GENERAL ASSEMBLY OF NORTH CAROLINA SESSION 2007

Η

HOUSE DRH50645-LUfqq-121 (4/30)

Short Title:	Polysomnography Practice Act.	(Public)
Sponsors:	Representative Wainwright.	
Referred to:		

1		A BILL TO BE ENTITLED
2	AN ACT ESTABLISHING 7	THE POLYSOMNOGRAPHY PRACTICE ACT.
3	The General Assembly of No	rth Carolina enacts:
4	SECTION 1. Ch	apter 90 of the General Statutes is amended by adding a
5	new Article to read:	
6		"Article 42.
7	"]	Polysomnography Practice Act.
8	"§ 90-710. Title; purpose.	
9	(a) This Article may b	e cited as the 'Polysomnography Practice Act'.
10	(b) The practice of p	polysomnography affects the public health, safety, and
11	welfare. It is the purpose of t	his Article, through the licensure and regulation of persons
12	practicing as polysomnogra	aphic technologists, to ensure minimum standards of
13	competency and to provide th	e public with safe polysomnography services.
14	" <u>§ 90-711. Definitions.</u>	
15	The following definitions	apply in this Article:
16	(1) <u>Committee.</u>	- The North Carolina Polysomnography Professional
17	<u>Standards C</u>	ommittee.
18	(2) Direct super	rvision. – The authority and responsibility to direct the
19	performance	e of activities as established by policies and procedures for
20	safe and	appropriate completion of polysomnography services
21	whereby the	e physical presence of a supervisor is required throughout
22	the performation the performation of the perfo	ance of a polysomnographic procedure.
23	(3) <u>General sup</u>	ervision. – The authority and responsibility to direct the
24	performance	e of activities as established by policies and procedures for
25	safe and	appropriate completion of polysomnography services
26	whereby the	e physical presence of a supervisor is not required during

