1 A BILL TO BE ENTITLED
2 AN ACT TO AMEND THE NORTH CAROLINA CONSTITUTION TO LEGALIZE THE
3 MEDICAL USE OF CANNABIS.

4 The General Assembly of North Carolina enacts:

5 **SECTION 1.** Article XIV of the North Carolina Constitution is amended by adding
6 a new section to read:

7 **"Sec. 7. Medical cannabis protection act.**

8 Modern medical research has discovered beneficial uses for cannabis in treating or
9 alleviating pain, nausea, and other symptoms associated with certain debilitating medical
10 conditions. Compassion dictates that State law should make a distinction between the medical
11 and nonmedical use of cannabis. Therefore, it shall be the policy of this State to protect patients
12 with debilitating medical conditions, and their physicians and caregivers, from prosecution,
13 criminal and other penalties, and property forfeiture by allowing, through a regulated system,
14 the medical use of cannabis to alleviate and treat debilitating medical conditions and their
15 symptoms and by further allowing, through a regulated system, the acquisition, possession,
16 cultivation, manufacture, delivery, transfer, or transportation of cannabis exclusively for
17 medical use. It is not the intent of this section to allow the use, acquisition, possession,
18 cultivation, manufacture, delivery, transfer, or transportation of cannabis for nonmedical
19 purposes.

20 The General Assembly shall enact legislation that may be necessary to implement and
21 enforce the provisions of this section."

22 **SECTION 2.** The amendment set out in Section 1 of this act shall be submitted to
23 the qualified voters of the State at a statewide general election to be held on November 4, 2014,
24 which election shall be conducted under the laws then governing elections in the State. Ballots,
25 voting systems, or both may be used in accordance with Chapter 163 of the General Statutes.
26 The question to be used in the voting systems and ballots shall be:

27 "[] FOR [] AGAINST

28 Constitutional amendment to allow, through a regulated system, the medical use of
29 cannabis to alleviate and treat debilitating medical conditions and their symptoms and to further
30 allow, through a regulated system, the acquisition, possession, cultivation, manufacture,
31 delivery, transfer, or transportation of cannabis exclusively for such medical use."

32 **SECTION 3.** If a majority of the votes cast on the question are in favor of the
33 amendment set out in Section 1 of this act, the State Board of Elections shall certify the
34 amendment to the Secretary of State, who shall enroll the amendment so certified among the
35 permanent records of that office. The amendment becomes effective December 1, 2014.

- 1 (7) Compassion dictates that State law should make a distinction between the
2 medical and nonmedical use of cannabis. Hence, the purpose of this Article
3 is to protect patients with debilitating medical conditions, and their
4 physicians and caregivers, from arrest and prosecution, criminal and other
5 penalties, and property forfeiture by allowing the beneficial use of medical
6 cannabis in a regulated system for alleviating symptoms caused by
7 debilitating medical conditions and their medical treatments.
- 8 (8) This Article is intended to make only those changes to existing North
9 Carolina laws that are necessary to protect patients and their doctors from
10 criminal and civil penalties and is not intended to change current civil and
11 criminal laws governing the use of cannabis for nonmedical purposes.
- 12 (9) Based on data gathered from other states where medical cannabis has been
13 regulated, this Article will result in approximately two hundred fifty million
14 dollars (\$250,000,000) per year in revenues for the State within four years of
15 implementation.
- 16 (10) The General Assembly enacts this Article pursuant to its police power to
17 enact legislation for the protection of the health of its citizens, as reserved to
18 the state in the Tenth Amendment of the United States Constitution.

31 health benefits of the medical use of cannabis would likely outweigh the
32 health risks for the patient.

33 **§ 90-730.3. Protections for the medical use of cannabis.**

34 (a) A qualified patient shall not be subject to arrest, prosecution, or penalty in any
35 manner, or denied any right or privilege, including, but not limited to, civil penalty or
36 disciplinary action by a business or occupational or professional licensing board or bureau, for the
37 possession or purchase of cannabis for medical use by the qualified patient if the quantity of
38 usable cannabis possessed or purchased does not exceed an adequate supply, as determined by
39 the qualified patient's physician.

