1	(b) Acquisition. – An employer who, by operation of law, purchase, or otherwise
2	becomes successor to an employer liable for contributions becomes liable for contributions on
3	the day of the succession. This provision does not affect the successor's liability as otherwise
4	prescribed by law for unpaid contributions due from the predecessor.
5	(c) Exemption. – This Chapter does not apply to service performed by an individual as
6	an employee or employee representative as defined in section 1 of the Railroad Unemployment
7	Insurance Act.
8	" <u>§ 96-19.21. Voluntary election.</u>
9	(a) Employer. – An employer not otherwise liable for contributions under this Chapter
10	may file with the Division its written election to become an employer subject to this Chapter.
11	Upon the written approval of the Division, the employer becomes subject to this Chapter to the
12	same extent as all other employers as of the date stated in the approval. The election must be
13	valid for a period of not less than two years.
14	(b) Employment. – An employer for services that do not constitute employment under
15	this Chapter may file with the Division its written election that all services performed by
16	individuals in its employ, in one or more distinct establishments or places of business,
17	constitute employment for all the purposes of this Chapter. Upon the written approval of the
18	Division, the services become subject to this Chapter to the same extent as all other services as
19	of the date stated in the approval. The election must be valid for a period of not less than two
20	years.
21	(c) Employees. – An employer who employs the services of an individual who resides
22	within this State but performs the services entirely without the State may file with the Division
23	its written election to have the individual's service constitute employment for all purposes of
24	this Chapter if contributions are not required and are not paid with respect to the services under
25	an employment security law of any other state or of the federal government. Upon the written
26	approval of the Division, the services become subject to this Chapter to the same extent as all
27	other services as of the date stated in the approval. The election must be valid for a period of
28	not less than two years.
29	(d) <u>Termination of Election. – The Division may, on its own motion, terminate</u>
30	coverage of an employer who has become subject to this Chapter solely by electing coverage
31	under this section. The Division must give the employer 30 days written notice of its decision.
32	The notice must be mailed to the employer's last known address. An employer who elects
33	coverage under this section may, subsequent to the two-year minimum election period, file a
34 25	written notice to the Division to have coverage under this Chapter cease. The notice must be
35	given prior to the first day of March following the first day of January of the calendar year for which the employing unit wishes to cease coverage under this section.

40	employment in this state during a period of two consecutive calendar years ceases to be an employer liable for contributions under this Chapter.
41	(b) No Employment of Individuals. – An employer who has not had individuals in
42	employment and who has made an application for exemption from filing contribution and wage
43	reports and has been so exempted may be terminated from liability upon written application
44	made within 120 days after notification by the Division of the reactivation of the employer's
45	account. The Division may terminate coverage if it finds that the employer was not liable for
46	contributions during the preceding calendar year. Termination of coverage under this
47	subsection may be effective January 1 of any calendar year. In the event these cases are
48	reactivated, a protest of liability is considered an application for termination where the decision
49	with respect to the protest is not final.
50	(c) Application for Termination. – An employer may file a written application for
51	termination of coverage with the Division. An application for termination must be filed prior to

1 the first day of March following the first day of January of the calendar year for which the 2 employer wishes to cease coverage. The Division may terminate coverage if it finds that the 3 employer was not liable for contributions during the preceding calendar year. Termination of 4 coverage under this subsection is effective as of the first day of January in any calendar year. 5 Termination by Discovery of Liability. - An employer whose liability covers a (d) 6 period of more than two years when first discovered by the Division may file a written 7 application for termination within 90 days after notification by the Division of the employer's 8 liability. The Division may terminate coverage of the employer effective January 1 and for any 9 subsequent year if the Division finds that the employer was not liable for contributions during 10 the preceding calendar year. In these discovered cases, a protest of liability is considered as an 11 application for termination where the decision with respect to the protest is not final. This subsection does not apply to a case of willful attempt to defeat or evade the payment of 12 13 contributions due. 14 "Part 3. Contributions 15 "§ 96-19.30. Payment of Contributions. 16 Imposition. – A contribution is imposed on the taxable wages of each individual (a) 17 employed by an employer during the calendar year at the rate set in G.S. 96-19.31. Contributions must be credited to the UI Fund. Contributions made by employers must be 18 19 credited to the employer's account as provided in Part 4 of this Article. 20 (b) Report and Payment. – Contributions are payable to the Division when a report is 21 due. An employer of domestic service employees may be given permission by the Secretary to file reports once a year on or before the last day of the month following the close of the 22 23 calendar year in which the wages are paid. All other reports are due on or before the last day of 24 the month following the close of the calendar quarter in which the wages are paid. The Division 25 must remit the contributions to the Fund. An employer may not deduct the contributions due in 26 whole or in part from the remuneration of the individuals employed. If the amount of the 27 contributions shown to be due after all credits is less than five dollars (\$5.00), no payment need 28 be made. Method of Payment. - An employer may elect to pay contributions by electronic 29 (c) 30 funds transfer. When an electronic funds transfer cannot be completed due to insufficient funds 31 or the nonexistence of an account of the transferor, the Division may assess a penalty equal to 32 ten percent (10%) of the amount of the transfer, subject to a minimum of one dollar (\$1.00) and 33 a maximum of one thousand dollars (\$1,000). The Division may waive this penalty for good 34 cause shown. 35 The Division may establish policies to allow taxes to be payable under certain conditions by 36 credit card. A condition of payment by credit card is receipt by the Division of the full amount 37 of taxes, penalties, and interest due. The Division shall require an employer who pays by credit 38 card to include an amount equal to any fee charged the Division for the use of the card. A 39 payment of taxes that is made by credit card and is not honored by the card issuer does not 40 relieve the employer of the obligation to pay the taxes. Form of Report. - An employer of domestic service employee that is granted 41 (d) 42 permission to file an annual report may be given permission to file reports by telephone. An 43 employer who reports by telephone must contact either the Field Tax Auditor who is assigned to the employer's account or the Employment Insurance Section in Raleigh and report the 44 45 required information to that Auditor or to the Division by the date the report is due. An employer with 100 or more employees, and every person or organization that reports 46 47 wages on a total of 100 or more employees as an agent on behalf of one or more subject 48 employers, must file that portion of the "Employer's Quarterly Tax and Wage Report" that 49 contains the name, social security number, and gross wages of each individual in employment 50 on magnetic tapes or diskettes in a format prescribed by the Division. For failure of an 51 employer to comply with this subsection, the Division must add to the amount required to be