D

 supervisor must be available for assistance, if needed. Licensee. – A person who has been issued a license to practice polysomnography under this Article. Licensed physician. – A physician licensed to practice medicine under Article 1 of Chapter 90 of the General Statutes. Medical Board. – The North Carolina Medical Board, as established under Article 1 of Chapter 90 of the General Statutes. Polysomnography. – The allied health specialty involving the process of attended and unattended monitoring, analysis, and recording of physiological data during sleep and wakefulness to assist in the assessment of sleep and wake disorders and other sleep disorders, syndromes, and dysfunctions that are sleep-related, manifest during sleep, or disrupt normal sleep and wake cycles and activities, as performed by polysomnographic technologists, polysomnographic technicians, polysomnographic trainces, or polysomnographic students Polysomnography services under this Article. Polysomnographic student. – A person who is actively enrolled in a polysomnography is reported to a perform polysomnograms (CAAHEP), an Accredited Sleep Technologist Education Program (CAAHEP), an Accredited Sleep Technologist Educational Program (CAAHEP), an Accredited Sleep Technologist Educational Program (CAAHEP), an Accredited Sleep Technologist Educational program under the Committee on Accreditation of a licensed polysomnographic technologist and under the general supervision of a licensed polysomnography but has not passed the automal considering and and polysomnographic technologist (RPSGT). This person may practice of polysomnography but has not passed the automal certifying examination given by the Board of Registered Polysomnography but has not passed the automal certifying examination given by the Board of Polysomnography but has not passed the automal certifying examination given by the Board of Polysomnography but has not passed the national certifying ex	1		the performance of the polysomnographic procedure, but the
 (4) Licensee. – A person who has been issued a license to practice polysomnography under this Article. (5) Licensed physician. – A physician licensed to practice medicine under Article 1 of Chapter 90 of the General Statutes. (6) Medical Board. – The North Carolina Medical Board, as established under Article 1 of Chapter 90 of the General Statutes. (7) Polysomnography. – The allied health specialty involving the process of attended and unattended monitoring, analysis, and recording of physiological data during sleep and wakefulness to assist in the assessment of sleep and wakefulness to assist in the assessment of sleep and wakefulness to assist in the sessessment of sleep and wake cycles and activities, as performed by polysomnographic technologists, polysomnographic technologists, polysomnographic technologists, polysomnographic students who are permitted to perform polysomnography services under this Article. (8) Polysomnographic student. – A person who is actively enrolled in a polysomnography program accredited by the Commission on Accreditation of Allied Health Education for Polysomnographic Technologists (CoAPSG), but is not employed in the field of polysomnography: however, the student may provide polysomnography: however, the student may provide polysomnography is exvices under the direct supervision of a licensed polysomnography but has not passed the national certifying examination given by the Board of Registered Polysomnographic Technologist (BRPT) and does not hold the credential Registered Polysomnography with a provision of bolysomnography with a provisional licensed polysomnographic Technologist (PSGT). This person may practice polysomnography with a provisional licensed polysomnographic technologist. – A person who has passed the examination given by the Board of Registered Polysomnography with a provisional licensed polysomnographic technologist. – A person who has passed the examination given by the Board of Registered Polysomn	2		
4 polysomnography under this Article. 5 (5) Licensed physician. – A physician licensed to practice medicine under Article 1 of Chapter 90 of the General Statutes. 7 (6) Medical Board. – The North Carolina Medical Board, as established under Article 1 of Chapter 90 of the General Statutes. 9 (7) Polysomnography. – The allied health specialty involving the process of attended and unattended monitoring, analysis, and recording of physiological data during sleep and wakefulness to assist in the assessment of sleep and wake disorders and other sleep disorders, syndromes, and dysfunctions that are sleep-related, manifest during sleep, or disrupt normal sleep and wake cycles and activities, as performed by polysomnographic technologists. polysomnographic technicians, polysomnographic trainees, or polysomnographic students who are permitted to perform polysomnography services under this Article. 19 (8) Polysomnography correat accredited by the Commission on Accreditation of Allied Health Education Program (CAAHEP), an Accreditation of Allied Health Education Program (CAAHEP), an Accreditation of Allied Health Education for Polysomnographic technologists (CoAPSG), but is not employed in the field of polysomnography; however, the student may provide polysomnography; however, the student may provide polysomnography is ervices with a temporary license from the Committee as part of the student's educational program under the direct supervision of a licensed polysomnography but full-time at least six months in the practice of polysomnography but has not passed the national certifying examination given by the Board of Registered Polysomnographic technologists (BRPT) and does not hold the credential Registered Polysomnography with	3	(4)	
5 (5) Licensed physician. – A physician licensed to practice medicine under Article 1 of Chapter 90 of the General Statutes. 7 (6) Medical Board. – The North Carolina Medical Board, as established under Article 1 of Chapter 90 of the General Statutes. 9 (7) Polysomnography. – The allied health specialty involving the process of attended and unattended monitoring, analysis, and recording of physiological data during sleep and wake disorders and other sleep disorders, syndromes, and dysfunctions that are sleep-related, manifest during sleep, or disrupt normal sleep and wake cycles and activities, as performed by polysomnographic trainees, or polysomnographic technologists, polysomnographic technologists, polysomnographic technicians, polysomnographic technologists, polysomnographic atticle. 19 (8) Polysomnography program accredited by the Commission on Accreditation of Allied Health Education Program (CAAHEP), an Accredited Sleep Technologist Educational Program (CAAHEP), an Accredited Sleep Technologist Educational Program ucAAHEP), or the Commitee on Accreditation of Education for Polysomnographic technologists (CoAPSG), but is not employed in the field of polysomnography: however, the student may provide polysomnography: however, the student may provide polysomnography: however, the student program under the direct supervision of a licensed polysomnographic technologist and under the general supervision of a licensed physician. 0 (9) Polysomnographic services with a temporary license from the Committee as part of the student's educational program under the direct supervision of a licensed polysomnographic technologist and under the general supervision of a licensed physician.	4		
6 Article 1 of Chapter 90 of the General Statutes. 7 (6) Medical Board. – The North Carolina Medical Board, as established under Article 1 of Chapter 90 of the General Statutes. 9 (7) Polysomnography. – The allied health specialty involving the process of attended and unattended monitoring, analysis, and recording of physiological data during sleep and wakefulness to assist in the assessment of sleep and wake disorders and other sleep disorders. syndromes, and dysfunctions that are sleep-related, manifest during sleep, or disrupt normal sleep and wake cycles and activities, as performed by polysomnographic technologists, polysomnographic technicians, polysomnographic trainees, or polysomnographic students who are permitted to perform polysomnography services under this Article. 19 (8) Polysomnography program accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP), an accredited Sleep Technologist Educational Program (A-STEP), or the Committee on Accreditation of Education for Polysomnographic Technologists (CoAPSG), but is not employed in the field of polysomnographic services with a temporary license from the Committee as part of the student's educational program under the direct supervision of a licensed polysoinnography but has not passed the national certifying examination given by the Board of Registered Polysomnographic Technologists (BRPT) and does not hold the credential Registered Polysomnography with a provisional license from the Committee under the general supervision of both a licensed polysomnographic technologist (RPSGT). This person may practice polysomnography with a provisional license from the Committee under the general supervision of both a licensed polysomnographic techonlogist and a licensed physician.		(5)	
7 (6) Medical Board. – The North Carolina Medical Board, as established under Article 1 of Chapter 90 of the General Statutes. 9 (7) Polysomnography. – The allied health specialty involving the process of attended and unattended monitoring, analysis, and recording of physiological data during sleep and wakefulness to assist in the assessment of sleep and wake disorders and other sleep disorders. 11 physiological data during sleep and wake cycles and activities, as syndromes, and dysfunctions that are sleep-related, manifest during sleep, or disrupt normal sleep and wake cycles and activities, as performed by polysomnographic technologists, polysomnographic technicians, polysomnographic trainees, or polysomnographic students who are permitted to perform polysomnography services under this Article. 19 (8) Polysomnographic student. – A person who is actively enrolled in a polysomnography program accredited by the Commission on Accredited Sleep Technologist Educational Program (A-STEP), or the Committee on Accreditation of Education for Polysomnographic Technologists (CoAPSG), but is not employed in the field of polysomnography: however, the student may provide polysomnographic services with a temporary license from the Committee as part of the student's educational program under the direct supervision of a licensed polysomnographic technologist (P) Polysomnographic technician, – A person who has been employed full-time at least six months in the practice of polysomnography but has not passed the national certifying examination given by the Board of Registered Polysomnographic technologist (BRPT) and does not hold the credential Registered Polysomnography with a provisional license from the Committee under the general supervision of both a licensed polysomnographic technologist and		<u> </u>	
8 under Article 1 of Chapter 90 of the General Statutes. 9 (7) Polysomnography. – The allied health specialty involving the process of attended and unattended monitoring, analysis, and recording of physiological data during sleep and wakefulness to assist in the assessment of sleep and wake disorders and other sleep disorders, syndromes, and dysfunctions that are sleep-related, manifest during sleep, or disrupt normal sleep and wake cycles and activities, as performed by polysomnographic technologists, polysomnographic technicians, polysomnographic trainees, or polysomnographic students who are permitted to perform polysomnography services under this Article. 19 (8) Polysomnography program accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP), an Accredited Sleep Technologist Educational Program (A-STEP), or the Committee on Accreditation of Education for Polysomnographic technologists (CoAPSG), but is not employed in the field of polysomnographic, services with a temporary license from the Committee as part of the student's educational program under the direct supervision of a licensed polysomnographic tander under the general supervision of a licensed polysomnography but has not passed the national certifying examination given by the Board of Registered Polysomnographic Technologists (RPST) and does not hold the credential Registered Polysomnography with a provisional license from the Committee under the general supervision of both a licensed polysomnography is the Board of Registered Polysomnographic technologists (BRPT) and does not hold the credential Registered Polysomnography with a provisional license from the Conmittee under the general supervision of both a licensed polysomnographic technologist and a licensed physician. 90 (10)		(6)	·
9 (7) Polysomnography. – The allied health specialty involving the process of attended and unattended monitoring, analysis, and recording of physiological data during sleep and wakefulness to assist in the assessment of sleep and wake disorders and other sleep disorders. syndromes, and dysfunctions that are sleep-related, manifest during sleep, or disrupt normal sleep and wake cycles and activities, as performed by polysomnographic technologists, polysomnographic technicians, polysomnographic trainces, or polysomnographic students who are permitted to perform polysomnography services under this Article. 19 (8) Polysomnographic student. – A person who is actively enrolled in a polysomnography program accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP), an Accredited Sleep Technologist Educational Program (A-STEP), or the Committee on Accreditation of Education for Polysomnographic technologists (CoAPSG), but is not employed in the field of polysomnography, however, the student may provide polysomnographic services with a temporary license from the Committee as part of the student's educational program under the direct supervision of a licensed polysomnographic technologist full-time at least six months in the practice of polysomnography but has not passed the national certifying examination given by the Board of Registered Polysomnographic Technologists (RPSGT). This person may practice polysomnography with a provisional license from the Committee under the general supervision of both a licensed polysomnographic technologist (RPSGT). This person may practice polysomnography with a provisional license from the Committee under the general supervision of both a licensed polysomnographic technologist and a licensed physician. 9 (10) Polysomnographic technologist. – A person who has passed the	8		
10 of attended and unattended monitoring, analysis, and recording of 11 physiological data during sleep and wakefulness to assist in the 12 assessment of sleep and wake disorders and other sleep disorders, 13 syndromes, and dysfunctions that are sleep-related, manifest during 14 sleep, or disrupt normal sleep and wake cycles and activities, as 15 performed by polysomnographic technologists, polysomnographic 16 technicians, polysomnographic trainees, or polysomnographic students 17 who are permitted to perform polysomnography services under this 18 Article. 19 (8) Polysomnographic student. – A person who is actively enrolled in a 20 polysomnography program accredited by the Commission on 21 Accreditation of Allied Health Education Programs (CAAHEP), an 22 Accredited Sleep Technologist Educational Program (A-STEP), or the 23 Committee on Accreditation of Education for Polysomnographic 24 Technologists (CoAPSG), but is not employed in the field of 25 polysomnographic technician. – A person who has been employed 26 polysomnographic technician. – A person who has been employed 27 Committee as part of the student's educational program under		(7)	•
11 physiological data during sleep and wakefulness to assist in the 12 assessment of sleep and wake disorders and other sleep disorders, 13 syndromes, and dysfunctions that are sleep-related, manifest during 14 sleep, or disrupt normal sleep and wake cycles and activities, as 15 performed by polysomnographic trainees, or polysomnographic it technicians, polysomnographic trainees, or polysomnographic students 17 who are permitted to perform polysomnography services under this 18 Article. 19 (8) Polysomnographic student. – A person who is actively enrolled in a 20 polysomnography program accredited by the Commission on 21 Accreditation of Allied Health Education Programs (CAAHEP), an 22 Accredited Sleep Technologist Educational Program (A-STEP), or the 23 Committee on Accreditation of Education for Polysomnographic 24 Technologists (CoAPSG), but is not employed in the field of 25 polysomnographic services with a temporary license from the 26 polysomnographic services with a temporary license from the 27 Committee as part of the student's educational program under the 28 direct supervision of a licensed polysomnography but 29 under the g	10		
12 assessment of sleep and wake disorders and other sleep disorders, syndromes, and dysfunctions that are sleep-related, manifest during sleep, or disrupt normal sleep and wake cycles and activities, as performed by polysomnographic technologists, polysomnographic technicians, polysomnographic trainees, or polysomnographic students who are permitted to perform polysomnography services under this Article. 19 (8) Polysomnographic student. – A person who is actively enrolled in a polysomnography program accredited by the Commission on Accreditation of Allied Health Education Program (A-STEP), or the Committee on Accreditation of Education for Polysomnographic Technologists (CoAPSG), but is not employed in the field of polysomnographic services with a temporary license from the Committee as part of the student's educational program under the direct supervision of a licensed polysomnographic technologist and under the general supervision of a licensed polysomnography but has not passed the national certifying examination given by the Board of Registered Polysomnographic Technologists (BRPT) and does not hold the credential Registered Polysomnography with a provisional license from the Committee under the general supervision of both a licensed polysomnography with a provisional license from the Committee under the general supervision of both a license from the Committee under the general supervision of both a license from the Committee under the general supervision of both a license from the Committee under the general supervision of both a license polysomnography with a provisional license from the Committee under the general supervision of both a license from the Committee under the general supervision of both a licensed polysomnography credentialing agency for polysomnography. received the credential of Registered	11		
13 syndromes, and dysfunctions that are sleep-related, manifest during 14 sleep, or disrupt normal sleep and wake cycles and activities, as 15 performed by polysomnographic technologists, polysomnographic 16 technicians, polysomnographic trainees, or polysomnographic students 17 who are permitted to perform polysomnography services under this 18 Article. 19 (8) Polysomnographic student. – A person who is actively enrolled in a 20 polysomnography program accredited by the Commission on 21 Accredited Sleep Technologist Educational Programs (CAAHEP), an 22 Accredited Sleep Technologist Education for Polysomnographic 24 Technologists (CoAPSG), but is not employed in the field of 25 polysomnographic services with a temporary license from the 26 polysomnographic technologist and 27 Committee as part of the student's educational program under the 28 direct supervision of a licensed polysomnographic technologist and 29 Polysomnographic technician. – A person who has been employed 31 full-time at least six months in the practice of polysomnography but 32 has not passed the national certifying examination given by the Board <	12		
14sleep, or disrupt normal sleep and wake cycles and activities, as15performed by polysomnographic technologists, polysomnographic16technicians, polysomnographic trainees, or polysomnographic students17who are permitted to perform polysomnography services under this18Article.19(8)Polysomnographic student. – A person who is actively enrolled in a20polysomnography program accredited by the Commission on21Accreditation of Allied Health Education Programs (CAAHEP), an22Accredited Sleep Technologist Educational Program (A-STEP), or the23Committee on Accreditation of Education for Polysomnographic24Technologists (CoAPSG), but is not employed in the field of25polysomnographic services with a temporary license from the26polysomnographic services with a temporary license from the27Committee as part of the student's educational program under the28direct supervision of a licensed polysomnographic technologist and29under the general supervision of a licensed physician.30(9)Polysomnographic Technologists (BRPT) and does not31has not passed the national certifying examination given by the Board33of Registered Polysomnographic Technologist and a licensed34hold the credential Registered Polysomnography with a35provisional license from the Committee under the general supervision36polysomnographic technologist. – A person who has passed the37of both a licensed polysomnographic technologist and a licensed	13		