40 (b) A designated caregiver shall not be subject to arrest, prosecution, or penalty in any
41 manner, or denied any right or privilege, including imposition of a civil penalty or disciplinary
42 action by a business or occupational or professional licensing board or bureau, for the
43 possession or purchase of cannabis for medical use by the qualified patient if the quantity of
44 cannabis possessed or purchased does not exceed an adequate supply for the qualified patient,
45 as determined by the qualified patient's physician.

46 (c) If usable cannabis is infused or added as an ingredient to food, salve, tincture, or any
47 other preparation to be consumed or used by a qualified patient, the weight of the other
48 ingredients that are not usable cannabis shall not be included for the purpose of determining
49 whether a qualified patient is in possession of an amount of cannabis that exceeds the qualified
50 patient's adequate supply.

- 1 (d) Subsection (a) of this section does not apply to a qualified patient under 18 years of
2 age, unless all of the following criteria are met:
- 3 (1) The qualified patient's physician has explained the potential risks and
4 benefits of the medical use of cannabis to the qualified patient and to a
5 parent, guardian, or person having legal custody of the qualified patient.
- 6 (2) A parent, guardian, or person having legal custody of the qualified patient
7 consents in writing to (i) allow the qualified patient's medical use of
8 cannabis, (ii) serve as the qualified patient's designated caregiver, and (iii)
9 control the dosage and frequency of the medical use of cannabis by the
10 qualified patient.
- 11 (e) A qualified patient or a designated caregiver shall be granted the full legal
12 protections provided in this section as long as the qualified patient or designated caregiver is in
13 possession of a registry identification card. If the qualified patient or designated caregiver is not
14 in possession of a registry identification card, the individual shall be given an opportunity to
15 produce the registry identification card before the initiation of any arrest, criminal charges, or
16 other penalties.
- 17 (f) A qualified patient or a designated caregiver is presumed to be engaged in the
18 medical use of cannabis if the qualified patient or designated caregiver is in possession of a
19 registry identification card and an amount of cannabis that does not exceed the qualified
20 patient's adequate supply. This presumption may be rebutted only by evidence that the qualified
21 patient or designated caregiver engaged in conduct related to cannabis for a purpose other than
22 alleviating the qualified patient's debilitating medical condition or symptoms associated with
23 the debilitating medical condition.
- 24 (g) A designated caregiver may receive reimbursement for costs associated with
25 assisting a qualified patient in the medical use of cannabis. Reimbursement for these costs does
26 not constitute the sale of a controlled substance under Article 5 of Chapter 90 of the General
27 Statutes.
- 28 (h) A school, employer, or landlord shall not refuse to enroll, employ, lease, or
29 otherwise penalize a qualified patient or a designated caregiver solely because of (i) the
30 individual's status as a qualified patient or a designated caregiver or (ii) the presence of
31 cannabis metabolites in the individual's bodily fluids.
- 32 (i) For the purposes of medical care, including organ transplants, a qualified patient's
33 authorized use of cannabis in accordance with this Article shall be treated in the same manner
34 as the authorized use of any other medication used at the direction of a physician and shall not
35 constitute the use of an illegal substance.
- 36 (j) A licensed producer of medical cannabis shall not be subject to arrest, prosecution,
37 or penalty in any manner, or denied any right or privilege, or subject to disciplinary action by a
38 business or occupational or professional licensing board or bureau for producing, possessing,
39 distributing, or dispensing cannabis in a manner consistent with this Article.
- 40 (k) A physician shall not be subject to arrest, prosecution, or penalty in any manner, or
41 denied any right or privilege, or subject to increased monitoring or disciplinary action by the
42 North Carolina Medical Board or any other business or occupational or professional licensing
43 board or bureau for either of the following:
- 44 (1) Advising a patient about the risks and benefits of the medical use of
45 cannabis or that the patient may benefit from the medical use of cannabis if,
46 in the physician's medical judgment, the potential benefits of the medical use
47 of cannabis would likely outweigh the health risks for that particular patient.
- 48 (2) Providing a patient with valid documentation, based upon the physician's
49 assessment of the patient's medical history and current medical condition,
50 that the potential benefits of the medical use of cannabis would likely
51 outweigh the health risks for that particular patient.