1 shown as tax in the reports a penalty of twenty-five dollars (\$25.00). For failure of an agent to 2 comply with this subdivision, the Division may deny the agent the right to report wages and file 3 reports for the employer for whom the agent filed an improper report for a period of one year 4 following the calendar quarter in which that agent filed the improper report. The Division may 5 reduce or waive a penalty for good cause shown. Overpayments. - If an employer has paid contributions, penalties, and interest in 6 (e) 7 excess of the amount due, this amount is considered an overpayment and may be refunded to 8 the employer provided no other debts are owed to the Division by the employer. Overpayments 9 of less than five dollars (\$5.00) will be refunded only upon receipt by the Secretary of a written 10 demand for such refund from the employer. 11 Voluntary Contributions. – An employer may make a voluntary contribution to the (f) 12 fund to be credited to its account. A voluntary contribution will for all intents and purposes be 13 deemed a required contribution. The Division is not bound by any condition stipulated in or 14 made a part of the voluntary contribution by the employer. 15 Assessment. - If the Division has reason to believe that the collection of any (g) 16 contribution under this Chapter will be jeopardized by delay, the Division may, whether or not 17 the time otherwise prescribed by law for making returns and paying the tax has expired, 18 immediately assess the contributions, together with all interest and penalties. Such 19 contributions, penalties, and interest become immediately due and payable. 20 "§ 96-19.31. Rate of contribution to the UI Fund. 21 Contribution Rate Calculation. - The Division must determine the contribution rate (a) 22 for each employer based on the employer's reserve ratio on the computation date, August 1. 23 The Division must notify each employer of the employer's contribution rate for the succeeding 24 calendar year by January 1 of the succeeding calendar year. The contribution rate becomes final 25 unless the employer files an application for review and redetermination prior to May 1 26 following the effective date of the contribution rate. The Division may redetermine the 27 contribution rate on its own motion within the same time period. 28 (b) Standard Beginning Rate. - The standard beginning rate of contributions for an 29 employer is one percent (1%) of taxable wages paid by the employer during a calendar year for 30 employment occurring during that year. No employer's contribution rate may be reduced below 31 the standard rate for any calendar year until its account has been chargeable with benefits for at 32 least 12 calendar months ending July 31 immediately preceding the computation date. An 33 employer's account has been chargeable with benefits for at least 12 calendar months if the 34 employer has reported wages paid in four completed calendar quarters. No employer's 35 contribution rate may be reduced below the standard rate for any calendar year unless its 36 liability extends over a period of all or part of two consecutive calendar years and, as of August 37 1 of the second year, its credit reserve ratio meets the requirements used in computing rates for 38 the following calendar year. 39 Other Rates. – The contribution rate for employers not covered under subsection (b) (c)40 of this section is a percentage of taxable wages paid by the employer during a calendar year for 41 employment occurring during that year. The percentage for employers whose reserve ratio is 42 equal to zero is the rate set forth in the table below, divided by 100. The percentage for 43 employers whose reserve ratio is not equal to zero is the applicable rate in the table below 44 minus the employer's effective reserve ratio, divided by 100. The employer's effective reserve 45 ratio is equal to the employer's reserve ratio multiplied by sixty-eight hundredths. The Division 46 must round the rate to the nearest one-hundredth percent. The minimum contribution rate may 47 not be less than six-tenths of one percent (0.06%) and the maximum contribution rate may not 48 exceed five and seventy-sixths hundredths percent (5.76%). 49 **Trust Fund Balance Contribution Rate** 50 Less than or equal to 1% of total insured wages 2.9

