25 non-job-related reason.

26 (3) The Department shall not assign "special use" vehicles, such as four-wheel

40 (a) General Provisions. – To adopt with the approval of the Governor and to enforce  
41 rules and to coordinate State policy regarding (i) the permanent assignment of state-owned  
42 passenger motor vehicles and (ii) the use of and reimbursement for those vehicles for the

44 "state-owned passenger motor vehicle" includes any state-owned passenger motor vehicle,  
45 whether or not owned, maintained or controlled by the Department of Administration, and  
46 regardless of the source of the funds used to purchase it. Notwithstanding the provisions of  
47 G.S. 20-190 or any other provisions of law, all state-owned passenger motor vehicles are  
48 subject to the provisions of this subdivision 7a; no section. No permanent assignment shall be  
49 made and no one shall be exempt from payment of reimbursement for commuting or from the  
50 other provisions of this subdivision 7a section except as provided by this subdivision 7a-  
51 section. Commuting, as defined and regulated by this subdivision,section, is limited to those

1 specific cases in which the Secretary of Administration has received and accepted written  
2 justification, verified by historical data. The Department of Administration shall not assign any  
3 state-owned motor vehicle that may be used for commuting other than those authorized by the  
4 procedure prescribed in this ~~subdivision~~-section. The Department of Administration shall adopt  
5 rules to govern the permanent assignment of State-owned passenger motor vehicles based on  
6 miles traveled, frequency of use, and vehicle purpose.

7 ~~A State-owned passenger motor vehicle shall not be permanently assigned to an individual~~  
8 ~~who is likely to drive it on official business at a rate of less than 3,150 miles per quarter unless~~  
9 ~~(i) the individual's duties are routinely related to public safety or (ii) the individual's duties are~~  
10 ~~likely to expose the individual routinely to life-threatening situations. A State-owned passenger~~  
11 ~~motor vehicle shall also not be permanently assigned to an agency that is likely to drive it on~~  
12 ~~official business at a rate of less than 3,150 miles per quarter unless the agency can justify to~~  
13 ~~the Division of Motor Fleet Management the need for permanent assignment because of the~~  
14 ~~unique use of the vehicle. Each agency, other than the Department of Transportation, that has a~~  
15 ~~vehicle assigned to it or has an employee to whom a vehicle is assigned shall submit a quarterly~~  
16 ~~report to the Division of Motor Fleet Management on the miles driven during the quarter by the~~  
17 ~~assigned vehicle. The Division of Motor Fleet Management shall review the report to verify~~  
18 ~~that each motor vehicle has been driven at the minimum allowable rate. If it has not and if the~~  
19 ~~department by whom the individual to which the car is assigned is employed or the agency to~~  
20 ~~which the car is assigned cannot justify the lower mileage for the quarter, the permanent~~  
21 ~~assignment shall be revoked immediately. The Department of Transportation shall submit an~~  
22 ~~annual report to the Division of Motor Fleet Management on the miles driven during the year~~  
23 ~~by vehicles assigned to the Department or to employees of the Department. If a vehicle~~  
24 ~~included in this report has not been driven at least 12,600 miles during the year, the Department~~  
25 ~~of Transportation shall review the reasons for the lower mileage and decide whether to~~  
26 ~~terminate the assignment. The Division of Motor Fleet Management may not revoke the~~  
27 ~~assignment of a vehicle to the Department of Transportation or an employee of that Department~~  
28 ~~for failure to meet the minimum mileage requirement unless the Department of Transportation~~  
29 ~~consents to the revocation.~~

30 (b) Commuting Policy. – Every individual who uses a State-owned passenger motor  
31 vehicle, pickup truck, or van to drive between the individual's official work station and his or  
32 her home, shall reimburse the State for these trips at a rate computed by the Department. This  
33 rate shall approximate the benefit derived from the use of the vehicle as prescribed by federal