1 (l) A physician shall not be subject to arrest, prosecution, or penalty in any manner, or
2 denied any right or privilege, or subject to disciplinary action by a business or occupational or
3 professional licensing board or bureau for discussing with a patient the benefits or health risks
4 of the medical use of cannabis or the interaction of cannabis with other substances.

5 (m) State and local law enforcement officers shall not harm, neglect, injure, or destroy
6 an individual's interest in or right to property that is possessed, owned, or used in connection
7 with the medical use of cannabis, or acts incidental to the medical use of cannabis, while the
8 property is in the possession of State or local law enforcement officials as a result of a seizure
9 of the property in connection with the claimed medical use of cannabis. A person does not
10 forfeit any right or interest in property seized in connection with the medical use of cannabis
11 under any provision of State law providing for the forfeiture of property, unless the forfeiture is
12 part of a sentence imposed upon the person as a result of a conviction of a criminal violation of
13 this Article or entry of a plea of guilty to such violation. Cannabis, paraphernalia, or other
14 property seized from a qualified patient, designated caregiver, or licensed producer of medical
15 cannabis in connection with the claimed medical use or production for medical use of cannabis
16 shall be returned immediately upon the determination by a court, prosecutor, or law
17 enforcement officer that the qualified patient, designated caregiver, or licensed producer of
18 medical cannabis is entitled to the protections of this Article. In making this determination, the
19 court, a prosecutor, or a law enforcement officer shall consider as evidence the failure of law
20 enforcement officers to actively investigate the case, a decision not to prosecute, the dismissal
21 of charges, or acquittal.

22 (n) A person shall not be denied custody of, or visitation or parenting time with, a
23 minor for conduct allowed under this Article.

24 (o) There is no presumption of neglect or child endangerment for conduct allowed
25 under this Article.

26 (p) No person shall be subject to arrest or prosecution for constructive possession,
27 conspiracy, aiding and abetting, being an accessory, or any other offense, for simply being in
28 the presence or vicinity of the medical use of cannabis as permitted under this Article or for
29 assisting a qualified patient with using or administering cannabis.

30 (q) Possession of or application for a registry identification card shall not alone
31 constitute probable cause to search the person or the property of the person possessing or
32 applying for a registry identification card or otherwise subject the person or the person's
33 property to inspection by any government agency.

34 (r) If an individual being investigated by a law enforcement officer employed by a
35 State-funded or locally funded law enforcement agency credibly asserts during the course of
36 the investigation that the individual is a qualified patient or designated caregiver, neither the
37 law enforcement officer nor the law enforcement agency shall provide any information, except
38 as required by federal law or the United States Constitution, from any cannabis-related
39 investigation of the individual to any law enforcement authority that does not recognize the
40 protections of this Article. Any prosecution of the individual for a violation of this Article shall
41 be conducted pursuant to the laws of this State.

42 (s) Cannabis produced and possessed under this Article is exempt from the
43 Unauthorized Substances Tax set forth in Article 2D of Chapter 105 of the General Statutes,
44 and no tax under that Article may be levied against any qualified patient, designated caregiver,
45 licensed medical cannabis center, licensed producer of medical cannabis, or licensed producer
46 of cannabis-infused products operating in accordance with this Article.

47 (t) Nothing in this Article shall be construed to extend the protections of this Article to
48 any person, including a qualified patient, designated caregiver, or producer, to allow that
49 person to acquire, possess, manufacture, produce, use, sell, distribute, dispense, or transport
50 cannabis in a manner that is not consistent with this Article.

51 **"§ 90-730.4. Prohibitions, restrictions, and limitations on medical use of cannabis.**

1 (a) This Article does not permit any person to do any of the following:

2 (1) Operate, navigate, or be in actual physical control of any motor vehicle,
3 aircraft, or motorboat while impaired by cannabis. However, a qualified
4 patient shall not be considered impaired solely due to the presence of
5 cannabis metabolites in the individual's system.