1 proposal, or composition, under the Federal Bankruptcy Act of 1898, as amended, contributions 2 then or thereafter due shall be entitled to such priority as is provided in section 64(a) of that act 3 (U.S.C., Title 11, section 104(a)), as amended. 4 A receiver of any covered employer placed into an operating receivership pursuant to an 5 order of any court of this State shall pay to the Division any contributions, penalties or interest 6 then due out of moneys or assets on hand or coming into his possession before any such 7 moneys or assets may be used in any manner to continue the operation of the business of the 8 employer while it is in receivership. 9 Collections of Contributions upon Transfer or Cessation of Business. - The (d) 10 contribution or tax imposed by G.S. 96-9, and subsections thereunder, of this Chapter shall be a 11 lien upon the assets of the business of any employer subject to the provisions hereof who shall lease, transfer, or sell out his business, or shall cease to do business and such employer shall be 12 13 required, by the next reporting date as prescribed by the Division, to file with the Division all 14 reports and pay all contributions due with respect to wages payable for employment up to the 15 date of such lease, transfer, sale, or cessation of the business and such employer's successor in 16 business shall be required to withhold sufficient of the purchase money to cover the amount of 17 said contributions due and unpaid until such time as the former owner or employer shall produce a receipt from the Division showing that the contributions have been paid, or a 18 19 certificate that no contributions are due. If the purchaser of a business or a successor of such 20 employer shall fail to withhold purchase money or any money due to such employer in 21 consideration of a lease or other transfer and the contributions shall be due and unpaid after the 22 next reporting date, as above set forth, such successor shall be personally liable to the extent of 23 the assets of the business so acquired for the payment of the contributions accrued and unpaid 24 on account of the operation of the business by the former owner or employer. 25 Refunds. - If not later than five years from the last day of the calendar year with (e) 26 respect to which a payment of any contributions or interest thereon was made, or one year from 27 the date on which such payment was made, whichever shall be the later, an employer or employing unit who has paid such contributions or interest thereon shall make application for 28 29 an adjustment thereof in connection with subsequent contribution payments, or for a refund, 30 and the Division shall determine that such contributions or any portion thereof was erroneously 31 collected, the Division shall allow such employer or employing unit to make an adjustment 32 thereof, without interest, in connection with subsequent contribution payments by him, or if 33 such an adjustment cannot be made in the next succeeding calendar quarter after such 34 application for such refund is received, a cash refund may be made, without interest, from the 35 fund: Provided, that any interest refunded under this subsection, which has been paid into the 36 Special Employment Security Administration Fund established pursuant to G.S. 96-5(c), shall 37 be paid out of such fund. For like cause and within the same period, adjustment or refund may 38 be so made on the Division's own initiative. Provided further, that nothing in this section or in 39 any other section of this Chapter shall be construed as permitting the refund of moneys due and 40 payable under the law and regulations in effect at the time such moneys were paid. In any case, where the Division finds that any employing unit has erroneously paid to this State 41 42 contributions or interest upon wages earned by individuals in employment in another state, 43 refund or adjustment thereof shall be made, without interest, irrespective of any other 44 provisions of this subsection, upon satisfactory proof to the Division that such other state has 45 determined the employing unit liable under its law for such contributions or interest. 46 (f) No injunction shall be granted by any court or judge to restrain the collection of any tax or contribution or any part thereof levied under the provisions of this Chapter nor to restrain 47 48 the sale of any property under writ of execution, judgment, decree, or order of court for the 49 nonpayment thereof. Whenever any employer, person, firm, or corporation against whom taxes 50 or contributions provided for in this Chapter have been assessed, shall claim to have a valid 51 defense to the enforcement of the tax or contribution so assessed or charged, such employer,

