employees through the employee stock option transaction or another
41	similar mechanism to obtain one of the following:
42	<u>a.</u> <u>Ownership of more than fifty percent (50%) of the business.</u>

4	(k) <u>Advisory Ruling. – A taxpayer may request in writing from the Secretary of</u>
5	Revenue specific advice regarding eligibility for a credit under this Article.
6	G.S. 105-264 governs the effect of this advice. A taxpayer may not legally rely upon
7	advice offered by any other State or local government official or employee acting in an
8 9	official capacity regarding eligibility for a credit under this Article.
	(1) Planned Expansion. – A taxpayer that signs a letter of commitment with the Department of Commerce after the Department has colouilated the development tion
10 11	Department of Commerce, after the Department has calculated the development tier
11	designations for the next year but before the beginning of that year, to undertake
12	specific activities at a specific site within the next two years may calculate the credit for which it qualifies based on the establishment's development tier designation and urban
13 14	progress zone or agrarian growth zone designation in the year in which the letter of
14	commitment was signed by the taxpayer. If the taxpayer does not engage in the
15	activities within the two-year period, the taxpayer does not qualify for the credit;
10	however, if the taxpayer later engages in the activities, the taxpayer qualifies for the
18	credit based on the development tier and urban progress zone or agrarian growth zone
19	designations in effect at that time.
20	" <u>§ 105-129.84. Tax election; cap; carryforwards; limitations.</u>
21	(a) Tax Election. – The credits provided in this Article are allowed against the
22	franchise tax levied in Article 3 of this Chapter, the income taxes levied in Article 4 of
23	this Chapter, and the gross premiums tax levied in Article 8B of this Chapter. The
24	taxpayer may divide a credit between the taxes against which it is allowed.
25	Carryforwards of a credit may be divided between the taxes against which it is allowed
26	without regard to the original election regarding the division of the credit.
27	(b) Cap. – The credits allowed under this Article may not exceed fifty percent
28	(50%) of the cumulative amount of taxes against which they may be claimed for the
29	taxable year, reduced by the sum of all other credits allowed against those taxes, except
30	tax payments made by or on behalf of the taxpayer. This limitation applies to the
31	cumulative amount of credit, including carryforwards, claimed by the taxpayer under
32	this Article for the taxable year.
33	(c) <u>Carryforward. – Unless a longer carryforward period applies, any unused</u>
34	portion of a credit allowed under G.S. 105-129.87 or G.S. 105-129.88 may be carried
35	forward for the succeeding five years, and any unused portion of a credit allowed under
36	G.S. 105-129.89 may be carried forward for the succeeding 15 years. If the Secretary of
37	Commerce makes a written determination that the taxpayer is expected to purchase or
38	lease, and place in service in connection with an eligible business within a two-year
39	period, at least one hundred fifty million dollars (\$150,000,000) worth of business and
40	real property, any unused portion of a credit under this Article with respect to the
41	establishment that satisfies that condition may be carried forward for the succeeding 20
42	years. If the taxpayer does not make the required level of investment, the taxpayer shall
43	apply the five-year carryforward period rather than the 20-year carryforward period.

1	(d) Statute of Limitations. – Notwithstanding Article 9 of this Chapter, a taxpayer
2	shall claim a credit under this Article within six months after the date set by statute for
3	the filing of the return, including any extensions of that date.
4	" <u>§ 105-129.85. Fees and reports.</u>
5	(a) Fee. – When filing a return for a taxable year in which the taxpayer engaged
6	in activity for which the taxpayer is eligible for a credit under this Article, the taxpayer
7	shall pay the Department of Revenue a fee of five hundred dollars (\$500.00) for each
8	type of credit the taxpayer claims or intends to claim with respect to an establishment.
9	The fee is due at the time the return is due for the taxable year in which the taxpayer
10	engaged in the activity for which the taxpayer is eligible for a credit. No credit is
11	allowed under this Article for a taxable year until all outstanding fees have been paid.
12	Fees collected under this section shall be credited to the General Fund.
13	(b) <u>Reports. – The Department of Revenue shall publish by May 1 of each year</u>
14	the following information itemized by credit and by taxpayer for the 12-month period
15	ending the preceding December 31:
16	(1) The number and amount of credits generated and taken for each credit
17	allowed in this Article.
18	(2) The number and development tier area of new jobs with respect to
19	which credits were generated and to which credits were taken.
20	(3) The cost and development tier area of business property with respect to
21	which credits were generated and to which credits were taken.
22	(4) The cost and development tier area of real property investment with
23	respect to which credits were generated and to which credits were
24	taken.
25	" <u>§ 105-129.86. Substantiation.</u>
26	(a) <u>Records. – To claim a credit allowed by this Article, the taxpayer shall</u>
27	provide any information required by the Secretary of Revenue. Every taxpayer claiming
28	a credit under this Article shall maintain and make available for inspection by the
29	Secretary of Revenue any records the Secretary considers necessary to determine and
30	verify the amount of the credit to which the taxpayer is entitled. The burden of proving
31	eligibility for the credit and the amount of the credit shall rest upon the taxpayer, and no
32	credit shall be allowed to a taxpayer that fails to maintain adequate records or to make
33	them available for inspection.
34	(b) Documentation. – Each taxpayer shall provide with the tax return qualifying
35 36	information for each credit claimed under this Article. The qualifying information shall