6 (2) Undertake any task under the influence of cannabis, when doing so would
7 constitute negligence or professional malpractice.

8 (3) Smoke cannabis in a school bus or other form of public transportation, on
9 any school grounds, in any correctional facility, or in any public place in this
10 State.

11 (b) A person who commits an act prohibited by subsection (a) of this section is subject
12 to all penalties provided by law.

13 (c) Nothing in this Article shall be construed to require any of the following:

14 (1) A government-sponsored medical assistance program or private health
15 insurer to reimburse a person for costs associated with the medical use of
16 cannabis.

17 (2) An employer to accommodate the medical use of cannabis in any workplace.

18 (d) Fraudulent representation to a law enforcement official of any fact or circumstance
19 relating to the medical use of cannabis to avoid arrest or prosecution is a Class 2 misdemeanor
20 punishable by a fine of five hundred dollars (\$500.00) in addition to any other applicable
21 penalties for making a false statement about the medical use of cannabis.

22 (e) A licensed producer of medical cannabis that sells, distributes, dispenses, or
23 transfers cannabis to an individual other than a registry identification cardholder or to a person
24 other than a person licensed pursuant to G.S. 90-730.6, or obtains or transports cannabis outside
25 of North Carolina in violation of federal law, is subject to arrest, prosecution, and civil or
26 criminal penalties pursuant to State law.

27 (f) Nothing in this Article shall be construed as a waiver of sovereign immunity by the
28 State.

29 **"§ 90-730.5. Registry identification cards for qualified patients and designated caregivers.**

30 (a) As used in this section, "Department" means the North Carolina Department of
31 Health and Human Services.

32 (b) The Department shall issue a registry identification card to any qualified patient or
33 designated caregiver who meets the requirements of this section.

34 (c) The Department shall not issue or renew a registry identification card to a qualified
35 patient under 18 years of age unless each of the following criteria is met:

36 (1) The qualified patient's physician has explained the potential risks and
37 benefits of the medical use of cannabis to the qualified patient and to a
38 parent, guardian, or person having legal custody of the qualified patient.

39 (2) A parent, guardian, or person having legal custody of the qualified patient
40 consents in writing to (i) allow the qualified patient's medical use of
41 cannabis, (ii) serve as one of the qualified patient's designated caregivers,
42 and (iii) control the acquisition of the cannabis, the dosage, and the
43 frequency of the medical use of cannabis by the qualified patient.

44 (d) The Department shall verify the information contained in a registry identification
45 card application or renewal application submitted pursuant to this section and shall approve or
46 deny an application or renewal application within 45 days after receipt. The Department may
47 deny a registry identification card application or renewal application only if the applicant fails
48 to provide the information required pursuant to this section or if the Department determines that
49 the application or renewal application contains false information. If the Department fails to
50 approve or deny a registration application or renewal application submitted pursuant to this
51 section within 45 days after receipt, the application or renewal application shall be deemed

1 approved, and a copy of the application or renewal application together with proof of receipt by
2 the Department at least 45 days prior to the date this information is presented in lieu of a
3 registry identification card shall be deemed a valid registry identification card.

4 (e) The Department may issue a registry identification card to a maximum of two
5 designated caregivers named in a qualified patient's approved application.

6 (f) The Department shall issue a registry identification card to an applicant within five
7 days after approving an application or renewal. The application or renewal expires two years
8 after the date of issuance.

9 (g) Each registry identification card shall contain at least all of the following
10 information:

11 (1) The date of issuance.

12 (2) The date of expiration.

13 (3) A random registry identification number.

14 (4) A photograph of the registry identification cardholder.

15 (h) Persons issued registry identification cards shall be subject to the following:

16 (1) A qualified patient who has been issued a registry identification card shall
17 notify the Department of any change in the qualified patient's name, address,
18 or designated caregiver and submit a ten-dollar (\$10.00) fee to the
19 Department within 15 days after the change occurs. A qualified patient who
20 fails to notify the Department of any of these changes within the specified
21 time frame commits an infraction and is subject to a fine not to exceed more
22 than one hundred fifty dollars (\$150.00).