15performed by polysomnographic technologists, polysomnographic16technicians, polysomnographic trainees, or polysomnographic students17who are permitted to perform polysomnography services under this18Article.19(8)Polysomnographic student. – A person who is actively enrolled in a20polysomnography program accredited by the Commission on21Accreditation of Allied Health Education Programs (CAAHEP), an22Accredited Sleep Technologist Educational Program (A-STEP), or the23Committee on Accreditation of Education for Polysomnographic24Technologists (CoAPSG), but is not employed in the field of25polysomnography; however, the student may provide26polysomnographic services with a temporary license from the27Committee as part of the student's educational program under the28direct supervision of a licensed polysomnographic technologist and29under the general supervision of a licensed physician.30(9)Polysomnographic technician. – A person who has been employed31full-time at least six months in the practice of polysomnography but33of Registered Polysomnographic Technologists (BRPT) and does not34hold the credential Registered Polysomnography with a35(RPSGT). This person may practice polysomnography with a36provisional license from the Committee under the general supervision37of both a licensed polysomnographic technologist. – A person who has passed the38physician.39(10) <td>14</td> <td></td> <td>• • •</td>	14		• • •
16technicians, polysomnographic trainees, or polysomnographic students17who are permitted to perform polysomnography services under this18Article.19(8)Polysomnographic student. – A person who is actively enrolled in a20polysomnography program accredited by the Commission on21Accreditation of Allied Health Education Programs (CAAHEP), an22Accredited Sleep Technologist Educational Program (A-STEP), or the23Committee on Accreditation of Education for Polysomnographic24Technologists (CoAPSG), but is not employed in the field of25polysomnographic services with a temporary license from the26polysomnographic services with a temporary license from the27Committee as part of the student's educational program under the28direct supervision of a licensed polysomnographic technologist and29under the general supervision of a licensed physician.30(9)Polysomnographic technician. – A person who has been employed31full-time at least six months in the practice of polysomnography but33of Registered Polysomnographic Technologists (BRPT) and does not34hold the credential Registered Polysomnography with a36provisional license from the Committee under the general supervision37of both a licensed polysomnographic technologist38(10)9Polysomnographic technologist. – A person who has passed the40examination given by the Board of Registered Polysomnographic38(10)90 <td< td=""><td>15</td><td></td><td>· · · ·</td></td<>	15		· · · ·
17who are permitted to perform polysomnography services under this18Article.19(8)Polysomnographic student A person who is actively enrolled in a20polysomnography program accredited by the Commission on21Accreditation of Allied Health Education Programs (CAAHEP), an22Accredited Sleep Technologist Educational Program (A-STEP), or the23Committee on Accreditation of Education for Polysomnographic24Technologists (CoAPSG), but is not employed in the field of25polysomnographic services with a temporary license from the26polysomnographic services with a temporary license from the27Committee as part of the student's educational program under the28direct supervision of a licensed polysomnographic technologist and29under the general supervision of a licensed physician.30(9)Polysomnographic technician A person who has been employed31full-time at least six months in the practice of polysomnography but33of Registered Polysomnographic Technologists (BRPT) and does not34hold the credential Registered Polysomnography with a35grovisional license from the Committee under the general supervision36of both a licensed polysomnographic technologist and a licensed37of both a licensed polysomnographic technologist and a licensed38physician.39(10)41Polysomnographic technologist A person who has passed the42examination given by the Board of Registered Polysomnographic<	16		
19(8)Polysomnographic student. – A person who is actively enrolled in a polysomnography program accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP), an Accredited Sleep Technologist Educational Program (A-STEP), or the Committee on Accreditation of Education for Polysomnographic Technologists (CoAPSG), but is not employed in the field of polysomnography: however, the student may provide polysomnographic services with a temporary license from the Committee as part of the student's educational program under the direct supervision of a licensed polysomnographic technologist and under the general supervision of a licensed physician.30(9)Polysomnographic technician. – A person who has been employed full-time at least six months in the practice of polysomnography but has not passed the national certifying examination given by the Board of Registered Polysomnographic Technologist (RPSGT). This person may practice polysomnography with a provisional license from the Committee under the general supervision of both a licensed polysomnographic technologist and a licensed physician.39(10)Polysomnographic technologist. – A person who has passed the examination given by the Board of Registered Polysomnographic technologist and a licensed physician.39(10)Polysomnographic technologist. – A person who has passed the examination given by the Board of Registered Polysomnographic technologist and a licensed physician.	17		
20polysomnography program accredited by the Commission on21Accreditation of Allied Health Education Programs (CAAHEP), an22Accredited Sleep Technologist Educational Program (A-STEP), or the23Committee on Accreditation of Education for Polysomnographic24Technologists (CoAPSG), but is not employed in the field of25polysomnography; however, the student may provide26polysomnographic services with a temporary license from the27Committee as part of the student's educational program under the28direct supervision of a licensed polysomnographic technologist and29under the general supervision of a licensed physician.30(9)Polysomnographic technician. – A person who has been employed31full-time at least six months in the practice of polysomnography but32has not passed the national certifying examination given by the Board33of Registered Polysomnographic Technologist (BRPT) and does not34hold the credential Registered Polysomnography with a35grovisional license from the Committee under the general supervision36provisional license from the Committee under the general supervision37of both a licensed polysomnographic technologist and a licensed38physician.39(10)40Polysomnographic technologist. – A person who has passed the41Technologists (BRPT), the worldwide credentialing agency for42polysomnography, received the credential of Registered	18		Article.
20polysomnography program accredited by the Commission on21Accreditation of Allied Health Education Programs (CAAHEP), an22Accredited Sleep Technologist Educational Program (A-STEP), or the23Committee on Accreditation of Education for Polysomnographic24Technologists (CoAPSG), but is not employed in the field of25polysomnography: however, the student may provide26polysomnographic services with a temporary license from the27Committee as part of the student's educational program under the28direct supervision of a licensed polysomnographic technologist and29under the general supervision of a licensed physician.30(9)Polysomnographic technician. – A person who has been employed31full-time at least six months in the practice of polysomnography but33of Registered Polysomnographic Technologist (BRPT) and does not34hold the credential Registered Polysomnography with a35(RPSGT). This person may practice polysomnography with a36provisional license from the Committee under the general supervision37of both a licensed polysomnographic technologist and a licensed38physician.39(10)40Polysomnographic technologist. – A person who has passed the41Technologists (BRPT), the worldwide credentialing agency for42polysomnography, received the credential of Registered	19	(8)	Polysomnographic student. – A person who is actively enrolled in a
21Accreditation of Allied Health Education Programs (CAAHEP), an22Accredited Sleep Technologist Educational Program (A-STEP), or the23Committee on Accreditation of Education for Polysomnographic24Technologists (CoAPSG), but is not employed in the field of25polysomnography: however, the student may provide26polysomnographic services with a temporary license from the27Committee as part of the student's educational program under the28direct supervision of a licensed polysomnographic technologist and29under the general supervision of a licensed physician.30(9)Polysomnographic technician. – A person who has been employed31full-time at least six months in the practice of polysomnography but32has not passed the national certifying examination given by the Board33of Registered Polysomnographic Technologist (BRPT) and does not34hold the credential Registered Polysomnography with a35(RPSGT). This person may practice polysomnography with a36provisional license from the Committee under the general supervision37of both a licensed polysomnographic technologist and a licensed38physician.39(10)Polysomnographic technologist. – A person who has passed the40examination given by the Board of Registered Polysomnographic41Technologists (BRPT), the worldwide credentialing agency for42polysomnography, received the credential of Registered	20		polysomnography program accredited by the Commission on
23Committee on Accreditation of Education for Polysomnographic24Technologists (CoAPSG), but is not employed in the field of25polysomnography; however, the student may provide26polysomnographic services with a temporary license from the27Committee as part of the student's educational program under the28direct supervision of a licensed polysomnographic technologist and29under the general supervision of a licensed physician.30(9)Polysomnographic technician. – A person who has been employed31full-time at least six months in the practice of polysomnography but32has not passed the national certifying examination given by the Board33of Registered Polysomnographic Technologists (BRPT) and does not34hold the credential Registered Polysomnography with a36provisional license from the Committee under the general supervision37of both a licensed polysomnographic technologist and a licensed38physician.39(10)90Polysomnographic technologist. – A person who has passed the40examination given by the Board of Registered Polysomnographic41Technologists (BRPT), the worldwide credentialing agency for42polysomnography, received the credential of Registered	21		
23Committee on Accreditation of Education for Polysomnographic24Technologists (CoAPSG), but is not employed in the field of25polysomnography; however, the student may provide26polysomnographic services with a temporary license from the27Committee as part of the student's educational program under the28direct supervision of a licensed polysomnographic technologist and29under the general supervision of a licensed physician.30(9)Polysomnographic technician. – A person who has been employed31full-time at least six months in the practice of polysomnography but32has not passed the national certifying examination given by the Board33of Registered Polysomnographic Technologists (BRPT) and does not34hold the credential Registered Polysomnography with a36provisional license from the Committee under the general supervision37of both a licensed polysomnographic technologist and a licensed38physician.39(10)90Polysomnographic technologist. – A person who has passed the40examination given by the Board of Registered Polysomnographic41Technologists (BRPT), the worldwide credentialing agency for42polysomnography, received the credential of Registered	22		Accredited Sleep Technologist Educational Program (A-STEP), or the
24Technologists (CoAPSG), but is not employed in the field of25polysomnography; however, the student may provide26polysomnographic services with a temporary license from the27Committee as part of the student's educational program under the28direct supervision of a licensed polysomnographic technologist and29under the general supervision of a licensed physician.30(9)Polysomnographic technician A person who has been employed31full-time at least six months in the practice of polysomnography but32has not passed the national certifying examination given by the Board33of Registered Polysomnographic Technologists (BRPT) and does not34hold the credential Registered Polysomnography with a36provisional license from the Committee under the general supervision37of both a licensed polysomnographic technologist and a licensed38physician.39(10)Polysomnographic technologist A person who has passed the40examination given by the Board of Registered Polysomnographic41Technologists (BRPT), the worldwide credentialing agency for42polysomnography, received the credential of Registered	23		
26polysomnographic services with a temporary license from the Committee as part of the student's educational program under the direct supervision of a licensed polysomnographic technologist and under the general supervision of a licensed physician.30(9)Polysomnographic technician. – A person who has been employed full-time at least six months in the practice of polysomnography but has not passed the national certifying examination given by the Board of Registered Polysomnographic Technologists (BRPT) and does not hold the credential Registered Polysomnography with a provisional license from the Committee under the general supervision of both a licensed polysomnographic technologist and a licensed physician.39(10)Polysomnographic technologist. – A person who has passed the examination given by the Board of Registered Polysomnographic technologist of soft a licensed polysomnographic technologist and a licensed physician.41Technologists (BRPT), the worldwide credentialing agency for polysomnography, received the credential of Registered	24		
27Committee as part of the student's educational program under the direct supervision of a licensed polysomnographic technologist and under the general supervision of a licensed physician.30(9)Polysomnographic technician A person who has been employed full-time at least six months in the practice of polysomnography but has not passed the national certifying examination given by the Board of Registered Polysomnographic Technologists (BRPT) and does not hold the credential Registered Polysomnography with a provisional license from the Committee under the general supervision of both a licensed polysomnographic technologist and a licensed physician.39(10)Polysomnographic technologist A person who has passed the examination given by the Board of Registered Polysomnographic technologists (BRPT), the worldwide credentialing agency for polysomnography, received the credential of Registered	25		polysomnography; however, the student may provide
27Committee as part of the student's educational program under the direct supervision of a licensed polysomnographic technologist and under the general supervision of a licensed physician.30(9)Polysomnographic technician A person who has been employed full-time at least six months in the practice of polysomnography but has not passed the national certifying examination given by the Board of Registered Polysomnographic Technologists (BRPT) and does not hold the credential Registered Polysomnographic Technologist (RPSGT). This person may practice polysomnography with a provisional licensed polysomnographic technologist and a licensed physician.39(10)Polysomnographic technologist A person who has passed the examination given by the Board of Registered Polysomnographic technologists (BRPT), the worldwide credentialing agency for polysomnography, received the credential of Registered	26		polysomnographic services with a temporary license from the
29under the general supervision of a licensed physician.30(9)Polysomnographic technician A person who has been employed31full-time at least six months in the practice of polysomnography but32has not passed the national certifying examination given by the Board33of Registered Polysomnographic Technologists (BRPT) and does not34hold the credential Registered Polysomnography with a36provisional license from the Committee under the general supervision37of both a licensed polysomnographic technologist and a licensed38physician.39(10)40Polysomnographic technologist A person who has passed the examination given by the Board of Registered Polysomnographic41Technologists (BRPT), the worldwide credentialing agency for polysomnography, received the credential of Registered	27		
30(9)Polysomnographic technician. – A person who has been employed31full-time at least six months in the practice of polysomnography but32has not passed the national certifying examination given by the Board33of Registered Polysomnographic Technologists (BRPT) and does not34hold the credential Registered Polysomnographic Technologist35(RPSGT). This person may practice polysomnography with a36provisional license from the Committee under the general supervision37of both a licensed polysomnographic technologist and a licensed38physician.39(10)41Polysomnography, received the credentialing agency for42polysomnography, received the credential of Registered	28		direct supervision of a licensed polysomnographic technologist and
31full-time at least six months in the practice of polysomnography but32has not passed the national certifying examination given by the Board33of Registered Polysomnographic Technologists (BRPT) and does not34hold the credential Registered Polysomnographic Technologist35(RPSGT). This person may practice polysomnography with a36provisional license from the Committee under the general supervision37of both a licensed polysomnographic technologist and a licensed38physician.39(10)40Polysomnographic technologist. – A person who has passed the41Technologists (BRPT), the worldwide credentialing agency for42polysomnography, received the credential of Registered	29		under the general supervision of a licensed physician.
31full-time at least six months in the practice of polysomnography but has not passed the national certifying examination given by the Board of Registered Polysomnographic Technologists (BRPT) and does not hold the credential Registered Polysomnographic Technologist (RPSGT). This person may practice polysomnography with a provisional license from the Committee under the general supervision of both a licensed polysomnographic technologist and a licensed physician.39(10)Polysomnographic technologist. – A person who has passed the examination given by the Board of Registered Polysomnographic Technologists (BRPT), the worldwide credentialing agency for polysomnography, received the credential of Registered	30	(9)	Polysomnographic technician. – A person who has been employed
33of Registered Polysomnographic Technologists (BRPT) and does not34hold the credential Registered Polysomnographic Technologist35(RPSGT). This person may practice polysomnography with a36provisional license from the Committee under the general supervision37of both a licensed polysomnographic technologist and a licensed38physician.39(10)40Polysomnographic technologist. – A person who has passed the40examination given by the Board of Registered Polysomnographic41Technologists (BRPT), the worldwide credentialing agency for42polysomnography, received the credential of Registered	31		full-time at least six months in the practice of polysomnography but
34hold the credential Registered Polysomnographic Technologist35(RPSGT). This person may practice polysomnography with a36provisional license from the Committee under the general supervision37of both a licensed polysomnographic technologist and a licensed38physician.39(10)40Polysomnographic technologist A person who has passed the40examination given by the Board of Registered Polysomnographic41Technologists (BRPT), the worldwide credentialing agency for42polysomnography, received the credential of Registered	32		has not passed the national certifying examination given by the Board
35(RPSGT). This person may practice polysomnography with a36provisional license from the Committee under the general supervision37of both a licensed polysomnographic technologist and a licensed38physician.39(10)40Polysomnographic technologist. – A person who has passed the40examination given by the Board of Registered Polysomnographic41Technologists (BRPT), the worldwide credentialing agency for42polysomnography, received the credential of Registered	33		of Registered Polysomnographic Technologists (BRPT) and does not
36provisional license from the Committee under the general supervision37of both a licensed polysomnographic technologist and a licensed38physician.39(10)Polysomnographic technologist A person who has passed the40examination given by the Board of Registered Polysomnographic41Technologists (BRPT), the worldwide credentialing agency for42polysomnography, received the credential of Registered	34		hold the credential Registered Polysomnographic Technologist