1 person, firm, or corporation shall pay the tax or contribution so assessed to the Division; but if 2 at the time of such payment he shall notify the Division in writing that the same is paid under 3 protest, such payment shall be without prejudice to any defenses or rights he may have in the 4 premises, and he may, at any time, within 30 days after such payment, demand the same in 5 writing from the Division; and if the same shall not be refunded within 90 days thereafter, he 6 may sue the Division for the amount so demanded; such suit against the Division must be 7 brought in the Superior Court of Wake County, or in the county in which the taxpayer resides, 8 or in the county where the taxpayer conducts his principal place of business; and if, upon the 9 trial it shall be determined that such tax or contribution or any part thereof was for any reason 10 invalid, excessive, or contrary to the provisions of this Chapter, the amount paid shall be 11 refunded by the Division accordingly. The remedy provided by this subsection shall be deemed to be cumulative and in addition to such other remedies as are provided by other subsections of 12 13 this Chapter. No suit, action, or proceeding for refund or to recover contributions or payroll 14 taxes paid under protest according to the provisions of this subsection shall be maintained 15 unless such suit, action, or proceeding is commenced within one year after the expiration of the 16 90 days mentioned in this subsection, or within one year from the date of the refusal of the 17 Division to make refund should such refusal be made before the expiration of said 90 days 18 above mentioned. The one-year limitation here imposed shall not be retroactive in its effect, 19 shall not apply to pending litigation, nor shall the same be construed as repealing, abridging or 20 extending any other limitation or condition imposed by this Chapter. 21 Upon the motion of the Division, any employer refusing to submit any report (g) required under this Chapter, after 10 days' written notice sent by the Division by registered or 22 23 certified mail to the employer's last known address, may be enjoined by any court of competent 24 jurisdiction from hiring and continuing in employment any employees until such report is 25 properly submitted. When an execution has been returned to the Division unsatisfied, and the 26 employer, after 10 days' written notice sent by the Division by registered mail to the employer's 27 last known address, refuses to pay the contributions covered by the execution, such employer 28 shall upon the motion of the Division be enjoined by any court of competent jurisdiction from 29 hiring and continuing in employment any employees until such contributions have been paid. 30 An employer who fails to file a report within the required time shall be assessed a late filing 31 penalty of five percent (5%) of the amount of contributions due with the report for each month 32 or fraction of a month the failure continues. The penalty may not exceed twenty-five percent 33 (25%) of the amount of contributions due. An employer who fails to file a report within the 34 required time but owes no contributions shall not be assessed a penalty unless the employer's 35 failure to file continues for more than 30 days. 36 (h) When any uncertified check is tendered in payment of any contributions to the Division and such check shall have been returned unpaid on account of insufficient funds of the 37 38 drawer of said check in the bank upon which same is drawn, a penalty shall be payable to the 39 Division, equal to ten percent (10%) of the amount of said check, and in no case shall such 40 penalty be less than one dollar (\$1.00) nor more than two hundred dollars (\$200.00). 41 Except as otherwise provided in this subsection, no suit or proceedings for the (i) 42 collection of unpaid contributions may be begun under this Chapter after five years from the 43 date on which the contributions become due, and no suit or proceeding for the purpose of 44 establishing liability and/or status may be begun with respect to any period occurring more than 45 five years prior to the first day of January of the year within which the suit or proceeding is instituted. This subsection shall not apply in any case of willful attempt in any manner to defeat 46 47 or evade the payment of any contributions becoming due under this Chapter. A proceeding 48 shall be deemed to have been instituted or begun upon the date of issuance of an order by the 49 Assistant Secretary of the Division directing a hearing to be held to determine liability or 50 nonliability, and/or status under this Chapter of an employing unit, or upon the date notice and 51 demand for payment is mailed by certified mail to the last known address of the employing

General Assembly of North Carolina Session 2013 1 unit. The order shall be deemed to have been issued on the date the order is mailed by certified 2 mail to the last known address of the employing unit. The running of the period of limitations 3 provided in this subsection for the making of assessments or collection shall, in a case under 4 Title II of the United States Code, be suspended for the period during which the Division is 5 prohibited by reason of the case from making the assessment or collection and for a period of 6 one year after the prohibition is removed. 7 Waiver of Interest and Penalties. – The Division may, for good cause shown, reduce (i) 8 or waive any interest assessed on unpaid contributions under this section. The Division may 9 reduce or waive any penalty provided in G.S. 96-10(a) or G.S. 96-10(g). The late filing penalty 10 under G.S. 96-10(g) shall be waived when the mailed report bears a postmark that discloses 11 that it was mailed by midnight of the due date but was addressed or delivered to the wrong State or federal agency. The late payment penalty and the late filing penalty imposed by 12 13 G.S. 96-10(a) and G.S. 96-10(g) shall be waived where the delay was caused by any of the 14 following: 15 The death or serious illness of the employer or a member of the employer's (1)16 immediate family or by the death or serious illness of the person in the 17 employer's organization responsible for the preparation and filing of the 18 report; 19 Destruction of the employer's place of business or business records by fire or (2) 20 other casualty; 21 (3) Failure of the Division to furnish proper forms upon timely application by 22 the employer, by reason of which failure the employer was unable to execute 23 and file the report on or before the due date: 24 (4) The inability of the employer or the person in the employer's organization 25 responsible for the preparation and filing of reports to obtain an interview 26 with a representative of the Division upon a personal visit to the central 27 office or any local office for the purpose of securing information or aid in 28 the proper preparation of the report, which personal interview was attempted 29 to be had within the time during which the report could have been executed 30 and filed as required by law had the information at the time been obtained; 31 The entrance of one or more of the owners, officers, partners, or the majority (5) 32 stockholder into the Armed Forces of the United States, or any of its allies, 33 or the United Nations, provided that the entrance was unexpected and is not 34 the annual two weeks training for reserves; and Other circumstances where, in the opinion of the Secretary, Assistant 35 (6)36 Secretary, or their designees, the imposition of penalties would be 37 inequitable. 38 In the waiver of any penalty, the burden shall be upon the employer to establish to the 39 satisfaction of the Secretary, Assistant Secretary, or their designees that the delinquency for 40 which the penalty was imposed was due to any of the foregoing facts or circumstances. 41 The waiver or reduction of interest or a penalty under this subsection shall be valid and 42 binding upon the Division. The reason for any reduction or waiver shall be made a part of the 43 permanent records of the employing unit to which it applies. 44 § 96-19.36. Compromise of liability. 45 Authority. – The Secretary may compromise an employer's tax liability under this (a) 46 Article when the Secretary determines that the compromise is in the best interest of the State 47 and makes one or more of the following findings: 48 There is a reasonable doubt as to the amount of the liability of the taxpayer (1)49 under the law and the facts. 50 The taxpayer is insolvent and the Secretary probably could not otherwise (2)51 collect an amount equal to, or in excess of, the amount offered in

	circumstances:	-
	<u>a.</u> It is plain and indisputable that the taxpayer is clear	y insolvent and