If, in one of the years in which the 4 5 installment of a credit accrues, the number of the taxpaver's full-time employees falls 6 below the sum of the applicable threshold and the number of full-time employees the 7 taxpayer had in the year before the year in which the taxpayer qualified for the credit, 8 the credits with respect to all of the new jobs expire, and the taxpayer may not take any 9 remaining installments of the credits. When a credit expires under this subsection, the 10 taxpayer may, however, take the portion of an installment that accrued in a previous 11 year and was carried forward to the extent permitted under G.S. 105-129.84. 12 Transferred Jobs. - Jobs transferred from one area in the State to another area (e) 13 in the State are not considered new jobs for purposes of this section. Jobs that were 14 located in this State and that are transferred to the taxpayer from a related member of 15 the taxpayer are not considered new jobs for purposes of this section. If, in one of the four years in which the installment of a credit accrues, the job with respect to which the 16 17 credit was claimed is moved to an area in a higher-numbered development tier or out of 18 an urban progress zone or an agrarian growth zone, the remaining installments of the 19 credit are allowed only to the extent they would have been allowed if the job was 20 initially created in the area to which it was moved. If, in one of the years in which the 21 installment of a credit accrues, the job with respect to which the credit was claimed is 22 moved to an area in a lower-numbered development tier or an urban progress zone or an 23 agrarian growth zone, the remaining installments of the credit shall be calculated as if 24 the job had been created initially in the area to which it was moved. 25 Wage Standard. - For the purposes of this section, a taxpayer satisfies the (f)26 wage standard requirement of G.S. 105-129.83 only if the taxpayer satisfies the requirement with respect to both the new jobs, considered collectively, for which a 27 28 credit is claimed and all of the jobs at the establishment, considered collectively, with 29 respect to which a credit is claimed. 30 No Double Credit. - A taxpayer may not claim a credit under this section (g) 31 with respect to jobs for which a taxpayer claims a credit under G.S. 105-129.8. 32 "§ 105-129.88. If the taxpayer places business property in service in an urban progress zone 39 or an agrarian growth zone, the applicable percentage is the one for a development tier 40 one area. Business property is eligible if it is not leased to another party. The credit may 41 not be taken for the taxable year in which the business property is placed in service but 42 shall be taken in equal installments over the four years following the taxable year in which it is placed in service. 7	day of the taxable year exceeds the cost of all of the taxpayer's eligible business