15	-	practice of polysomnography shall take place in a hospital, a stand-alone
16		y or sleep center, or a patient's home. However, the scoring of data and
17	*	atients may take place in settings other than a sleep laboratory or sleep
18	<u>center.</u>	
19		ense required; exemptions.
20		r after January 1, 2010, no person shall practice polysomnography, offer
21	÷	polysomnography, or employ unlicensed persons to practice
22	polysomnograp	hy as defined in this Article, use the title 'licensed registered
23	polysomnograp	hic technologist,' or otherwise indicate or imply orally or in writing that
24	the person is	licensed to practice polysomnography unless that person is currently
25	licensed as prov	vided in this Article.
26	<u>(b)</u> <u>The p</u>	provisions of this Article shall not apply to:
27	<u>(1)</u>	Any person registered, certified, credentialed, or licensed to engage in
28		another profession or occupation or any person working under the
29		supervision of a person registered, certified, credentialed, or licensed
30		to engage in another profession or occupation in this State if the person
31		is performing work incidental to or within the practice of that
32		profession or occupation and the person does not represent himself or
33		herself as a licensed polysomnographic technologist or a provisionally
34		licensed polysomnographic technologist.
35	<u>(2)</u>	A polysomnographic technologist employed by the United States
36	<u> </u>	government when performing duties associated with that employment.
37	<u>(3)</u>	Research investigation that monitors physiological parameters during
38	<u>(5)</u>	sleep or wakefulness provided that the research investigation has been
39		approved and deemed acceptable by an institutional review board,
40		follows conventional safety measures required for the procedures, and
40 41		the information is not obtained or used for the practice of clinical
42		medicine.
43	"§ 90-714.	The North Carolina Polysomnography Professional Standards
43 44	0	mittee.
44		