	b. The taxpayer has been determined to be insolver	nt in a judicial

	improbable, and the funds or a substantial portion of the fund	ds offered in the
	settlement come from sources from which the Secretary could	d not otherwise

	c) <u>Acquisition of Existing Business.</u> – When an employer acqui	ires all of the

	etermination of the successor's rate of contributions. This mandatory tr

,	When an employer acquires a distinct and severable portion of the organized	zation, trade, or
	less of another employing unit, the part of the account of the predecessor the	
acqu	red portion of the business may, upon the mutual consent of the parties	concerned and
appi	oval of the Division, be transferred as of the date of acquisition to the succ	cessor employer
for	se in the determination of the successor's rate of contributions, provided	application for
tran	fer is made within 60 days after the Division notifies the successor of the	right to request
such	transfer, otherwise the effective date of the transfer is the first day of the	calendar quarter
<u>in v</u>	hich the application is filed, and that after the transfer the successor	employing unit
cont	nues to operate the transferred portion of such organization, trade, or busine	ess.
	Whenever part of an organization, trade, or business is transferred between	
	bstantially common ownership, management, or control, the account must	
	dance with rules adopted by the Division. However, employing units tran	-
	any common ownership, management, or control are not entitled to separ	
	over status under this Chapter. Provided however, that the transfer of an	
	ose of computation of rates is considered to have been made prior to the construction of the construction	
falli	g within the calendar year within which the effective date of the transfer	occurs, and the

1 account must be used in the computation of the rate of the successor employer for succeeding 2 years. No request for a transfer of the account may be accepted and no transfer of the account 3 may be made if the request for the transfer of the account is not received within two years of 4 the date of acquisition or notification by the Division of the right to request a transfer, 5 whichever occurs later. However, in no event is a request for a transfer allowed if an account 6 has been terminated because an employer ceases to be an employer pursuant to 7 G.S. 96-19.40(b) and G.S. 96-19.22, regardless of the date of notification. 8 Contributions Credited to Wrong Account. - Whenever contributions are (d) 9 erroneously paid into one account that should have been paid into another account or that 10 should have been paid into a new account, the erroneous payment may be adjusted only by 11 refunding the erroneously paid amounts to the paying entity. No pro rata adjustment to an existing account may be made, nor can a new account be created by transferring any portion of 12 13 the erroneously paid amount, notwithstanding that the entities involved may be owned, 14 operated, or controlled by the same person or organization. No adjustment of a contribution rate 15 may be made that reduces the rate below the standard rate for any period in which the account 16 was not in actual existence and in which it was not actually chargeable for benefits. Whenever 17 payments are found to have been made to the wrong account, refunds can be made to the entity 18 making the wrongful payment for a period not exceeding five years from the last day of the 19 calendar year in which it is determined that wrongful payments were made. Notwithstanding 20 payment into the wrong account, if an entity is determined to have met the requirements to be a 21 covered employer, whether or not the entity has paid on the account of its employees any sum 22 into another account, the Division must collect contributions at the standard rate or the assigned 23 rate, whichever is higher, for the five years preceding the determination of erroneous payments, 24 which five years runs from the last day of the calendar year in which the determination of 25 liability for contributions or additional contributions is made. This requirement applies 26 regardless of whether the employer acted in good faith. 27 Interest Credited. – On the computation date, the ratio of the credit balance in each (e) 28 individual account to the total of all the credit balances in all employer accounts must be 29 computed, and an amount equal to the interest credited to this State's account in the 30 unemployment trust fund in the Treasury of the United States for the four most recently 31 completed calendar quarters must be credited prior to the next computation date on a pro rata 32 basis to all employers' accounts having a credit balance on the computation date. The amount 33 must be prorated to the individual accounts in the same ratio that the credit balance in each 34 individual account bears to the total of the credit balances in all such accounts. In computing 35 the amount to be credited to the account of an employer as a result of interest earned by funds 36 on deposit in the unemployment trust fund in the Treasury of the United States to the account 37 of this State, any voluntary contributions made by an employer after July 31 of any year shall 38 not be considered a part of the account balance of the employer until the next computation date 39 occurring after the voluntary contribution was made. 40 "§ 96-19.41. Charging of benefit payments to employer account. Allocation of Charged. - Benefits paid to a claimant must be allocated to the 41 (a) 42 account of each base period employer in the proportion that the base period wages paid to an 43 eligible individual in any calendar quarter by each such employer bears to the total wages paid 44 by all base period employers during the base period. The amount allocated is multiplied by one 45 hundred twenty percent (120%) and charged to that employer's account. Benefits paid are 46 charged to employers' accounts upon the basis of benefits paid to claimants whose benefit years 47 have expired. 48 Charging of Benefits After Separation. - Any benefits paid to a claimant under a (b) 49 claim filed for a period occurring after the date of separation for one of the reasons listed in this 50 subsection may not be charged to the account of an employer by whom the claimant was 51 employed at the time of separation if the employer promptly notifies the Division, in