business property the taxpayer placed in service during the taxable year and for which 1 2 the taxpayer claims a credit under Article 3A or Article 3B of this Chapter may not be 3 included in the cost of all the taxpayer's eligible business property that is in service. If in 4 a single taxable year business property with respect to two or more credits in the same 5 county are disposed of, the net reduction in the cost of all the taxpaver's eligible 6 business property that is in service in the same county is compared to the total cost of all 7 the business property for which credits expired in order to determine whether the 8 remaining installments of the credits are forfeited. 9 The expiration of a credit does not prevent the taxpayer from taking the portion of an 10 installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.84. 11 12 Transferred Property. - If, in one of the four years in which the installment of (e) 13 a credit accrues, the business property with respect to which the credit was claimed is 14 moved to a county in a higher-numbered development tier or to an urban progress zone 15 or an agrarian growth zone, the remaining installments of the credit are allowed only to the extent they would have been allowed if the business property had been placed in 16 17 service initially in the area to which it was moved. If, in one of the four years in which 18 the installment of a credit accrues, the business property with respect to which a credit 19 was claimed is moved to a county in a lower-numbered development tier or an urban 20 progress zone or an agrarian growth zone, the remaining installments of the credit shall 21 be calculated as if the business property had been placed in service initially in the area 22 to which it was moved. 23 Wage Standard. – For the purposes of this section, a taxpayer satisfies the (f) 24 wage standard requirement of G.S. 105-129.83 only if the taxpayer satisfies the requirement with respect to all of the jobs at the establishment, considered collectively, 25 26 with respect to which a credit is claimed. 27 No Double Credit. – A taxpayer may not claim a credit under this section (g) 28 with respect to business property for which the taxpayer claims a credit under 29 G.S. 105-129.9 or G.S. 105-129.9A. 30 "§ 105-129.89. Credit for investment in real property. Credit. - If a taxpayer that has purchased or leased real property in a 31 (a) 32 development tier one area begins to use the property in an eligible business during the 33 taxable year, the taxpayer is allowed a credit equal to thirty percent (30%) of the eligible 34 investment amount if all of the eligibility requirements of G.S. 105-129.83 and of 35 subsection (b) of this section are met. For the purposes of this section, property is 36 located in a development tier one area if the area the property is located in was a 37 development tier one area at the time the taxpayer made a written application for the 38 determination required under subsection (b) of this section. The eligible investment 39 amount is the lesser of (i) the cost of the property and (ii) the amount by which the cost 40 of all of the real property the taxpayer is using in this State in an eligible business on the 41 last day of the taxable year exceeds the cost of all of the real property the taxpayer was 42 using in this State in an eligible business on the last day of the base year. The base year is that year, of the three immediately preceding taxable years, in which the taxpayer was 43 using the most real property in this State in an eligible business. In the case of property 44

1	that is leased, the cost of the property is not determined as provided in G.S. 105-129.81
2	but is considered to be the taxpayer's lease payments over a seven-year period, plus any
3	expenditures made by the taxpayer to improve the property before it is used by the
4	taxpayer if the expenditures are not reimbursed or credited by the lessor. The entire
5	credit may not be taken for the taxable year in which the property is first used in an
6	eligible business but shall be taken in equal installments over the seven years following
7	the taxable year in which the property is first used in an eligible business. When part of
8	the property is first used in an eligible business in one year and part is first used in an
9	eligible business in a later year, separate credits may be claimed for the amount of
10	property first used in an eligible business in each year. The basis in any real property for
11	which a credit is allowed under this section shall be reduced by the amount of credit
12	allowable.
13	(b) Determination by the Secretary of Commerce. – A taxpayer is eligible for the
14	credit allowed under this section with respect to an establishment only if the Secretary
15	of Commerce makes a written determination that the taxpayer is expected to purchase or
16	lease and use in an eligible business at that establishment within a three-year period at
17	least ten million dollars (\$10,000,000) of real property and that the establishment that is
18	the subject of the credit will create at least 200 new jobs within two years of the time
19	that the property is first used in an eligible business. If the taxpayer fails to timely make
20	the required level of investment or fails to timely create the required number of new
21	jobs, the taxpayer forfeits the credit as provided in G.S. 105-129.83.
22	(c) Mixed Use Property. – If the taxpayer uses only part of the property in an
23	eligible business, the amount of the credit allowed under this section is reduced by
24	multiplying it by a fraction, the numerator of which is the square footage of the property
25	used in an eligible business and the denominator of which is the total square footage of
26	the property.
27	(d) Expiration. – If, in one of the seven years in which the installment of a credit
28	accrues, the property with respect to which the credit was claimed is no longer used in
29	an eligible business, the credit expires, and the taxpayer may not take any remaining
30	installment of the credit. If, in one of the seven years in which the installment of a credit
31	accrues, part of the property with respect to which the credit was claimed is no longer
32	used in an eligible business, the remaining installments of the credit shall be reduced by
33	multiplying it by the fraction described in subsection (c) of this section. If, in one of the
34	years in which the installment of a credit accrues and by which the taxpayer is required
35	to have created 200 new jobs at the property, the total number of employees the
36	taxpayer employs at the property with respect to which the credit is claimed is less than
37	200, the credit expires, and the taxpayer may not take any remaining installment of the
38	<u>credit.</u>
39	In each of these cases, the taxpayer may nonetheless take the portion of an
40	installment that accrued in a previous year and was carried forward to the extent
41 42	permitted under G.S. 105-129.84.
42 43	(e) <u>No Double Credit. – A taxpayer may not claim a credit under this section</u> with respect to real property for which a credit is claimed under G.S. 105-129.12 or