1	(a) Com	position and Terms. – The North Carolina Polysomnography
2		andards Committee is created. The Committee shall consist of seven
3		shall serve staggered terms. On or before July 1, 2008, the initial
4		nbers shall be selected by the Governor as follows:
5	(1)	Three licensed registered polysomnographic technologists upon the
6	<u> </u>	recommendation of the North Carolina Association of Sleep
7		Technologists (NCAST), one of whom shall serve a four-year term,
8		one of whom shall serve a two-year term, and one of whom shall serve
9		a one-year term. NCAST may submit a list of three names for each of
10		these seats on the Committee.
11	<u>(2)</u>	One physician licensed under Article 1 of Chapter 90 of the General
12		Statutes who is certified in sleep medicine by a national certifying
13		body recognized by the American Academy of Sleep Medicine
14		(AASM), who shall serve a three-year term. The North Carolina
15		Medical Society may submit a list of three names for this seat on the
16		Committee.
17	<u>(3)</u>	One person who is the polysomnographic director, manager, or
18		supervisor of an accredited, hospital-based sleep center by the
19		American Academy of Sleep Medicine (AASM), who shall serve a
20		two-year term. The North Carolina Hospital Association may submit a
21		list of three names for this seat on the Committee.
22	<u>(4)</u>	One person who is a Registered Electro-Encephalogram Technologist
23		(R.EEG.T) who is also a registered polysomnographic technologist,
24		who shall serve a four-year term. The North Carolina
25		Electro-Encephalogram Society may submit a list of three names for
26		this seat on the Committee.
27	<u>(5)</u>	One public member who shall serve a three-year term.
28	-	xpiration of the terms of the initial Committee members, members shall
29		or a term of four years and shall serve until a successor is appointed. No
30		erve more than two consecutive full terms.
31		ifications. – Members of the Committee shall be citizens of the United
32		idents of this State. In making appointments to the Committee, the
33		strive to ensure that at least one Committee member is 50 years of age or
34		least one member is of a racial minority. The polysomnographic
35		embers shall hold current licenses from the Committee and shall remain
36		ng with the Committee during their terms. The public member of the
37		ll not be: (i) trained or experienced in the practice of polysomnography,
38		employee of a person engaged in the practice of polysomnography, (iii)
39 40	-	of essional licensed under this Chapter or a person enrolled in a program
40	-	ensed health care professional, (iv) an agent or employee of a health care
41 42		alth care insurer, or a health care professional school, (v) a member of an offession or a person enrolled in a program to become a member of an
42 43	-	ofession or a person enrolled in a program to become a member of an offession, or (vi) a spouse of an individual who may not serve as a public
43 44	member of the	
44	member of the	