General Assembly of North Carolina 1 compute a debit reserve ratio. An employer's debit ratio is the quotient obtained by dividing the 2 debit balance of the employer's account as of July 31 of each year by the total taxable payroll of 3 the employer for the 36 calendar-month period ending June 30 preceding the computation date. 4 The employer's debit balance is the total amount of all benefits charged to the employer's 5 account for all past periods less the total amount of all contributions paid and credited in those 6 periods, together with all other lawful credits of the employer. 7 Insufficient Employer Report. - If, within the calendar month in which the (d) 8 computation date occurs, the Division finds that any employing unit failed to file a report or 9 filed a report that the Division finds incorrect or insufficient, the Division must make an 10 estimate of the information required from the employing unit on the basis of the best evidence 11 reasonably available to it at the time. The Division must notify the employing unit of the 12 estimates it will use to compute the employer's reserve ratio by registered mail addressed to its 13 last known address. The Division must compute the employing unit's reserve ratio and 14 contribution rate based upon those estimates unless the employing unit files a report or a 15 corrected or sufficient report, as the case may be, within 15 days after the mailing of the notice. 16 The rate so determined may be adjusted on the basis of subsequently ascertained information. 17 Active Duty. – If the Division finds that an employer's business is closed solely (e) because of the entrance of one or more of the owners, officers, partners, or the majority 18 19 stockholder into the Armed Forces of the United States, or of any of its allies, or of the United 20 Nations, the employer's experience rating account may not be terminated; and, if the business is 21 resumed within two years after the discharge or release from active duty in the Armed Forces 22 of the United States of such person or persons, the employer's account is deemed to have been 23 chargeable with benefits throughout more than 13 consecutive calendar months ending July 31 24 immediately preceding the computation date. This subsection applies only to employers who 25 are liable for contributions under the experience rating system of financing unemployment 26 benefits. This subsection does not apply to employers who are liable for payments in lieu of 27 contributions or to employers using the reimbursable method of financing benefit payments 28 under G.S. 96-19.32 or G.S. 96-19.33. 29 "§ 96-19.43. Transfer of account. 30 (a) Mandatory. – When an employer acquires all of the organization, trade, or business 31 of another employing unit, the account of the predecessor shall be transferred as of the date of 32 the acquisition to the successor employer for use in the determination of the successor's rate of 33 contributions. This mandatory transfer does not apply when there is no common ownership 34 between the predecessor and the successor and the successor acquired the assets of the 35 predecessor in a sale in bankruptcy. In this circumstance, the successor's rate of contributions is 36 determined without regard to the predecessor's rate of contributions. 37 (b) Consent. - When an employer acquires a distinct and severable portion of the 38 organization, trade, or business of another employing unit, the part of the account of the 39 predecessor that relates to the acquired portion of the business shall, upon the mutual consent of 40 the parties concerned and approval of the Division in conformity with the regulations as 41 prescribed therefor, be transferred as of the date of acquisition to the successor employer for 42 use in the determination of the successor's rate of contributions, provided application for 43 transfer is made within 60 days after the Division notifies the successor of the right to request

44 such transfer, otherwise the effective date of the transfer shall be the first day of the calendar 45 quarter in which such application is filed, and that after the transfer the successor employing 46 unit continues to operate the transferred portion of such organization, trade, or business. 47 Whenever part of an organization, trade, or business is transferred between entities subject to 48 substantially common ownership, management, or control, the tax account shall be transferred in accordance with regulations. However, employing units transferring entities with any 49 50 common ownership, management, or control are not entitled to separate and distinct employer 51 status under this Chapter. Provided, however, that the transfer of an account for the purpose of

1 computation of rates shall be deemed to have been made prior to the computation date falling 2 within the calendar year within which the effective date of such transfer occurs and the account 3 shall thereafter be used in the computation of the rate of the successor employer for succeeding 4 years, subject, however, to the provisions of subsection (d) of this section. No request for a 5 transfer of the account will be accepted and no transfer of the account will be made if the 6 request for the transfer of the account is not received within two years of the date of acquisition 7 or notification by the Division of the right to request such transfer, whichever occurs later. 8 However, in no event will a request for a transfer be allowed if an account has been terminated 9 because an employer ceases to be an employer pursuant to G.S. 96-9(c)(5) and G.S. 96-11(d) 10 regardless of the date of notification. 11 Employer Number. – A new employing unit shall not be assigned a discrete (c) 12 employer number when there is an acquisition or change in the form or organization of an 13 existing business enterprise, or severable portion thereof, and there is a continuity of control of 14 the business enterprise. That new employing unit shall continue to be the same employer for the 15 purposes of this Chapter as before the acquisition or change in form. The following 16 assumptions apply in this subsection: 17 "Control of the business enterprise" may occur by means of ownership of the (1)18 organization conducting the business enterprise, ownership of assets 19 necessary to conduct the business enterprise, security arrangements or lease 20 arrangements covering assets necessary to conduct the business enterprise, 21 or a contract when the ownership, stated arrangements, or contract provide 22 for or allow direction of the internal affairs or conduct of the business 23 enterprise. 24 (2)A "continuity of control" will exist if one or more persons, entities, or other 25 organizations controlling the business enterprise remain in control of the 26 business enterprise after an acquisition or change in form. Evidence of 27 continuity of control shall include, but not be limited to, changes of an 28 individual proprietorship to a corporation, partnership, limited liability company, association, or estate; a partnership to an individual proprietorship, 29 30 corporation, limited liability company, association, estate, or the addition, 31 deletion, or change of partners; a limited liability company to an individual 32 proprietorship, partnership, corporation, association, estate, or to another 33 limited liability company; a corporation to an individual proprietorship 34 partnership, limited liability company, association, estate, or to another 35 corporation or from any form to another form. 36 Rate of Contribution. – Notwithstanding any other provisions of this section, if the (d) 37 successor employer was an employer subject to this Chapter prior to the date of acquisition of 38 the business, the successor's rate of contribution for the period from that date to the end of the 39 then current contribution year shall be the same as the successor's rate in effect on the date of 40 the acquisition. If the successor was not an employer prior to the date of the acquisition of the 41 business, the successor shall be assigned a standard beginning rate of contribution set forth in 42 G.S. 96-9(b)(1) for the remainder of the year in which the successor acquired the business of 43 the predecessor; however, if the successor makes application for the transfer of the account 44 within 60 days after notification by the Division of the right to do so and the account is 45 transferred, or meets the requirements for mandatory transfer, the successor shall be assigned for the remainder of the year the rate applicable to the predecessor employer or employers on 46 47 the date of acquisition of the business, as long as there was only one predecessor or, if more 48 than one, the predecessors had identical rates. In the event the rates of the predecessor were not 49 identical, the rate of the successor shall be the highest rate applicable to any of the predecessor 50 employers on the date of acquisition of the business.