23 (2) A designated caregiver shall notify the Department of any change in name or
24 address and submit a ten-dollar (\$10.00) fee to the Department within 15
25 days after the change occurs. A designated caregiver who fails to notify the
26 Department of any of these changes within the specified time frame commits
27 an infraction and is subject to a fine not to exceed one hundred fifty dollars
28 (\$150.00).

29 (3) When a qualified patient or designated caregiver notifies the Department of
30 any change, as required by this subsection, the Department shall issue the
31 qualified patient and each designated caregiver a new registry identification
32 card within 10 days after receiving the updated information and the
33 ten-dollar (\$10.00) fee.

34 (4) When a qualified patient who possesses a registry identification card notifies
35 the Department of a change in designated caregiver, the Department shall
36 notify the designated caregiver of record of the change within 15 days after
37 receiving notification of the change. The protections afforded under this
38 Article to the designated caregiver of record shall expire 30 days after the
39 designated caregiver of record is notified by the Department of the change in
40 designated caregiver.

41 (5) If a qualified patient or a designated caregiver loses a registry identification
42 card, the cardholder shall notify the Department within 15 days after losing
43 the card. The notification shall include a ten-dollar (\$10.00) replacement fee
44 for a new card. Within five days after receiving notification of a lost registry
45 identification card, the Department shall issue the cardholder a new registry
46 identification card with a new random identification number.

47 (i) If the Department determines that a qualified patient or designated caregiver has
48 willfully violated any provision of this Article, the Department may suspend or revoke the
49 qualified patient's or designated caregiver's registry identification card.

1 (j) Applications and supporting information submitted by qualified patients, including
2 information regarding their designated caregivers and physicians, are confidential and protected
3 under the federal Health Insurance Portability and Accountability Act of 1996.

4 (k) The Department shall maintain a confidential list of the persons to whom the
5 Department has issued registry identification cards. Individual names and other identifying
6 information on the list shall be confidential, exempt from the provisions of Chapter 132 of the
7 General Statutes, and not subject to disclosure, except to authorized employees of the
8 Department as necessary to perform official duties of the Department.

9 (l) The Department shall verify to law enforcement personnel whether a registry
10 identification card is valid solely by confirming the validity of the random registry
11 identification number and the name of the person to whom the Department has assigned the
12 random registry identification number.

13 (m) Any person, including an employee or official of the Department or another State
14 agency or local government, who breaches the confidentiality of information obtained pursuant
15 to this section is guilty of a Class 1 misdemeanor; however, any fine imposed for a violation
16 under this subsection shall not exceed one thousand dollars (\$1,000).

17 (n) Nothing in this section shall be construed to prevent Department employees from
18 notifying law enforcement officers about falsified or fraudulent information submitted to the
19 Department by any individual in support of an application for a registry identification card.

20 (o) Article 4 of Chapter 150B of the General Statutes governs judicial review of an
21 administrative decision made under this section.

22 **"§ 90-730.6. Regulated medical cannabis supply system.**

23 (a) As used in this section, "Department" means the North Carolina Department of
24 Agriculture and Consumer Services.

25 (b) Not later than 120 days after the effective date of this act, the Department shall
26 establish a medical cannabis supply system that (i) provides a safe, regulated supply of quality
27 medical cannabis for use by qualified patients who hold valid registry identification cards and
28 (ii) generates sufficient revenue for the Department to maintain and operate the system. The
29 Department shall not use any appropriations from the General Fund to establish or operate the
30 system. The system shall be funded by the fees authorized in this section.

31 (c) Medical Cannabis Center License. –

32 (1) No person shall establish or operate a medical cannabis center without first
33 applying for a license to the Department and submitting the required
34 information on application forms provided by the Department. The
35 application form shall require at least all of the following:

- 36 a. The applicant's name and any name the applicant will use in the
37 operation of a medical cannabis center.