1	(c) Vaca	ncies. – Any vacancy shall be filled by the authority originally filling
2	that position. A	Appointees to fill vacancies shall serve the remainder of the unexpired
3	term and until t	heir successors have been duly appointed and qualified.
4	<u>(d)</u> <u>Rem</u>	oval The Committee may remove any of its members for neglect of
5	duty, incompet	tence, or unprofessional conduct. A member subject to disciplinary
6	proceedings in	his or her capacity as a licensed polysomnographic technologist shall be
7	disqualified fro	om participating in the official business of the Committee until the
8	charges have be	een resolved.
9		pensation Each member of the Committee shall receive per diem and
10		for travel and subsistence as provided in G.S. 93B-5.
11		ers. – The officers of the Committee shall be a chair, a vice-chair, and
12		deemed necessary by the Committee to carry out the purposes of this
13		fficer shall be elected annually by the Committee for a one-year term and
14		his or her successor is elected and qualified.
15	-	ings. – The Committee shall hold its first meeting within 30 days after
16	the appointment	nt of its members and shall hold at least two meetings each year to
17		ess and to review the standards and rules previously adopted by the
18		e Committee shall establish the procedures for calling, holding, and
19	conducting reg	ular and special meetings. A majority of Committee members constitutes
20	<u>a quorum.</u>	
21		ions; powers of the Committee.
22	<u>(a)</u> <u>All</u>	Committee actions shall be approved by the Medical Board for
23	Committee act	tions to become effective. All actions of the Committee shall be
24	considered by	the Medical Board at its next regular meeting after the Committee has
25	acted.	
26	<u>(b)</u> <u>The</u>	Committee shall have the power and duty to:
27	<u>(1)</u>	Administer this Article.
28	<u>(2)</u>	Issue interpretations of this Article.
29	<u>(3)</u>	Adopt, amend, or repeal rules as may be necessary to carry out the
30		provisions of this Article.
31	<u>(4)</u>	Employ and fix the compensation of personnel that the Committee
32		determines is necessary to carry into effect the provisions of this
33		Article and incur other expenses necessary to effectuate this Article.
34	<u>(5)</u>	Determine the qualifications and fitness of applicants for licensure,
35		provisional licensure, licensure renewal, and reciprocal licensure.
36	<u>(6)</u>	Request that the Department of Justice conduct criminal history record
37		checks of applicants for licensure in accordance with G.S. 114-19.11B.
38	<u>(7)</u>	Issue, renew, deny, suspend, or revoke licenses, order probation, issue
39		reprimands, and carry out any other disciplinary actions authorized by
40		this Article.
41	<u>(8)</u>	Set fees for licensure, provisional licensure, temporary licensure,
42		licensure renewal, late licensure renewal, and other services deemed
43		necessary to carry out the purposes of this Article.
44	<u>(9)</u>	Establish continuing education requirements for licensees.

	General Assem	bly of North Carolina	Session 2007
1	(10)	Establish a code of ethics for licensees.	
2	(10) (11)	Maintain a current list of all persons who have been li	icensed under this

1	(b) For purposes of this section, the term 'criminal history' means a history of
2	conviction of a State crime, whether a misdemeanor or felony, that bears on an
3	applicant's fitness for licensure as a polysomnographic technologist. The crimes include
4	the criminal offenses set forth in any of the following Articles of Chapter 14 of the
5	General Statutes: Article 5, Counterfeiting and Issuing Monetary Substitutes; Article
6	5A, Endangering Executive and Legislative Officers; Article 6, Homicide; Article 7A,
7	Rape and Other Sex Offenses; Article 8, Assaults; Article 10, Kidnapping and
8	Abduction; Article 13, Malicious Injury or Damage by Use of Explosive or Incendiary
9	Device or Material; Article 14, Burglary and Other Housebreakings; Article 15, Arson
10	and Other Burnings; Article 16, Larceny; Article 17, Robbery; Article 18,
11	Embezzlement; Article 19, False Pretenses and Cheats; Article 19A, Obtaining Property
12	or Services by False or Fraudulent Use of Credit Device or Other Means; Article 19B,
13	Financial Transaction Card Crime Act; Article 20, Frauds; Article 21, Forgery; Article
14	26, Offenses Against Public Morality and Decency; Article 26A, Adult Establishments;
15	Article 27, Prostitution; Article 28, Perjury; Article 29, Bribery; Article 31, Misconduct
16	in Public Office; Article 35, Offenses Against the Public Peace; Article 36A, Riots and
17	Civil Disorders; Article 39, Protection of Minors; Article 40, Protection of the Family;
18	Article 59, Public Intoxication; and Article 60, Computer-Related Crime. The crimes
19	also include possession or sale of drugs in violation of the North Carolina Controlled
20	Substances Act in Article 5 of Chapter 90 of the General Statutes and alcohol-related
21	offenses including sale to underage persons in violation of G.S. 18B-302 or driving
22	while impaired in violation of G.S. 20-138.1 through G.S. 20-138.5.
23	" <u>§ 90-719. Reciprocity; licensure of nonresidents.</u>
24	(a) The Committee may grant, upon application and payment of proper fees, a
25	license to a person who has obtained the credential Registered Polysomnographic
26	Technologist (RPSGT) to practice polysomnography in another state or territory of the
27	United States whose standards of competency are substantially equivalent to those
28	provided in this Article.
29	(b) The Committee may grant, upon application and payment of proper fees, a
30	license to a nonresident entering this State to practice polysomnography if the person
31	meets the requirements under G.S. 90-716(a)(5), G.S. 90-717, or subsection (a) of this
32	section. If none of the requirements under G.S. 90-716(a)(5), G.S. 90-717, or subsection
33	(a) of this section are met, the person shall meet all requirements under this Article.
34	" <u>§ 90-720. Provisional license.</u>
35	A provisional license shall allow a polysomnographic technician to practice
36	polysomnography under the general supervision of a licensed polysomnographic
37	technologist and general supervision of a licensed physician in accordance with the
38	rules adopted by the Committee. A license granted under this section shall contain an
39	endorsement indicating that the license is provisional and state the terms and conditions
40	of its use by the licensee, the date the license was granted, and the date it expires.
41	Provisional licenses shall be renewed upon payment of the required fee under
42	<u>G.S. 90-722(c).</u>
43	"§ 90-721. Temporary license.