General Assembly of North Carolina Session 2013 1 Irrespective of any other provisions of this Chapter, when an account is transferred in its 2 entirety by an employer to a successor, the transferring employer shall thereafter pay the 3 standard beginning rate of contributions set forth in G.S. 96-9(b)(1) and shall continue to pay at 4 that rate until the transferring employer qualifies for a reduction, reacquires the account 5 transferred or acquires the experience rating account of another employer, or is subject to an 6 increase in rate under the conditions prescribed in G.S. 96-9(b)(2) and (3). 7 Deceased or Insolvent Employer. – In those cases where the organization, trade, or (e) 8 business of a deceased person, or insolvent debtor is taken over and operated by an 9 administrator, executor, receiver, or trustee in bankruptcy, such employing units shall 10 automatically succeed to the account and rate of contribution of such deceased person, or 11 insolvent debtor without the necessity of the filing of a formal application for the transfer of 12 such account. 13 "§ 96-19.44. Program integrity. 14 Nonrelief of Charges. - The Division must charge benefits to an employer's account (a) 15 when it determines that an overpayment has been made to a claimant and it determines that 16 both of the conditions in this subsection apply. If the claim is a combined-wage claim, the 17 determination of noncharging for the combined-wage claim must be made by the paying state. 18 If the response from the employer does not meet the criteria established by the paying state for 19 an adequate or timely response, the paying state must promptly notify the transferring state of 20 its determination and the employer must be appropriately charged. The Division may waive the 21 prohibition for good cause. 22 (1) The overpayment occurred because the employer failed to respond timely or 23 adequately to a written or electronic request of the Division for information 24 relating to an unemployment compensation claim. A response is considered 25 untimely if it fails to be made within the time allowed under 26 G.S. 96-19.80(c). A response is considered inadequate if it fails to provide 27 sufficient facts to enable the Division to make a correct determination of 28 benefits. A response may not be considered inadequate if the Division fails 29 to request the necessary information. 30 (2)The employer exhibits a pattern of failure to respond timely or adequately by 31 failing to respond to written requests from the Division for information 32 relating to an unemployment compensation claim on two or more occasions. 33 If an employer uses a third-party agent to respond on its behalf to the 34 Division, then the actions of the agent must be considered when determining 35 a pattern of failure to respond timely or adequately. A pattern is established 36 based on the agent's behavior overall and not only with respect to its 37 behavior related to the employer. 38 Applicability. - This section applies to erroneous payments established on or after (b) 39 October 1, 2013. 40 "Part 5. Benefit Eligibility. 41 "§ 96-19.50. Register for work and file a valid claim. 42 Initial Determination. - An individual who is unemployed may file a claim for (a) 43 benefits. If the Division determines that the individual has registered for work and filed a valid claim, the individual may qualify for benefits as provided in this Part. A valid claim is one that 44 45 meets the employment and wage standards set out below for the individual's base period: Employment. – The individual has been paid wages in at least two quarters 46 (1) 47 of the individual's base period. 48 Wages. - The individual has been paid wages totaling at least six times the (2)average weekly insured wage during the individual's base period. If an 49 50 individual lacks sufficient base period wages, then the wage standard for that 51 individual may be determined using the alternative base period.

	General Assembly of North Carolina Session 2013
1	(b) Waiting Week. – An individual must serve a waiting period of one week with
2	respect to each benefit claim filed.
3	(c) Qualifying Wages for Second Benefit Year. – An individual whose prior benefit
4	year has expired and who files a new benefit claim is not entitled to benefits unless the
5	individual has been paid qualifying wages since the beginning date of the prior benefit year and
6	before the date the new benefit claim was filed equal to at least six times the average weekly
7	insured wage and has been paid wages in at least two quarters of the individual's base period.
8	"§ 96-19.51. Disqualification for benefits.
9	(a) Disqualification Period. – The Division must determine whether an individual who
10	has registered for work and filed a valid claim for benefits as required under G.S. 96-19.50 is
11	qualified to receive benefits. A claimant's qualification for benefits is determined based on the
12	reason for separation from employment from the individual's last permanent employer. The
13	individual's last permanent employer is the employer for whom the claimant worked for more
14	than 30 consecutive calendar days, regardless of whether the work was performed on all of
15	those days. A claimant disqualified for benefits under this section may not receive any benefits
16	for the entire one-year benefit period connected with that claim.
17	(b) Left Work Without Good Cause Attributable to the Employer. – A claimant is
18	disqualified for benefits if it is determined by the Division that the claimant is unemployed
19	because the claimant left work without good cause attributable to the employer. Where a
20	claimant leaves work, the burden of showing good cause attributable to the employer rests on
21	the claimant and the burden may not be shifted to the employer. Where an employee is notified
22	by the employer that the employee will be separated from employment on some future date and
23	the employee leaves work prior to this date because of the impending separation, the employee
24	has left work voluntarily and the leaving is not considered good cause attributable to the
25	employer.
26	The following circumstances are prima facie evidence of good cause attributable to the
27	employer that may be rebutted by the employer:
28	(1) Reduction in hours. – Where an individual leaves work due solely to a
29	unilateral and permanent reduction in work hours of more than fifty percent
30	(50%) of the customary scheduled full-time work hours in the establishment,
31	plant, or industry in which the individual was employed.
32	(2) Reduction in pay. – Where an individual leaves work due solely to a
33	unilateral and permanent reduction in the individual's rate of pay of more
34	than fifteen percent (15%).
35	(c) Misconduct. – An individual is disqualified for benefits if it is determined by the
36	Division that the individual is, at the time such claim is filed, unemployed because the
37	individual was discharged for misconduct connected with the work. Misconduct connected with
38	the work is conduct evincing a willful or wanton disregard of the employer's interest as is found
39	in deliberate violation or disregard of standards of behavior that the employer has the right to
40	expect of an employee or has explained orally or in writing to an employee or conduct evincing
41	carelessness or negligence of such degree or recurrence as to manifest an intentional and
42	substantial disregard of the employer's interests or of the employee's duties and obligations to
43	the employer.
44	The following examples are prima facie evidence of misconduct that may be rebutted by the
45	<u>claimant:</u>
46	(1) <u>Violating the employer's written alcohol or illegal drug policy.</u>
47	(2) <u>Reporting to work significantly impaired by alcohol or illegal drugs.</u>
48	(3) <u>Consuming alcohol or illegal drugs on employer's premises.</u>

40	(b) Partial Weekly Benefit Amount. – The weekly benefit amount for an individual	who

(1) 10 (2)Overpayments of benefits, to the extent provided under G.S. 96-19.80. 11 Voluntary Income Tax Withholding. – Unemployment compensation is subject to (e) federal and State individual income tax. A claimant may elect to have federal and State income 12 13 tax withheld from the claimant's weekly benefit amount as provided in this subsection. The 14 Division must follow the procedures specified by the United States Department of Labor, the 15 Internal Revenue Service, and the Department of Revenue pertaining to the deducting and 16 withholding of individual income tax. The amounts deducted and withheld from unemployment 17 compensation remain in the Unemployment Insurance Fund until transferred to the appropriate 18 taxing authority as a payment of income tax. When an individual files a new claim for 19 unemployment compensation, the individual must be advised in writing at the time of filing 20 that: 21 (1)Unemployment compensation is subject to federal and State individual 22 income tax. 23 Requirements exist pertaining to estimated tax payments. (2)24 (3) The individual may elect to have federal individual income tax deducted and 25 withheld from the individual's payment of unemployment compensation at 26 the amount specified in section 3402 of the Internal Revenue Code. 27 The individual may elect to have State individual income tax deducted and <u>(4)</u> 28 withheld from the individual's payment of unemployment compensation in 29 an amount determined by the individual. 30 The individual may change a previously elected withholding status. If two or more deductions are made from an 34 individual's unemployment compensation payment, then the deductions must be deducted and 35 withheld in accordance with priorities established by the Division. 36 "§ 96-19.61. Duration of benefits. 37 Total Benefit Amount. - The total amount of benefits paid to an individual may not (a) 38 exceed the individual's total benefit amount. The total benefit amount for an individual is 39 determined as follows: 40 Divide the individual's base-period wages by the average of the wages paid (1)41 to the individual in the last two completed quarters of the base period. 42 Multiplying that quotient by eight and two-thirds. (2)43 (3) Round the product to the nearest whole number. 44 Multiply the resulting amount by the individual's weekly benefit amount as (4) 45 determined under G.S. 96-19.60. Duration. - The number of weeks an individual may receive benefits varies 46 (b) 47 depending on the seasonal adjusted statewide unemployment rate in use at the time the regular 48 unemployment claim is filed. The total benefits paid to an individual may not be less than the 49 individual's average weekly benefit amount multiplied by the minimum number of weeks 50 allowed under the table in subsection (c) of this section.