43 "<u>§ 90-721. Temporary license.</u>

1	A temporary license shall allow a polysomnographic trainee or polysomnographic
2	student enrolled in an accredited education program where polysomnography services
3	performed by the student are an integral part of the student's course of study to practice
4	polysomnography under the direct supervision of a licensed polysomnographic
5	echnologist and the general supervision of a licensed physician in accordance with
6	rules adopted by the Committee. A license granted under this section shall contain an
7	endorsement indicating the license is temporary and state the terms and conditions of its
8	use by the licensee, the date the license was granted, and the date it expires. Temporary
9	icenses shall be renewed upon payment of the required fee under G.S. 90-722(c).
10	' <u>§ 90-722. Expenses; fees.</u>
11	(a) All fees shall be payable to the Medical Board and deposited in the name of
12	he Medical Board in financial institutions designated by the Medical Board as official
13	lepositories. These fees shall be used to carry out the purposes of this Article.
14	(b) All salaries, compensation, and expenses incurred or allowed to carry out the
15	purposes of this Article shall be paid by the Medical Board exclusively out of the fees
16	received by the Medical Board as authorized by this Article or funds received from
17	other sources. In no case shall any salary, expense, or other obligation authorized by this
18	Article be charged against the State Treasury.
19	(c) The Committee, upon the approval of the Medical Board, shall establish fees
20	not to exceed the following amounts:
21	(1) For an initial application, a fee not to exceed fifty dollars (\$50.00).
22	(2) For issuance of any license, a fee not to exceed one hundred fifty
23	<u>dollars (\$150.00).</u>
24	(3) For the renewal of any license, a fee not to exceed seventy-five dollars
25	<u>(\$75.00).</u>
26	(4) For the late renewal of any license, an additional late fee not to exceed
27	seventy-five dollars (\$75.00).
28	(5) For a provisional license, a fee not to exceed one hundred fifty dollars
29	<u>(\$150.00).</u>
30	(6) For a temporary license, a fee not to exceed fifty dollars (\$50.00).
31	(7) For a replacement license, a fee not to exceed seventy-five dollars
32	<u>(\$75.00).</u>
33	(8) For official verification of licensure status, a fee not to exceed twenty
34	<u>dollars (\$20.00).</u>
35	(9) For copies of rules adopted pursuant to this Article and licensure
36	standards, charges not exceeding the actual cost of printing and
37	mailing.
38	' <u>§ 90-723. Content of license.</u>
39	Each license issued by the Committee shall contain the name of the person to whom
40	he license is issued, the address of the person, the date and number of the license, the
41	ssuance and expiration date, and any other information the Committee deems
42	necessary. The address contained on the license shall be the address where all
43	correspondence and renewal forms from the Committee shall be sent. A person whose
44	address changes shall within 30 days from the date of the address change notify the

1	Committee of the change. The most recent address contained in the Committee's records
2	for each licensee shall be the address deemed sufficient for purposes of service of
3	process.
4	" <u>§ 90-724. Display of license.</u>
5	Every person issued a license pursuant to this Article shall either keep the license
6	prominently displayed in the office or place in which the person practices or have it
7	stored in a place where it can be immediately produced upon the request of a patient, the
8	Committee, or the Medical Board.
9	" <u>§ 90-725. Renewal of licenses.</u>
10	(a) <u>All licenses to practice polysomnography shall expire one year after the date</u>
11	they were issued. The Committee shall send a notice of expiration to each licensee at his
12	or her last known address at least 30 days before the expiration of his or her license. All
13	applications for renewal of unexpired licenses shall be filed with the Committee and
14	accompanied by proof satisfactory to the Committee that the applicant has completed
15	the continuing education requirements established by the Committee and the renewal
16	fee as required by G.S. 90-722(c).
17	(b) An application for renewal of a license that has been expired for less than two
18	years shall be accompanied by proof satisfactory to the Committee that the applicant has
19	satisfied the continuing education requirements established by the Committee and the
20	renewal and late fees required by G.S. 90-722(c). A license that has been expired for
21	more than two years shall not be renewed, but the applicant may reapply for licensure
22	by complying with the current requirements for licensure under this Article.
23	" <u>§ 90-726. Replacement of license due to loss or name change.</u>
24	(a) Any person whose license has been lost may make application to the
25	Committee for a replacement. The application shall be accompanied by an affidavit
26	setting out the facts concerning the loss of the original license.
27	(b) Any person whose name changes may surrender his or her license and apply
28	to the Committee for a replacement license.
29	(c) <u>A request for a replacement license under this section shall be accompanied</u>
30	by the required fee under G.S. 90-722(c).
31	" <u>§ 90-727. Retirement of license.</u>
32	Any person issued a license to practice under this Article who wishes to retire the
33	license shall file with the Committee an affidavit on a form to be furnished by the
34	Committee stating the date the person retired from practice and any other facts the
35	Committee, in its discretion, deems necessary to verify the retirement. If a person who
36	has retired his or her license thereafter wishes to reenter the polysomnography practice,
37	the person shall request reinstatement of licensure in accordance with rules adopted by
38	the Committee.
39	" <u>§ 90-728. Suspension, revocation, and refusal to renew.</u>
40	(a) The Committee may deny, refuse to renew, suspend, or revoke an application
41	or license, order probation, or issue a reprimand if the applicant or licensee:
42	(1) Gives false information or withholds material information from the
43	Committee in procuring or attempting to procure a license.

1 2	<u>(2)</u>	Gives false information or withholds material information from the Committee during the course of an investigation conducted by the
3		Committee.
4	<u>(3)</u>	Has been convicted of or pled guilty or no contest to a crime that
5	<u></u>	indicates the person is unfit or incompetent to practice
6		polysomnography as defined in this Article or that indicates the person
7		has deceived, defrauded, or endangered the public.
8	(4)	Has a habitual substance abuse or mental impairment that interferes
9		with his or her ability to provide appropriate care as established by this
10		Article or rules adopted by the Committee.
11	<u>(5)</u>	Has demonstrated gross negligence, incompetency, or misconduct in
12	<u> 107</u>	the practice of polysomnography as defined in this Article.
13	<u>(6)</u>	Has had an application for licensure or a license to practice
14		polysomnography in another jurisdiction denied, suspended, or
15		revoked for reasons that would be grounds for similar action in this
16		State.
17	(7)	Has demonstrated immoral, unethical, unprofessional, or dishonorable
18	<u>,,,,</u>	conduct.
19	(8)	Violates the code of ethics adopted by the Committee for
20	<u>(0)</u>	polysomnographic technologists.
21	<u>(9)</u>	<u>Uses or attempts to use a polysomnographic procedure or equipment</u>
22	<u>\</u>	for which the licensee has not received sufficient education or training
23		in the proper use of that procedure or equipment.
2 4	(10)	<u>Undertakes any duties that are outside the authorized scope of practice</u>
25	<u>(10)</u>	of a licensed polysomnographic technologist as set forth in this Article.
26	(11)	Promotes the sale of services, drugs, devices, appliances, or goods to a
27	<u>(++)</u>	patient to exploit the patient for financial gain.
28	(12)	Willfully fails to file, or willfully impedes the filing of, any report or
29	<u> </u>	record required by law to be filed.
30	(13)	Knowingly engages in the practice of polysomnography with an
31	<u>()</u>	unlicensed person, knowingly aids an unlicensed person in the practice
32		of polysomnography, or knowingly delegates a task involved in the
33		practice of polysomnography to an unlicensed person.
34	(14)	Knowingly fails to meet appropriate standards for the delivery of
35	<u>(1-)</u>	polysomnographic services.
36	(15)	Breaches patient confidentiality.
37	(16)	Pays or agrees to pay any sum or provides any form of remuneration or
38		material benefit to any person for bringing or referring a patient, or
39		accepting or agreeing to accept any form of remuneration or material
40		benefit from a person for bringing or referring a patient.
41	(17)	Has willfully violated any provision of this Article or rules adopted by
42	<u> </u>	the Committee.
43	(b) The t	aking of any action authorized under subsection (a) of this section may
44		he Committee after a hearing is held in accordance with Article 3A of

Chapter 150B of the General Statutes. The Committee may reinstate a revoked license if 1 2 the Committee finds that the reasons for revocation no longer exist and that the person 3 can reasonably be expected to perform the services authorized under this Article in a 4 safe manner. 5 "§ 90-729. Investigative and disciplinary process: panels. 6 (a) The Committee may use one or more screening panels in the investigative 7 and disciplinary process for violations of this Article to ensure that complaints filed and 8 investigations conducted are meritorious and to act as a mechanism for resolution of 9 complaints or diversion to professional peer review organizations, impaired 10 professionals' associations, or foundations of those cases the Committee, through 11 established guidelines, deems appropriate. The screening panel has the authority to administer oaths to witnesses. 12 (b) 13 Members of a screening panel may be drawn from the membership of the (c) 14 Committee or may be appointed by the Committee. Noncommittee members shall meet 15 the requirements of membership on the Committee and may include a consumer 16 member. A Committee member serving on a panel shall not participate in a contested 17 case involving any matter heard by the panel. 18 "§ 90-730. Violation a misdemeanor. 19 Any person who violates any provision of this Article shall be guilty of a Class 1 20 misdemeanor. 21 "§ 90-731. Enjoining illegal practices. 22 The Committee may apply to the superior court for an order enjoining violations of 23 this Article. Upon a showing by the Committee that any person has violated this Article 24 or is about to violate this Article, the court may grant injunctive relief or take other 25 appropriate action. 26 § 90-732. Civil penalties; disciplinary costs. Authority to Assess Civil Penalties. - The Committee may assess a civil 27 (a) 28 penalty not in excess of one thousand dollars (\$1,000) for the violation of any section of 29 this Article or the violation of any rules adopted by the Committee. The clear proceeds 30 of any civil penalty assessed under this section shall be remitted to the Civil Penalty and 31 Forfeiture Fund in accordance with G.S. 115C-457.2. 32 Consideration Factors. – Before imposing and assessing a civil penalty, the (b)33 Committee shall consider the following factors: 34 The nature, gravity, and persistence of the particular violation. (1)35 (2)The appropriateness of the imposition of a civil penalty when 36 considered alone or in combination with other punishment. 37 Whether the violation was willful and malicious. (3)38 Any other factors that would tend to mitigate or aggravate the (4) 39 violations found to exist. 40 Schedule of Civil Penalties. - The Committee shall establish a schedule of (c) 41 civil penalties for violations of this Article and rules adopted by the Committee. 42 Costs. - The Committee may assess the costs of disciplinary actions against a (d) person found to be in violation of this Article or rules adopted by the Committee. 43 44 "§ 90-733. Third-party reimbursement.

1	Nothing in this Article shall be construed to require direct third-party
2	reimbursements to persons licensed under this Article."
3	SECTION 2. Article 4 of Chapter 114 of the General Statutes is amended by
4	adding a new section to read:
5	" <u>§ 114-19.11B. Criminal record checks of applicants for licensure as</u>
6	<u>polysomnographic technologists.</u>
7	The Department of Justice may provide to the North Carolina Polysomnography
8	Professional Standards Committee from the State and National Repositories of Criminal
9	Histories the criminal history of any applicant for licensure as a polysomnographic
10	technologist under Article 42 of Chapter 90 of the General Statutes. Along with the
11	request, the Committee shall provide to the Department of Justice the fingerprints of the
12	applicant, a form signed by the applicant consenting to the criminal record check and
13	use of fingerprints and other identifying information required by the State and National
14	Repositories, and any additional information required by the Department of Justice. The
15	applicant's fingerprints shall be forwarded to the State Bureau of Investigation for a
16	search of the State's criminal history record file, and the State Bureau of Investigation
17	shall forward a set of fingerprints to the Federal Bureau of Investigation for a national
18	criminal history record check. The Committee shall keep all information obtained
19	pursuant to this section confidential. The Department of Justice may charge a fee to
20	offset the cost incurred by it to conduct a criminal record check under this section. The
21	fee shall not exceed the actual cost of locating, editing, researching, and retrieving the
22	information."
23	SECTION 3. Notwithstanding G.S. 90-714(a), as enacted by Section 1 of
24	this act, the initial licensed registered polysomnographic technologists appointed to the
25	North Carolina Polysomnography Standards Professional Committee do not have to
26	meet the licensure requirements established under G.S. 90-716, as enacted by Section 1
27	of this act. The appointees must be registered polysomnographic technologists and must

29 begins issuing licenses. SECTION 4. All licensed or unlicensed allied health providers engaged in 30 31 the practice of polysomnography in North Carolina as of January 1, 2007, must obtain their Registered Polysomnographic Technologist (RPSGT) credential within three years 32 from the effective date of this act to continue practicing polysomnography in this State. 33 Until the RPSGT credential is obtained, the allied health provider shall be classified as a 34 polysomnographic technician under Article 42 of Chapter 90 of the General Statutes, 35 36 enacted by Section 1 of this act.

apply for and obtain a license from the Committee within 90 days after the Committee

37

28

SECTION 5. This act is effective when it becomes law.
